Let me tell y'all these fun loving werebears' adventures continue to keep me enthralled and excitedly waiting for the next book!By FranOverall Rating: 4.5 Rockin The third book in T.S. Joyce's Saw Bears series is Timberman Werebear and you know this chick did the one click and added it the day it was released! Let me tell y'all these fun loving werebears' adventures continue to keep me enthralled and excitedly waiting for the next book.Denison "Denny" Beck and his twin brother Brighton share a sordid past. He is the easy going sexy twin while his brother never speaks and remains in the shadows. They both share a love of music and are loyal to their pack. Denny's heart was broken by the love of his life when she left without saying good bye. He never got over her and his bear pined after her for years.Danielle Clayton left and never looked back when her relationship with Denny turned bad. She didn't wait to hear his side of the story because she never could understand why someone as handsome and perfect as Denny would want to have something to do with a bookworm like her. What could she offer him?When Dani decides to return to Saratoga because of a job, she isn't ready to face the music or Denny for that fact. She once again leaves him hanging without waiting. When circumstances change and she needs his help as a guide for her work, she is forced to let bygones be bygones. But, she doesn't realize what the future will reveal and the secrets that Denny had kept from her!T.S. Joyce is a remarkable and truly entertaining writer. Her alpha werebear shifters are perfect for a relaxing enjoyable evening! The combination of funny-strong male personalities and nurturing-steel-backed females is a delight and welcomed addition to my library. I look forward to the next book. Can't wait to see what she has in store for Brighton.Hero 4.5 starsHeroine 4.5 starsSteam: 4.5 starsPlot: 4.5 starsCliffhanger: No2 of 2 people found the following review helpful. Denny and BadgerBy KarliThe third book of the series is a reunion story that also brings in danger from Denison's past. Joyce does an excellent job of world building and character development, keeping me fully engaged til the last page and eagerly awaiting the next book. For pure
