Aftercare

The client should use Keratin Obsessed after every shampoo and before any restyle to ensure the longevity and effectiveness of the treatment, along with regular use of Keratin Complex shampoos, conditioners, and styling products. The client should not get their hair wet, use traditional shampoo, use pins or clips, or wear any type of ponytail for a minimum of 72 hours after treatment completion. If the hair gets wet during this time, instruct the client to blow-dry and lightly go over hair with a smoothing iron on low heat.
