For the past six years, San José State has been ranked among the top ten masters-level public universities in the West by U.S. News & World Report's survey of "America's Best Colleges." In the 2006 survey, the College of Engineering is ranked 14th among the nation's Best Undergraduate Engineering Programs (in addition, electrical engineering ranks 11th; civil engineering, 16th; mechanical engineering, 16th).

San Jose State is the number one supplier of education, engineering, computer science and business graduates to Silicon Valley, the world's high tech capital. Founded in 1857, SJSU is the oldest public institution of higher education on the West Coast. From its beginnings as a normal school to train teachers, the campus has matured into a comprehensive university offering 134 bachelors' and masters' degrees.

San José State is one of the largest public-sector employers in Silicon Valley, with about 2,500 full-time employees and an annual budget of \$472 million (2005-06).

## Don W. Kassing President

As president of San José State University, Don W. Kassing heads the oldest and one of the largest universities in the 23-campus California State University system. Appointed in 2004, Kassing has moved the university forward in several key areas. Under his lead-

ership, the campus is engaged in university-wide strategic planning, with the goal of making San José State University a university of choice by 2010.

Since February 2006, he has accepted the three largest private donations to the university in its 150-year history:

- A \$10 million gift from alumni Donald and Sally Lucas for the graduate school of business,
- A \$15 million gift from alumnus Charles W. Davidson for the College of Engineering, and
- A \$10 million gift from alumna Connie Lurie for the College of Education.

As president and in his former role as vice president for administration and finance, Kassing led the development, construction and successful opening of two major campus facilities: the award-winning Dr. Martin Luther King, Jr. Library, based on a first-of-its-kind and highly successful partnership with the city of San José; and Campus Village, a state-of-the-art residence complex for students, faculty and staff, the largest such project in the California State University system, and the focus of a renewed sense of community on the campus.

Before his appointment to the presidency, Kassing had served for more than a decade as vice president for administration and finance and as chief financial officer. As CFO, he had responsibility for all business and financial affairs of the university. His previous 18 years in higher education included service as vice president for university relations and administrative services at Murray State University, in

## Tom Bowen Director of Athletics

Tom Bowen was named San Jose State University's director of intercollegiate athletics on December 20, 2004. Under his leadership and with his vision for the department, San Jose State has established itself as a viable Division I-A intercollegiate athletics program with proven athletic, academic

and financial successes to his credit.

At the core of Bowen's mission for San Jose State University athletics is building a "Culture of Champions" academically, athletically and in the community. To that end, the Notre Dame alum has overhauled the department's infrastructure; invested resources both in external and internal operations; initiated an enhanced website presence; and expanded marketing, promotions and advertising opportunities locally, regionally and nationally with the creation of Spartan Sports Properties.

With his fund raising acumen, Bowen has led the Spartan Foundation - the department's fund-raising component - to unprecedented development heights, capped by a department record \$1.5 million during the 2006-07 fund drive.

As an integral member of the University's presidential staff, he has created new short and long-term revenue streams for intercollegiate athletics and many other campus extra-curricular activities. His initiatives and leadership have created new energy department-wide and throughout the university. The university has benefitted from Athletics' increasing visibility, receiving record donations during the 2006-07 time frame.

In 2006-07, football capped its finest season in nearly two decades, posting a 9-4 overall record and capturing the New Mexico Bowl championship. Women's cross country and women's water polo, ranked sixth nationally in the final coaches' poll, turned in their best record in years. There were All-American performances in football and women's water polo. Men's basketball, football, women's swimming, women's volleyball and women's water polo players competed in national team or individual national competitions. For the second year in a row, a San Jose State player won the Western Athletic Conference women's golf individual title.

He has appointed new head coaches in football, men's basketball, women's basketball, men's golf, women's golf, women's swimming and diving, softball and women's volleyball. In 2005-06, San Jose State won the Western Athletic Conference women's golf championship, recorded its highest finish ever at a NCAA regional championship in women's gymnastics, produced seven teams out of 16 with its best conference finish in years, and had WAC "Coaches of the Year" in women's golf and softball.

Bowen's vision for student-athlete success and excellence led to the creation of a Student Success Services component. Academic Progress Rate (APR) scores as measured by the NCAA have risen dramatically under his

watch - a 42-point increase since his installation as director.

Bowen came to San Jose State after serving three years as the Director of Community Affairs for the San Francisco 49ers of the National Football League. He directed all of the team's fund-raising activities and was responsible for alumni and current player participation in the community. Also serving as the executive director of the 49ers Foundation, San Francisco was the first NFL franchise to implement an annual giving program.

