

RURAL MUNICIPALITY OF GRANT #372

Auditor's Report

Financial Statements

December 31, 2020

MANAGEMENT'S RESPONSIBILITY

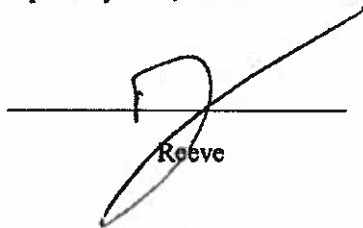

To the Ratepayers of
Rural Municipality of Grant #372 :

Management is responsible for the preparation and presentation of the accompanying financial statements, including responsibility for significant accounting judgments and estimates in accordance with Canadian public sector accounting standards. The preparation of the statements necessarily includes selecting appropriate accounting principles and methods, and making decisions affecting the measurement of transactions in which objective judgments and estimates by management is required.

In discharging its responsibilities for the integrity and fair presentation of the financial statements, management designs and maintains the necessary accounting, budget and other related internal controls to provide reasonable assurance that transactions are appropriately authorized and accurately recorded, that assets are properly accounted for and safeguarded, and that financial records are properly maintained to provide reliable information for the preparation of the financial statements.

The Council is composed of elected officials who are not employees of the Municipality. The Council is responsible for overseeing management in the performance of its financial reporting responsibilities. The Council fulfils these responsibilities by reviewing the financial information prepared by the administration and discussing relevant matters with external auditors. The Council is also responsible for recommending the appointment of the Municipality's external auditors.

Jensen Stromberg Chartered Professional Accountants, an independent firm of Chartered Professional Accountants, is appointed by the Council to audit the financial statements and report directly to them; their report follows. The external auditors have full and free access to, and meet periodically and separately with, both the Council and administration to discuss their audit findings.

INDEPENDENT AUDITOR'S REPORT

To the Reeve and Council of Rural Municipality of Grant #372

Report on the Financial Statements

Opinion

We have audited the financial statements of Rural Municipality of Grant #372, which comprise the statement of financial position as at December 31, 2020 and the statements of financial activities, changes in net financial assets, and changes in financial position for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements, present fairly, in all material respects, the financial position of the Rural Municipality as at December 31, 2020 and its financial performance and cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Rural Municipality in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Rural Municipality's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and the use of the going concern basis of accounting unless management either intends to liquidate the Rural Municipality or cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Rural Municipality's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

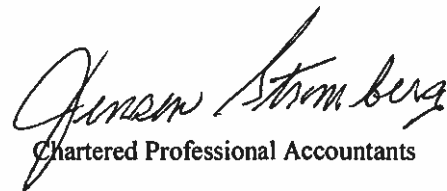

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Rural Municipality's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Rural Municipality's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements, or if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Rural Municipality to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

RURAL MUNICIPALITY OF GRANT #372

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2020

1. SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the municipality are prepared by management in accordance with the local government accounting standards established by the Public Sector Accounting Board. Significant aspects of the accounting policies are as follows:

(a) Basis of Accounting

The financial statements are prepared using the accrual basis of accounting. The accrual basis of accounting recognizes revenues as they become available and measurable; expenses are recognized as they are incurred and measurable as a result of the receipt of goods and services and the creation of a legal obligation to pay.

(b) Reporting Entity

The financial statements consolidate the assets, liabilities and flow of resources of the Municipality. The entity is comprised of all organizations owned or controlled by the Municipality and are, therefore, accountable to the Council for the administration of their financial affairs and resources.

(c) Collection of funds for other authorities

Collection of funds by the municipality for the school board, municipal hail and conservation and development authorities are collected and remitted in accordance with the relevant legislation. The amounts collected are disclosed in Note 3.

(d) Government Transfers

Government transfers are the transfer of assets from senior levels of government that are not the result of an exchange transaction, are not expected to be repaid in the future, or the result of a direct financial return. Government transfers are recognized as either expenditures or revenues in the period that the events giving rise to the transfer occurred, as long as:

- a) the transfer is authorized;
- b) eligibility criteria have been met by the recipient; and
- c) a reasonable estimate of the amount can be made

Unearned government transfer amounts received but not earned will be recorded as deferred revenue.

