To the Ratepayers of the Rural Municipality of LeRoy No. 339:

Management is responsible for the preparation and presentation of the accompanying financial statements, including responsibility for significant accounting judgments and estimates in accordance with Canadian public sector accounting standards. This responsibility includes selecting appropriate accounting principles and methods, and making decisions affecting the measurement of transactions in which objective judgment is required.

In discharging its responsibilities for the integrity and fairness of the financial statements, management designs and maintains the necessary accounting systems and related internal controls to provide reasonable assurance that transactions are authorized, assets are safeguarded and financial records are properly maintained to provide reliable information for the preparation of financial statements.

Council is composed entirely of council members who are neither management nor employees of the Municipality. Council is responsible for overseeing management in the performance of its financial reporting responsibilities, and for approving the annual financial statements. Council fulfils these responsibilities by reviewing the financial information and discussing relevant matters with management. Council is also responsible for the appointment of the Municipality's external auditors.

MNP LLP is appointed by Council to audit the financial statements and report directly to them; their report follows. The external auditors have full and free access to, and meet periodically with both management and Council to discuss their audit findings.

April 13, 2022

Reeve

Administrator

To the Reeve and Councillors of the Rural Municipality of LeRoy No. 339:

#### Opinion

We have audited the financial statements of the Rural Municipality of LeRoy No. 339 (the "Municipality"), which comprise the statement of financial position as at December 31, 2021, and the statements of operations, changes in net financial assets, cash flows and the related schedules for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Municipality as at December 31, 2021, and the results of its operations, changes in its net financial assets and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

#### **Basis for Opinion**

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Municipality in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### **Emphasis of Matter - Comparative Information**

As part of our audit of the financial statements of the Municipality for the year ended December 31, 2021, we also audited the adjustments described in Note 13 that were applied to restate the financial statements for the year ended December 31, 2020. In our opinion, such adjustments are appropriate and have been properly applied.

### Responsibilities of Management, Reeve and Council for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error

In preparing the financial statements, management is responsible for assessing the Municipality's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Municipality or to cease operations, or has no realistic alternative but to do so.

The Reeve and council are responsible for overseeing the Municipality's financial reporting process.

### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or
  error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is
  sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material
  misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion,
  forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Municipality's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Municipality's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Municipality to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Reeve and council regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

#### 1. Significant accounting policies

The financial statements of the Municipality have been prepared by management in accordance with Canadian public sector accounting standards (PSAS) as recommended by the Chartered Professional Accountants of Canada (CPA Canada). Significant aspects of the accounting policies adopted by the Municipality are as follows:

- a) **Basis of accounting:** The financial statements are prepared using the accrual basis of accounting. The accrual basis of accounting requires revenue to be recognized as they become available and measurable and expenses are recognized as they are incurred and measurable as a result of the receipt of goods and services and the creation of a legal obligation to pay.
- b) **Reporting Entity:** The financial statements consolidate the assets, liabilities and flow of resources of the Municipality. The entity is comprised of all of the organizations that are owned or controlled by the Municipality and are, therefore, accountable to Council for the administration of their financial affairs and resources. For the purpose of the financial statements of the Municipality, there are no organizations that require consolidation.
- c) Collection of funds for other authorities: Collection of funds by the Municipality for school boards, municipal hail and conservation and development authorities are collected and remitted in accordance with relevant legislation. The amounts collected are disclosed in Note 3.
- d) Government Transfers: Government transfers are the transfer of assets from senior levels of government that are not result of an exchange transaction, are not expected to be repaid in the future, or the result of a direct financial return. Government transfers are recognized as revenue in the period that the events giving rise to the transfer occur, providing:
  - a) the transfer is authorized;
  - b) any eligibility criteria have been met; and
  - c) a reasonable estimate of the amount can be made.

Government transfer amounts received but not earned will be recorded as deferred revenue.

Earned government transfer amounts not received will be recorded as amounts receivable.

