Management's Responsibility

The municipality's management is responsible for the preparation and presentation of the accompanying consolidated financial statements in accordance with Canadian public sector accounting standards (PSAS). The preparation of the statements necessarily includes selecting appropriate accounting principles and methods, and making decisions affecting the measurement of transactions in which objective judgments and estimates by management is required.

In discharging its responsibilities for the integrity and fair presentation of the consolidated financial statements, management designs and maintains the necessary accounting, budget and other related internal controls to provide reasonable assurance that transactions are appropriately authorized and accurately recorded, that assets are properly accounted for and safeguarded, and that financial records are properly maintained to provide reliable information for the preparation of the consolidated financial statements.

The council is composed of elected officials who are not employees of the municipality. The council is responsible for overseeing management in the performance of its financial reporting responsibilities. The council fulfils these responsibilities by reviewing the financial information prepared by management and discussing relevant matters with external auditors. The council is also responsible for recommending the appointment of the municipality's external auditors.

Baker Tilly SK LLP, an independent firm of chartered professional accountants, is appointed by the council to audit the consolidated financial statements and report directly to them; their report follows. The external auditors have full and free access to, and meet periodically and separately with, both the council and management to discuss their audit findings.

Mayor

Acting Administrator

Independent Auditors' Report

To the Council
Town of Lemberg

Qualified Opinion

We have audited the consolidated financial statements of Town of Lemberg, (the municipality), which comprise the consolidated Statement of Financial Position as at December 31, 2021 and the consolidated Statements of Operations, Change in Net Financial Assets and Cash Flow for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, except for the possible effects of the matter described in the Basis for Qualified Opinion section of our report, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the municipality as at December 31, 2021, and results of its operations and its consolidated cash flow for the year then ended in accordance with Canadian public sector accounting standards.

Basis for Qualified Opinion

The municipality is contingently liable for the landfill closure and post-closure care requirements as defined in accordance with The Environmental Act. These costs include final covering and landscaping of the landfill, pumping the grounds, methane gas and leachate management, and ongoing environmental monitoring, site inspection and maintenance. The Municipality is unable to determine a reasonable estimate of the liability at this time but has recorded accrued landfill costs of \$40,000.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the consolidated financial statements section of our report. We are independent of the municipality in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the municipality's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the municipality or to cease operations, or has no realistic alternative but to do so.

Council is responsible for overseeing the municipality's financial reporting process.

Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the municipality's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the municipality's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the municipality to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the municipality to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Town of Lemberg
Notes to Consolidated Financial Statements
For the year ended December 31, 2021

1. Significant Accounting Policies

The consolidated financial statements of the municipality have been prepared by management in accordance with Canadian Public Sector Accounting Standards (PSAS) as recommended by the Chartered Professional Accountants of Canada (CPA Canada). Significant aspects of the accounting policies adopted by the municipality are as follows:

(a) Basis of accounting

The consolidated financial statements are prepared using the accrual basis of accounting. The accrual basis of accounting requires revenues to be recognized as they become available and measurable, and expenses are recognized as they are incurred and measurable as a result of the receipt of goods and services and the creation of a legal obligation to pay.

(b) Reporting entity

The consolidated financial statements consolidate the assets, liabilities and flow of resources of the municipality. The entity is comprised of all of the organizations that are owned or controlled by the municipality and are, therefore, accountable to the council for the administration of their financial affairs and resources.

Entities included in these consolidated financial statements are as follows:

Entity	Basis of Recording
Lemberg Community Hall Complex	Full consolidation
Lemberg Fire Brigade	Full consolidation
Lemberg Recreation Board	Full consolidation
Lemberg Rink Board	Full consolidation

All inter-organizational transactions and balances have been eliminated.

(c) Collection of funds for other authorities

Collection of funds by the municipality for the school board, municipal hail and conservation and development authorities are collected and remitted in accordance with relevant legislation. The amounts collected are disclosed in note 3.

(d) Government transfers

Government transfers are the transfer of assets from senior levels of government that are not the result of an exchange transaction, are not expected to be repaid in the future, or are the result of a direct financial return. Government transfers are recognized as revenue in the period that the events giving rise to the transfer occur, providing:

- (i) the transfers are authorized;
- (ii) any eligibility criteria have been met; and
- (iii) a reasonable estimate of the amount can be made.

Unearned government transfer amounts received will be recorded as deferred revenue.

Earned government transfer amounts not received will be recorded as an amount receivable.