Earned government transfer amounts not received will be recorded as an amount receivable.

(e) Deferred Revenue - Fees and Charges

Certain user charges and fees are collected for which the related services have yet to be performed. Revenue is recognized in the period when the related expenses are incurred or services performed.

(f) Local Improvement Charges

Local improvement projects financed by frontage taxes recognize any prepayment charges as revenue in the period assessed.

RURAL MUNICIPALITY OF GRANT #372

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2020

1. SIGNIFICANT ACCOUNTING POLICIES (continued)

(g) Net-Financial Assets

Net-financial assets at the end of an accounting period are the net amount of financial assets less liabilities outstanding. Financial assets represent items such as cash and those other assets on hand which could provide resources to discharge existing liabilities or finance future operations. These include realizable assets which are convertible to cash and not intended for consumption in the normal course of operations.

(h) Non-Financial Assets

Tangible capital and other non-financial assets are accounted for as assets by the government because they can be used to provide government services in future periods. These assets do not normally provide resources to discharge the liabilities of the government unless they are sold.

(i) Appropriated Reserves

Reserves are established at the discretion of Council to designate surplus for future operating and capital transactions. Amounts designated are described on Schedule 8.

(j) Property Tax Revenue

Property tax revenue is based on assessments determined in accordance with Saskatchewan Legislation and the formulas, principles, and rules in the Saskatchewan Assessment Manual. Tax mill rates are established annually by Council following the guidance of the Government of Saskatchewan. Tax revenues are recognized when the tax has been authorized by bylaw and the taxable event has occurred. Requisitions operate as a flow through and are excluded from municipal revenue.

(k) Investments

Portfolio investments are valued at the lower of cost, less any provisions for other than temporary impairment.

Investments with terms longer than one year have been classified as other long-term investments concurrent with the nature of the investment. The long-term investments in the Saskatchewan Association of Rural Municipalities - Self Insurance Fund are accounted for on the equity basis.

(l) Inventories

Inventories of materials and supplies expected to be used by the municipality are valued at the lower of cost or replacement cost. Inventories of land, materials and supplies held for resale are valued at the lower of cost or net realizable value. Cost is determined by the average cost method. Net realizable value is the estimated selling price of the inventory in the ordinary course of business.

RURAL MUNICIPALITY OF GRANT #372

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2020

1. SIGNIFICANT ACCOUNTING POLICIES (continued)

(m) **Tangible Capital Assets**

All tangible capital asset acquisitions or betterments made throughout the year are recorded at their acquisition cost. Initial costs for tangible capital assets that were acquired and developed prior to 2009 were obtained via historical cost information or using current fair market values discounted by a relevant inflation factor back to the point of acquisition. Donated tangible capital assets received are recorded at their fair market value at the date of the contribution. The tangible capital assets that are recognized at a nominal value are disclosed on Schedule 6. The costs of these tangible capital assets less any residual value are amortized over the asset's useful life using the straight-line method of amortization. The Municipality's tangible capital asset useful lives are estimated as follows:

<u>Asset</u>	<u>Useful Life</u>
<i>General Assets</i>	
Land	Indefinite
Buildings	40 years
Vehicles and equipment	
Vehicles	10 years
Machinery & Equipment	10 years
<i>Infrastructure Assets</i>	
Water and sewer	40 years
Road network assets	40 years

Government contributions: Government contributions for the acquisition of capital assets are reported as capital revenue and do not reduce the cost of the related asset.

Works of art and other unrecognized assets: Assets that have a historical or cultural significance, which include works of art, monuments and other cultural artifacts are not recognized as tangible capital assets because a reasonable estimate of future benefits associated with this property cannot be made.

Capitalization of interest: The Municipality does not capitalize interest incurred while a tangible capital asset is under construction.

Leases: All leases are recorded on the financial statements as either a capital or operating lease. Any lease that transfers the majority of benefits and risk associated with the leased asset is classified as a capital lease. At the inception of a capital lease, an asset and a payment obligation are recorded at an amount equal to the lesser of the present value of the minimum lease payments and the asset's fair market value. Assets under capital leases are amortized on a straight line basis, over their estimated useful lives (lease term). Any other lease not meeting the before-mentioned criteria is classified as an operating lease and rental payments are expensed as incurred.