- e) **Deferred Revenue:** Fees and charges: Certain user charges and fees are collected for which the related services have yet to be performed. Revenue is recognized in the period when the related expenses are incurred or services performed.
- f) **Local Improvement Charges:** Local improvement projects financed by frontage taxes recognize any prepayment charges as revenue in the period assessed.
- g) **Net-Financial Assets:** Net-Financial Assets at the end of an accounting period are the net amount of financial assets less liabilities outstanding. Financial assets represent items such as cash and those other assets on hand which could provide resources to discharge existing liabilities or finance future operations. These include realizable assets which are convertible to cash and not intended for consumption in the normal course of operations.
- h) **Non-financial assets:** Tangible capital and other non-financial assets are accounted for as assets by the government because they can be used to provide government services in future periods. These assets do not normally provide resources to discharge the liabilities of the government unless they are sold.
- i) **Appropriated Reserves:** Reserves are established at the discretion of Council to designate surplus for future operating and capital transactions. Amounts so designated are described on Schedule 8.
- j) **Property Tax Revenue:** Property tax revenue is based on assessments determined in accordance with Saskatchewan Legislation and the formulas, principles, and rules in the Saskatchewan Assessment Manual. Tax mill rates are established annually by council following the guidance of the Government of Saskatchewan. Tax revenues are recognized when the tax has been authorized by bylaw and the taxable event has occurred. Requisitions operate as a flow through and are excluded from municipal revenue.

### 1. Significant accounting policies - continued

- k) **Investments:** Portfolio investments are valued at the lower of cost, less any provisions for other than temporary impairment. Investments with terms longer than one year have been classified as other long-term investments concurrent with the nature of the investment. The long term investment in the Saskatchewan Rural Municipalities - Self Insurance Fund is accounted for on the equity basis.
- 1) **Inventories:** Inventories of materials and supplies expected to be used by the Municipality are valued at the lower of cost or replacement cost. Inventories of land, materials and supplies held for resale are valued at the lower of cost or net realizable value. Cost is determined by the average cost method. Net realizable value is the estimated selling price in the ordinary course of business.
- m) Tangible Capital Assets: All tangible capital asset acquisitions or betterments made throughout the year are recorded at their acquisition cost. Initial costs for tangible capital assets that were acquired and developed prior to 2009 were obtained via historical cost information or using current fair market values discounted by a relevant inflation factor back to the point of acquisition. Donated tangible capital assets received are recorded at their fair market value at the date of contribution. The tangible capital assets that are recognized at a nominal value are disclosed on Schedule 6. The cost of these tangible capital assets less any residual value are amortized over the asset's useful life using the straight-line method of amortization. The Municipality's tangible capital asset useful lives are estimated as follows:

Useful Life

| <u> Csejui Eije</u> |
|---------------------|
|                     |
| Indefinite          |
| 10 to 40 Yrs        |
|                     |

Vehicles & Equipment

Vehicles 5 to 10 Yrs **Machinery and Equipment** 3 to 25 Yrs

Infrastructure Assets

Accet

15 to 60 Yrs **Infrastructure Assets** 

Government Contributions: Government contributions for the acquisition of capital assets are reported as capital revenue and do not reduce the cost of the related asset.

- Employee Benefit Plans: Contributions to the Municipality's defined benefit plans are expensed when contributions are made. n) Under the defined benefit plan, the Municipality's obligations are limited to their contributions.
- o) Measurement Uncertainty: The preparation of financial statements in conformity with public sector accounting standards requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenditures during the period.

Accounts receivable are stated after evaluation as to their collectability and an appropriate allowance for doubtful accounts is provided where considered necessary.

The measurement of materials and supplies are based on estimates of volume and quality.

Amortization is based on the estimated useful lives of tangible capital assets.

These estimates and assumptions are reviewed periodically and, as adjustments become necessary they are reported in earnings in the periods in which they become known.

#### 1. Significant accounting policies - continued

p) Basis of segmentation/Segment report: The Municipality follows the Public Sector Accounting Board's recommendations requiring financial information to be provided on a segmented basis. Municipal services have been segmented by grouping activities that have similar service objectives (by function). Revenues that are directly related to the costs of the function have been attributed to each segment. Interest is allocated to functions based on the purpose of specific borrowings.

The segments (functions) are as follows:

General Government: The general government segment provides for the administration of the Municipality.