Town of Lemberg
Notes to Consolidated Financial Statements
For the year ended December 31, 2021

1. **Significant Accounting Policies** - continued

(e) Deferred revenue - fees and charges

Certain user charges and fees are collected for which the related services have yet to be performed. Revenue is recognized in the period when the related expenses are incurred or services performed.

(f) Net financial assets

Net financial assets at the end of an accounting period are the net amount of financial assets less liabilities outstanding. Financial assets represent items such as cash and those other assets on hand which could provide resources to discharge existing liabilities or finance future operations. These include realizable assets which are convertible to cash and not intended for consumption in the normal course of operations.

(g) Non-financial assets

Tangible capital and other non-financial assets are accounted for as assets by the government because they can be used to provide government services in future periods. These assets do not normally provide resources to discharge the liabilities of the government unless they are sold.

(h) Appropriated reserves

Reserves are established at the discretion of council to designate surplus for future operating and capital transactions. Amounts so designated are described on schedule 8.

(i) Investments

Portfolio investments are valued at the lower of cost, less any provisions for other than temporary impairment. Investments with terms longer than one year have been classified as other long-term investments concurrent with the nature of the investment. The long-term investments in the Saskatchewan Association of Urban Municipalities Self-Insurance Fund are accounted for on the equity basis.

(j) Inventories

Inventories of materials and supplies expected to be used by the municipality are valued at the lower of cost or replacement cost. Inventories of land, materials and supplies held for resale are valued at the lower of cost or net realizable value. Cost is determined by the first in first out method. Net realizable value is the estimated selling price in the ordinary course of business.

Town of Lemberg
Notes to Consolidated Financial Statements
For the year ended December 31, 2021

1. **Significant Accounting Policies** - continued

(k) Tangible capital assets

All tangible capital asset acquisitions or betterments made throughout the year are recorded at their acquisition cost. Initial costs for tangible capital assets that were acquired and developed prior to 2009 were obtained via historical cost information or using current fair market values discounted by a relevant deflation factor back to the point of acquisition. Donated tangible capital assets received are recorded at their fair market value at the date of contribution. The cost of these tangible capital assets less any residual value are amortized over the asset's useful life using the straight-line method of amortization. Tangible capital assets that are recognized at a nominal value are disclosed in schedule 6. The municipality's tangible capital asset useful lives are estimated as follows:

General Assets	
Land	Indefinite
Land improvements	15 years
Buildings	40 years
Vehicles	10 years
Machinery and equipment	10-20 years
Infrastructure Assets	
Linear assets	40 years

(l) Government contributions

Government contributions for the acquisition of capital assets are reported as capital revenue and do not reduce the cost of the related asset.

(m) Capitalization of interest

The municipality does not capitalize interest incurred while a tangible capital asset is under construction.

(n) Leases

All leases are recorded on the consolidated financial statement as either a capital or operating lease. Any lease that transfers substantially all of the benefits and risk associated with the leased asset is classified as capital leases and recorded as tangible capital assets. At the inception of a capital lease, an asset and a payment obligation are recorded at an amount equal to the lesser of the present value of the minimum lease payments and the asset's fair market value. Assets under capital leases are amortized on a straight-line basis over their estimated useful lives (lease term). Any other lease not meeting the before-mentioned criteria is classified as an operating lease and rental payments are expensed as incurred.

(o) Landfill liability

The municipality maintains a waste disposal site. The annual provision is reported as an expense and the accumulated provision is reported on the consolidated statement of financial position. Recommended disclosure is provided in note 8.

(p) Employee benefit plans

Contributions to the municipality's defined benefit plans are expensed when contributions are made. Under the defined benefit plan, the municipality's obligations are limited to their contributions.

Town of Lemberg
Notes to Consolidated Financial Statements
For the year ended December 31, 2021

1. **Significant Accounting Policies** - continued

(q) Revenue

Property tax revenue is based on assessments determined in accordance with Saskatchewan Legislation and the formulas, principles and rules in the Saskatchewan Assessment Manual. Tax mill rates are established annually by council following the guidance of the Government of Saskatchewan. Tax revenues are recognized when the tax has been authorized by bylaw and the taxable event has occurred. Requisitions operate as a flow through and are excluded from municipal revenue. Penalties on overdue taxes are recorded in the period levied.

Utility revenue is recognized in the period in which the service has been provided.

All other revenue is recorded when received, or receivable, collection is likely, and the amount can be reasonably determined.

(r) Basis of segmentation/segment report

The municipality follows the Public Sector Accounting Board's recommendations requiring financial information to be provided on a segmented basis. Municipal services have been segmented by grouping activities that have similar service objectives (by function). Revenues that are directly related to the costs of the function have been attributed to each segment. Interest is allocated to functions based on the purpose of specific borrowings.

