## Updating Your Samson Conspiracy™ Firmware

1. After downloading the firmware update, locate the update file SamsonPad 1.0.*.*.led, where *.* is the version number. Move this file to your desktop.

2. Open the Conspiracy™ editor and select **Update**. The Samson Conspiracy™ Updater will open as shown to the left.

3. Select **Open File**. Find the **SamsonPad 1.0.*.*.led** file that was copied to your desktop. Select and click **Open**. Now click **Connect.**

After clicking **Connect** you'll notice the **Update** button becomes available. Follow the instructions disconnecting and reconnecting the Conspiracy™ then press **Update***. Do not unplug the unit during the file transfer. Transfer Complete will show when finished.

Note: When updating on Mac, you may not see the progress bar moving. The color pin wheel will spin for a few minutes until "Transfer Complete" is shown.