Protective Services: Protective services is comprised of expenses for Police and Fire protection.

Transportation Services: The transportation services segment is responsible for the delivery of public works services related to the development and maintenance of roadway systems and street lighting.

Environmental and Public Health: The environmental segment provides waste disposal and other environmental services. The public health segment provides for expenses related to public health services in the Municipality.

Planning and Development: The planning and development segment provides for neighbourhood development and sustainability.

Recreation and Culture: The recreation and culture segment provides for community services through the provision of recreation and leisure services.

Utility Services: The utility services segment provides for delivery of water, collecting and treating of wastewater and providing collection and disposal of solid waste.

#### q) New Standards and Amendments to Standards:

Effective for Fiscal Years Beginning On or After April 1, 2022:

**PS 1201 Financial Statement Presentation**, replaces PS 1200 with revised general reporting principles and standards of presentation and disclosure in government financial statements. Requires a new statement of re-measurement gains and losses separate from the statement of operations arising from the re-measurement of financial instruments and items denominated in foreign currencies, as well as the government's proportionate share of other comprehensive income that arises when a government includes the results of government business enterprises and partnerships. Effective in the period PS 3450 and PS 2601 are adopted.

**PS 2601 Foreign Currency Translation**, replaces PS 2600 with revised guidance on the recognition, presentation and disclosure of transactions that are denominated in a foreign currency. Requires that monetary assets and liabilities denominated in a foreign currency and non-monetary items included in the fair value category, denominated in a foreign currency, be adjusted to reflect the exchange rates in effect at the financial statement date. Unrealized gains and losses are to be presented in the statement of remeasurement gains and losses.

**PS 3041 Portfolio Investments**, replaces PS 3040 with revised guidance on accounting for, and presentation and disclosure of portfolio investments. Removes the distinction between temporary and portfolio investments. Upon adoption of PS 3450 and PS 3041, PS 3030, Temporary Investments, will no longer apply. Effective in the period PS 3450, PS 2601 and PS 1201 are adopted.

PS 3450 Financial Instruments, a new standard establishing guidance on the recognition, measurement, presentation and disclosure of financial instruments, including derivatives. The standard requires fair value measurement of derivatives and equity instrument that are quoted in an active market; all other financial instruments can be measured at cost/amortized cost or fair value at the election of the government. Unrealized gains and losses are presented in a new statement of re-measurement gains and losses. There is the requirement to disclose the nature and extent of risks arising from financial instruments and clarification is given for the derecognition of financial liabilities.

**PS 3280 Asset Retirement Obligations**, a new standard establishing guidance on the accounting and reporting of legal obligations associated with the retirement of tangible capital assets controlled by a government or government organization. A liability for a retirement obligation can apply to tangible capital assets either in productive use or no longer in productive use. As this standard includes solid waste landfill sites active and post-closing obligations, upon adoption of this new standard, existing Solid Waste Landfill Closure and Post-Closure Liability section PS 3270 will be withdrawn.

#### Effective for Fiscal Years Beginning On or After April 1, 2023:

**PS 3400 Revenue**, a new standard establishing guidance on how to account for and report on revenue. The standard provides a framework for recognizing, measuring and reporting revenues that arise from transactions that include performance obligations and transactions that do not have performance obligations. Performance obligations are enforceable promises to provide specific goods or services to a specific payer.

The extent of the impact on adoption of these future standards is not known as this time.

Rural Municipality of LeRoy No. 339 Notes to the Financial Statements For the year ended December 31, 2021

#### 7. Long-Term Debt

The debt limit of the Municipality is \$3,207,832. The debt limit for a municipality is the total amount of the municipality's own source revenues for the preceding year (the *Municipalities Act* section 161(1)).

#### 8. Contingent Liabilities

The Municipality is contingently liable under terms of the Saskatchewan Association of Rural Municipalities Self-Insurance Plan for its proportionate share of claims and future claims in excess of the Plan's reserve fund.