The segments (functions) are as follows:

General government: provides for the administration of the municipality.

Protective services: comprised of expenses for police and fire protection.

Transportation services: responsible for the delivery of public works services related to the development and maintenance of roadway systems and street lighting.

Environmental and public health: The environmental segment provides waste disposal and other environmental services. The public health segment provides for expenses related to public health services in the municipality.

Planning and development: provides for neighbourhood development and sustainability.

Recreation and culture: provides for community services through the provision of recreation and leisure services.

Utility services: provides for delivery of water, collecting and treating of wastewater, and providing collection and disposal of solid waste.

(s) Budget information

Budget information is presented on a basis consistent with that used for actual results. The budget was approved by Council on June 14, 2021.

Town of Lemberg
Notes to Consolidated Financial Statements
For the year ended December 31, 2021

1. **Significant Accounting Policies** - continued

(t) Liability for contaminated sites

Contaminated sites are a result of contamination being introduced into air, soil, water or sediment of a chemical, organic or radioactive material or live organism that exceeds an environmental standard. The liability is recorded net of any expected recoveries. A liability for remediation of contaminated sites is recognized when all the following criteria are met:

- (i) An environmental standard exists;
- (ii) Contamination exceeds the environmental standard;
- (iii) The municipality:
 - a) Is directly responsible; or
 - b) Accepts responsibility;
- (iv) It is expected that future economic benefits will be given up; and
- (v) A reasonable estimate of the amount can be made.

(u) New standards and amendments to standards

Effective for fiscal years beginning on or after April 1, 2022:

PS 1201 Financial statement presentation, replaces PS 1200 with revised general reporting principles and standards of presentation and disclosure in government financial statements. Requires a new statement of remeasurement gains and losses separate from the statement of operations arising from the remeasurement of financial instruments and items denominated in foreign currencies, as well as the government's proportionate share of other comprehensive income that arises when a government includes the results of government business enterprises and partnerships. Effective in the period PS 3450 and PS 2601 are adopted.

PS 2601 Foreign currency translation, replaces PS 2600 with revised guidance on the recognition, presentation and disclosure of transactions that are denominated in a foreign currency. Requires that monetary assets and liabilities denominated in a foreign currency and non-monetary items included in the fair value category, denominated in a foreign currency, be adjusted to reflect the exchange rates in effect at the financial statement date. Unrealized gains and losses are to be presented in the statement of remeasurement gains and losses.

PS 3041 Portfolio investments, replaces PS 3040 with revised guidance on accounting for, and presentation and disclosure of, portfolio investments. Upon adoption of PS 3450 and PS 3041, PS 3030, Temporary Investments, will no longer apply. Effective in the period PS 3450, PS 2601 and PS 1201 are adopted.

PS 3450 Financial instruments, a new standard establishing guidance on the recognition, measurement, presentation and disclosure of financial instruments, including derivatives. The standard requires fair value measurement of derivatives and equity instrument that are quoted in an active market; all other financial instruments can be measured at cost/amortized cost or fair value at the election of the government. Unrealized gains and losses are presented in a new statement of remeasurement gains and losses. There is the requirement to disclose the nature and extent of risks arising from financial instruments, and clarification is given for the derecognition of financial liabilities.

Town of Lemberg
Notes to Consolidated Financial Statements
For the year ended December 31, 2021

1. **Significant Accounting Policies** - continued

(u) New standards and amendments to standards - continued

PS 3280 Asset retirement obligations, a new standard establishing guidance on the accounting and reporting of legal obligations associated with the retirement of tangible capital assets controlled by a government or government organization. A liability for a retirement obligation can apply to tangible capital assets either in productive use or no longer in productive use. As this standard includes solid waste landfill sites active and post-closing obligations upon adoption of this new standard, existing solid waste landfill closure and post-closure liability section PS 3270 will be withdrawn.

Effective for fiscal years beginning on or after April 1, 2023:

PS 3400 Revenue, a new standard establishing guidance on how to account for and report on revenue. The standard provides a framework for recognizing, measuring and reporting revenues that arise from transactions that include performance obligations and transactions that do not have performance obligations. Performance obligations are enforceable promises to provide specific goods or services to a specific payer.

The extent of the impact on adoption of these future standards is not known at this time.

8. Accrued Landfill Costs		
Accrued landfill costs	<u>\$ 40,000</u>	<u>\$ 40,000</u>

In 2021, the municipality has accrued an overall liability for environmental matters in the amount of \$40,000 (2020 - \$40,000) which represents management's best estimate of this liability. By their nature, these estimates are subject to measurement uncertainty and the effect on the consolidated financial statements of changes in such estimates in future periods could be significant.

