General Notes

- Total vote counts exclude invalid votes.
- All Thiessen polygons across countries use consistent country borders from geoBoundaries. In some rare cases, like Taiwan, where the geoBoundaries lack precise definition, dated OpenStreetMap boundaries are used instead.
- A single dash with a space on either side, " - ", in the party column indicates a coalition between two or more parties; an em-dash is used when either a dash or an em-dash is formally in the party's name.

92 Norway

92.1 Notes

- Spatial units in Norway before 2021 are a combination of formal municipality boundaries, where the municipality and the voting district are synonymous, and within-municipality Thiessen polygons based on geocodings of unit names.
- Smallest physical unit: Municipality (<= 2013), Electoral District (>= 2017)