The Municipality, together with a number of other rural and urban municipalities, is a member of the Regional Authority of Carlton Trail - Waste Management District Ltd. ("REACT"). REACT is governed by the Department of Saskatchewan Environment and Resource Management ("SERM") and is responsible for waste collection, landfill operations and future site restoration costs. Expenditures that relate to on-going environmental and reclamation programs are charged against revenues as incurred. Future site restoration costs are recognized based on assumptions, engineering studies and estimates to the costs of future removal and site restoration. Changes to the underlying assumptions or legislative change in the future could have a material impact on the financial statements. As these costs are not readily determinable, the Municipality has not provided for future site restoration costs.

#### 9. Commitments

The Municipality entered into an agreement with the LeRoy Leisureland Regional Park Authority to aid in the funding of the operation and capital improvements of the park. The Municipality committed to \$9,360 per year for 5 years commencing in 2018.

The Municipality is in a cost sharing agreement with the Mid Sask. Municipal Alliance to develop a Growth Management Strategy and individual Official Community Plans. During 2021, a contribution in the amount of \$12,984 (2020 - \$12,672) was made to this initiative with the remaining costs to be divided on a per capita basis amongst the Rural Municipalities, Towns, Villages and Resort Villages that are members of the Alliance.

During 2018, the Municipality entered into an agreement with the Quill Plains Health Care Foundation to aid in funding the renovation and expansion of the Quill Plains Health Care Facility. The Municipality has committed to a maximum of \$110,000, with annual instalments of \$22,000 for a period of five years, commencing in 2019. Funds will be disbursed once the project commences.

In October 2021, the Municipality entered into an agreement to purchase a 2023 Western Star 47X truck for a total of \$189,845 including applicable taxes, with anticipated delivery in 2022. A \$5,000 deposit was made leaving a commitment of \$184,845 at December 31, 2021.

In October 2021, the Municipality entered into an agreement to purchase a 2022 Caterpillar motor grader for a net cost of \$304,974 including applicable taxes after trade in allowance of \$150,000, with anticipated delivery in 2022.

In February 2021, the Municipaltiy entered into an agreement with the Minister of Highways and Infrastructure to contribute 30% of the total project cost for upgrades to Grid Road 761. As at December 31, 2021, the estimated commitment remaining is \$216,000.

### 10. Budget

On August 11, 2021, Council approved its operating budget on planned expenses relating to the current year funding and other current year sources of revenue.

#### 11. Pension Plan

The Municipality is an employer member of the Municipal Employee Pension Plan (MEPP), which is a multiemployer defined benefit pension plan. The Commission of MEPP, representing plan member employers, is responsible for overseeing the management of the pension plan, including investment of assets and administration of benefits. The municipality pension expense in 2021 was \$53,400 (2020 - \$60,700). The benefits accrued to the municipality's employees from MEPP are calculated using the following: Pensionable Years of Service, Highest Average Salary, and the plan accrual rate.

#### 12. Significant Event

Since March of 2020, the global outbreak of COVID-19 (coronavirus) has had a significant impact on businesses through the restrictions put in place by the Canadian, provincial and municipal governments regarding travel, business operations and isolation/quarantine orders. At this time, it is unknown the extent of the impact the COVID-19 outbreak may have on the Municipality as this will depend on future developments that are highly uncertain and that cannot be predicted with confidence. These uncertainties arise from the inability to predict the ultimate geographic spread of the disease, and the duration of the outbreak, including the duration of travel restrictions, business closures or disruptions, and quarantine/isolation measures that are currently, or may be put, in place by Canada and other countries to fight the virus.

Rural Municipality of LeRoy No. 339 Notes to the Financial Statements For the year ended December 31, 2021

#### 13. Correction of an Error

During the year, it was identified that opening tangible capital assets were overstated in the amount of \$407,467. In order to correct this error, the 2020 financial statements have been restated to decrease tangible capital assets by \$407,467, decrease in asset costs - linear assets by \$975,829, decrease in accumulated amortization costs - linear assets by \$568,362, increase in tangible capital asset sales - loss by \$425,297, decrease in amortization expense (transportation services) by \$17,830, increase in deficit of revenues over expenses by \$407,467 and decrease in 2021 opening accumulated surplus by \$407,467.

#### 14. Comparative Figures

Prior year comparative figures have been restated to conform to the current year's presentation.

Schedule 1

|  | 2021 Budget | 2021      | 2020      |