Included in environmental liabilities is \$40,000 (2020 - \$40,000) of the estimated total landfill closure and post-closure care expenses. The estimated liability for these expenses is recognized as the landfill site's capacity is used and the reported liability represents the portion of the estimated total expenses recognized as at December 31, 2021 based on the cumulative capacity used at that date, compared to the total estimated landfill capacity.

Landfill closure and post-closure care requirements have been defined in accordance with The Environmental Management and Protection Act and include final covering and landscaping of the landfill, pumping of ground water, methane gas and leachate management, and ongoing environmental monitoring, site inspection and maintenance. The reported liability is based on estimates and assumptions with respect to events extending over period of time using the best information available to management. Future events may result in significant changes to the estimated total expense, capacity used or total capacity and the estimated liability, and would be recognized prospectively, as a change in estimate, when applicable.

The estimated remaining capacity of the landfill is unknown.

9. Long-Term Debt

- (a) The debt limit of the municipality for 2022 is \$625,929. The debt limit for a municipality is the total amount of the municipality's own source revenues for the preceding year (the Municipalities Act section 161).
- (b) Debenture debt is repayable at in annual combined instalments of \$45,541.69 with an interest rate of 2.65%.

Future principal and interest payments are as follows:

	Principal	Interest	2021 Total	2020 Total
2021				45,542
2022	27,707	17,835	45,542	45,542
2023	28,441	17,101	45,542	45,542
2024	29,195	16,347	45,542	45,542
2025	29,969	15,573	45,542	45,542
Thereafter	<u>557,696</u>	<u>125,421</u>	<u>683,117</u>	<u>683,125</u>
	<u>\$ 673,008</u>	<u>\$ 192,277</u>	<u>\$ 865,285</u>	<u>\$ 910,835</u>

Town of Lemberg
Notes to Consolidated Financial Statements
For the year ended December 31, 2021

10. Employee Benefit Plans

The municipality participates in a contributory defined benefit pension plan for all its employees. For defined benefit plans considered to be multi-employer plans, contributions are expensed when they are due and payable. The municipality currently participates in the Municipal Employees Pension Plan.

The contributions by the participating employers are not segregated in separate accounts or restricted to provide benefits to the employees of a particular employer. The portion of the annual benefit costs and of the asset surpluses (deficits) that are attributable to the municipality cannot be easily determined.

Accordingly, the multi-employer plans are accounted for on the defined contribution basis. No portion of the asset (deficit) surplus of the plan is recognized in these consolidated financial statements. The benefit expense reflected in the consolidated financial statements is equal to the municipality's contributions for the year.

All contributions by employees are matched equally by the employer. The contribution rates were updated on July 1, 2018. Employee contribution rates in effect for the year are as follows:

	2021	2020
General members	9.00 %	9.00 %
Designated members	12.50 %	12.50 %

Contributions to the plan during the year were as follows:

Benefit expense	\$ 15,176	\$ 11,952
-----------------	-----------	-----------

As per the most recently audited consolidated financial statements dated December 31, 2020, the plan surplus is \$838,900,000.

11. Impact of COVID-19

On March 11, 2020, the World Health Organization categorized COVID-19 as a pandemic. The potential economic effects within the municipality's environment and in the global markets, possible disruption in supply chains and measures being introduced at various levels of government to curtail the spread of the virus (such as travel restrictions, closures of non-essential municipal and private operations, imposition of quarantines and social distancing) could have a material impact on the municipality's operations. The extent of this outbreak and related containment measures on the municipality's operations cannot be reliably estimated at this time.

Town of Lemberg
Notes to Consolidated Financial Statements
For the year ended December 31, 2021

12. Comparative Figures

The comparative financial statements have been restated to recognize an error in the amount deferred for the Canada Community Building Fund grant. As a result, the comparative statement of operations for the year ending December 31, 2020 has been restated as follows:

Balance of accumulated surplus, beginning of year, as previously stated	1,658,775
Adjustment to beginning balance	<u>11,438</u>
Balance of accumulated surplus, beginning of year, as restated	<u>\$ 1,670,213</u>

The comparative statement of financial position as at December 31, 2020 has been restated as follows:

Line Item	As Restated	As Previously Stated	Difference
Deferred revenue	80,135	91,572	(11,437)

13. Commitments

The town received funding from the New Building Canada Fund for the lagoon expansion. As a condition of this funding, the town must retain ownership of the asset for at least five years, otherwise the town may be required to repay the funds received.