(n) **Landfill liability**

The Rural Municipality of Grant #372 does not maintain a waste disposal site. No amount has been recorded as an asset or liability.

RURAL MUNICIPALITY OF GRANT #372

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2020

1. **SIGNIFICANT ACCOUNTING POLICIES (continued)**

(o) Liability for contaminated sites

Contaminated sites are a result of contamination being introduced into air, soil, water or sediment of a chemical, organic or radioactive material or live organism that exceeds an environmental standard. The liability is recorded net of any expected recoveries. A liability for remediation of contaminated sites is recognized when all the following criteria are met:

- a) an environmental standard exists;
- b) contamination exceeds the environmental standard;
- c) the municipality:
 - i. is directly responsible; or
 - ii. accepts responsibility;
- d) it is expected that future economic benefits will be given up; and
- e) a reasonable estimate of the amount can be made.

The Municipality does not have any contaminated sites.

(p) Employee benefit plans

Contributions to the municipality's defined benefit plans are expensed when contributions are made. Under the defined benefit plan, the municipality's obligations are limited to its contributions.

(q) Measurement Uncertainty

The preparation of the financial statements in conformity with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenditures during the period. Accounts receivable are stated after evaluation as to their collectability and an appropriate allowance for doubtful accounts is provided where considered necessary.

The measurement of materials and supplies are based on estimates of volume and quality.

The 'Opening asset costs' of tangible capital assets have been estimated where actual costs were not available. Amortization is based on the estimated useful lives of tangible capital assets.

These estimates and assumptions are reviewed periodically and as adjustments become necessary, they are reported in earnings in the period in which they become known.

(r) Basis of Segmentation/Segment Report

The Municipality follows the Public Sector Accounting Board's recommendations requiring financial information to be provided on a segmented basis. Municipal services have been segmented by grouping activities that have similar service objectives (by function). Revenues that are directly related to the costs of the function have been attributed to each segment. Interest is allocated to functions based on the purpose of specific borrowing.

These segments (functions) are as follows:

General Government: The general government segment provides for the administration of the Municipality.

Protective Services: Protective services is comprised of expenses for Police and Fire protection.

RURAL MUNICIPALITY OF GRANT #372

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2020

1. SIGNIFICANT ACCOUNTING POLICIES (continued)

Transportation Services: The transportation services segment is responsible for the delivery of public works services related to the development and maintenance of roadway systems and street lighting.

Environmental and Public Health: The environmental segment provides waste disposal and other environmental services. The public health segment provides for expenses related to public health services in the Municipality.

Planning and Development: The planning and development segment provides for neighbourhood development and sustainability.

Recreation and Culture: The recreation and culture segment provides for community services through the provision of recreation and leisure services.

Utility Services: The utility services segment provides for the delivery of water, collecting and treating of wastewater and providing collection and disposal of solid waste.

2. CASH AND TEMPORARY INVESTMENTS

Balance	\$ <u>61,300</u>	<u>1,967</u>	<u>63,267</u>

8. LEASE OBLIGATIONS

Future minimum lease payments under the capital leases together with the balance of the obligation due under capital leases are as follows:

2021	\$ 34,802
2022	34,802
2023	<u>11,603</u>
Total future minimum lease payments	81,207
Amounts representing interest at a weighted average rate of -%	<u>-</u>
Capital lease liability	<u>\$ 81,207</u>

RURAL MUNICIPALITY OF GRANT #372

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2020

9. CONTINGENT LIABILITIES

The Municipality is contingently liable under terms of the Saskatchewan Association of Rural Municipalities Self-Insurance Plan for its proportionate share of claims and future claims in excess of the Plan's reserve fund.