His Division I experience at the collegiate level includes athletics administration positions at the University of California and Saint Mary's College in Moraga, Calif. As an assistant and associate director of athletics at the University of California from July 2000 through September 2002, he was responsible for athletic fund-raising. Bowen was credited with developing the first comprehensive planned giving program for the Golden Bears.

At Saint Mary's College, he was the Director of Foundations and Corporate Relations from May 1995 to January 1997 before being appointed to an associate director of athletics position by the president of the college. His grant proposal acumen helped raise \$6.1-million in academic funding for the institution. From January 1997 through April 2000, he managed the athletics department's budget, directed a corporate sponsorship program and interacted with the academic senate, faculty and university personnel on student-athlete issues.

His first professional leadership appointment in athletics was at De La Salle High School in Concord, Calif. From 1987 through 1995, he held the positions of assistant football coach and athletics director.

He is a Level 2 certified member of the College Athletic Business Management Association (CABMA), the National Association of Collegiate Directors of Athletics (NACDA) and the National Society of Fund Raising Executives.

The 1983 graduate of the University of Notre Dame played high school football at Moreau High in Hayward, Calif. He majored in theology/sociology and spent six years studying for the priesthood with the Holy Cross Fathers. Bowen went on to earn a master's degree in administration/education from the University of San Francisco in 1990.

An active member of the Bay Area community, he serves on the board of the San Jose Sports Authority. He is an adjunct professor at the University of San Francisco School of Sports Management and at San Jose State University's Department of Kinesiology where he teaches sports management classes. As a senior faculty member of the Capital Campaign Institute based in Minneapolis, Minn., from 1996 through 2002, he is a frequent guest lecturer at several Bay Area university campuses. Bowen continues to speak before major corporations headquartered locally on the topics of leadership, management and motivation.

The Denver, Colo., native and his wife, Mia, are the parents of three children: sons, Andrew and Peter, and daughter, McKenna.

## The Koret Athletic Training Center

The Koret Athletic Training Center, opened in November 2001, is a state-of-the-art facility that encompasses over 10,000 square-feet of training space and is located adjacent to Spartan Stadium, the athletic locker rooms and the football practice field.

The Koret Athletic Training Center also contains a 1,000 square-foot rehabilitation and training room that services physical therapy and sports specific rehabilitation. The facility enables the sports medicine staff of athletic trainers, doctors, and physical therapists to provide the best possible care to help prevent and rehabilitate injuries.

## Our Philosophy

- We teach a hands-on approach where the student-athlete is expected to develop a comprehensive understanding of not only the “how”s”, but the “why”s” of our program.
- We teach correct movement patterns to optimize efficiency and performance.
- Our program design is centered on ground-based, free weight, multi-joint movements that will transfer to the playing field and keep our student-athletes out of our sports medicine facility.
- Our primary concern is the development of speed in all our sports.
- We develop speed and flexibility through strength.
- Our speed program consists of functional and straight-line speed training. Functional means acceleration, deceleration and change-of-direction work.
- We train through an entire range-of-motion in all lifts to enhance active flexibility, develop strength to prevent injury, and unlock joints with mobility issues.
- Olympic-based movements are utilized for speed of movement, active flexibility and dynamic stability.
- Squats and deadlifts have a permanent home in our program for developing hip strength and back stability. Single-leg variations are used to fix strength imbalance and lateral deficits.

The Jeff Garcia Hall of Champions is located in the Koret Athletic Training Center. This interactive display features great athletes, great teams, great events and moments in San Jose State Athletics history. Former Spartan athletes that became famous after graduation, great donors, great coaches and administrators are on display. A larger-than-life sized Spartan mascot is located outside the Hall of Champions. Also displayed in the Jeff Garcia Hall of Champions is the San Jose State Sports Hall of Fame, which includes over 300 former players and coaches.

"I am excited to be able to give something of this magnitude back to San Jose State University," Garcia said. "They have been such an integral part in my life. I am just

happy to be at a point in life that I can do something like this....My family and I are proud to create this legacy that will always serve as a reminder of how much San Jose State means to me."

Garcia was a quarterback on the 1991, 1992 and 1993 San Jose State teams. As a sophomore, he was third nationally in passing efficiency. He led San Jose State to its first win in school history over a Big Ten Conference team, the University of Minnesota, and went on to receive honorable mention All-America recognition in 1992. The school record holder for total offense with 7,274 yards was named the "Outstanding Offensive Player" at the 1994 East-West Shrine All-Star Game in Palo Alto, Calif.

Neil Parry's inspirational story can be seen in the Jeff Garcia Hall of Champions.
