STARTING WITH NATURAL LEVEL 5
(APPLIED USING A VIRGIN APPLICATION PROCESS)

Steps:

1. Section head into 4 sections.
2. Start at nape. Using ¼ - ½" partings, apply Formula A to base area and blend out 1-2" to the midshafts.
3. Continue throughout entire head.
4. Next, section head back into 4 sections.
5. Start at the nape. Using 1" partings weave the subsection. Apply Formula B through the weaved subsection and isolate with foil.
6. Continue the weave technique through the entire section. Repeat technique through the remaining sections.
7. Process for 35 minutes.
8. Rinse well, shampoo, and condition.
9. Style as desired.