10. PENSION PLAN

The municipality is an employer member of the Municipal Employee Pension Plan (MEPP), which is a multi-employer defined benefit pension plan. The Commission of MEPP, representing plan member employers, is responsible for overseeing the management of the pension plan, including investment of assets and administration of benefits. The municipality pension expense in 2020 was \$22,324 (2019 - \$22,023). The benefits accrued to the municipality's employees from MEPP are calculated using the following: pensionable years of service, highest average salary, and the plan accrual rate.

Based on the latest information available (December 31, 2019 Audited Financial Statements) the Municipal Employees Pension Plan had a surplus in the net assets available for benefits of \$658,468,000. This is based on the most recent actuarial valuation, completed December 31, 2018. The Rural Municipality's portion of this is not readily determinable.

11. BUDGET

The Financial Plan (Budget) adopted by Council on April 21, 2020 was not prepared on a basis consistent with that used to report actual results. The budget was prepared on a modified accrual basis while Public Sector Accounting Standards require a full accrual basis. The budgeted surplus does not include amounts budgeted for capital purchases. As a result, the budget figures presented in the statements of operations and change in net financial assets include the following adjustments:

	<u>2020</u>
Budget net surplus	\$ 160
Add: Investment in tangible capital assets	<u>104,770</u>
Transfer to reserves	<u>276,000</u>
Budget surplus per statement of operations	<u>\$ 380,930</u>

RURAL MUNICIPALITY OF GRANT #372

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2020

12. RECENT ACCOUNTING PRONOUNCEMENTS

A number of new and amended standards have been issued that may impact the Rural Municipality:

Standards Effective On Or After April 1, 2022

PS 1201 Financial Statement Presentation replaces PS 1200 with revised general reporting principles and standards of presentation and disclosure in government financial statements. Requires a new statement of re-measurement gains and losses separate from the statement of operations arising from the re-measurement of financial instruments and items denominated in foreign currencies, as well as the government's proportionate share of other comprehensive income that arises when a government includes the results of government business enterprises and partnerships. Effective in the period PS 3450 and PS 2601 are adopted.

PS 2601 Foreign Currency Translation replaces PS 2600 with revised guidance on the recognition, presentation and disclosure of transactions that are denominated in a foreign currency. Requires that monetary assets and liabilities denominated in a foreign currency and non-monetary items included in the fair value category, denominated in a foreign currency, be adjusted to reflect the exchange rates in effect at the financial statement date. Unrealized gains and losses are to be presented in the statement of re-measurement gains and losses.

PS 3041 Portfolio Investments replaces PS 3040 with revised guidance on accounting for, and presentation and disclosure of portfolio investments. Removes the distinction between temporary and portfolio investments. Upon adoption of PS 3450 and PS 3041, PS 3030, Temporary Investments, will no longer apply. Effective in the period PS 3450, PS 2601 and PS 1201 are adopted.

PS 3450 Financial Instruments is a new standard establishing guidance on the recognition, measurement, presentation and disclosure of financial instruments, including derivatives. The standard requires fair value measurement of derivatives and equity instrument that are quoted in an active market; all other financial instruments can be measured at cost/amortized cost or fair value at the election of the government. Unrealized gains and losses are presented in a new statement of re-measurement gains and losses. There is the requirement to disclose the nature and extent of risks arising from financial instruments and clarification is given for the de-recognition of financial liabilities.

PS 3280 Asset Retirement Obligations is a new standard establishing guidance on the accounting and reporting of legal obligations associated with the retirement of tangible capital assets controlled by a government or government organization. A liability for a retirement obligation can apply to tangible capital assets either in productive use or no longer in productive use. As this standard includes solid waste landfill sites active and post-closing obligations, upon adoption of this new standard, existing Solid Waste Landfill Closure and Post-Closure Liability section PS 3270 will be withdrawn.

Standards Effective On Or After April 1, 2023

PS 3400 Revenue is a new standard establishing guidance on how to account for and report on revenue. The standard provides a framework for recognizing, measuring and reporting revenues that arise from transactions that include performance obligations and transactions that do not have performance obligations. Performance obligations are enforceable promises to provide specific goods or services to a specific payer.

The Rural Municipality continues to assess the impacts of the above accounting standards. The extent of impact resulting from the adoption of these standards is not known at this time.
