Management's Responsibility for Financial Reporting

The financial statements of Rural Municipality of Progress No. 351 have been prepared in accordance with Canadian public sector accounting standards (PSAS). When alternative accounting methods exist, management has chosen those it deems most appropriate in the circumstances. These statements include certain amounts based on management's estimates and judgments. Management has determined such amounts based on a reasonable basis in order to ensure that the financial statements are presented fairly in all material respects.

The integrity and reliability of Rural Municipality of Progress No. 351's reporting systems are achieved through the use of formal policies and procedures, the careful selection of employees and an appropriate division of responsibilities. These systems are designed to provide reasonable assurance that the financial information is reliable and accurate.

The Council is responsible for ensuring that management fulfills its responsibility for financial reporting and is ultimately responsible for reviewing and approving the financial statements. The Council is composed of elected officials, who are not employees of the municipality, and meets periodically with management to review significant accounting, reporting and internal control matters. The Council is also responsible for the approval of the engagement or re-appointment of the external auditors.

The financial statements have been audited on behalf of the members by HRO Chartered Professional Accountants, in accordance with Canadian public sector accounting standards.

INDEPENDENT AUDITOR'S REPORT

To the Members of Rural Municipality of Progress No. 351

Opinion

We have audited the financial statements of Rural Municipality of Progress No. 351 (the Municipality), which comprise the statement of financial position as at December 31, 2021, and the statements of operations, changes in accumulated surplus, changes in net financial assets and cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the municipality as at December 31, 2021, and the results of its operations and cash flows for the year then ended in accordance with Canadian public sector accounting standards (PSAS).

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the municipality in accordance with ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with PSAS, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the municipality's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the municipality or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the municipality's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the municipality's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the municipality's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the municipality to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

The accompanying notes and schedules are an integral part of these statements.

Rural Municipality of Progress No. 351

Notes to the Financial Statements

As at December 31, 2021

1. Significant Accounting Policies

The financial statements of the municipality have been prepared by management in accordance with Canadian public sector accounting standards (PSAS) as recommended by the Chartered Professional Accountants of Canada (CPA Canada). Significant aspects of the accounting policies adopted by the municipality are as follows:

- a) **Basis of Accounting:** The financial statements are prepared using the accrual basis of accounting. The accrual basis of accounting requires revenues to be recognized as they become available and measurable and expenses are recognized as they are incurred and measurable as a result of the receipt of goods and services and the creation of a legal obligation to pay.
- b) **Reporting Entity:** The financial statements consolidates the assets, liabilities and flow of resources of the municipality. The entity is comprised of all of the organizations that are owned or controlled by the municipality and are, therefore, accountable to the Council for the administration of their financial affairs and resources. Entities included in these financial statements are as follows:

Entity

Rural Municipality of Progress No. 351

- c) **Collection of Funds for Other Authorities:** Collection of funds by the municipality for the school board and municipal hail are collected and remitted in accordance with relevant legislation.
- d) **Government Transfers:** Government transfers are the transfer of assets from senior levels of government that are not the result of an exchange transaction, are not expected to be repaid in the future, or the result of a direct financial return. Government transfers are recognized as revenue in the period that the events giving rise to the transfer occur, providing:
 - a) the transfers are authorized;
 - b) any eligibility criteria have been met; and
 - c) reasonable estimate of the amount can be made.

Unearned government transfer amounts received will be recorded as deferred revenue.

Earned government transfer amounts not received will be recorded as an amount receivable.

- e) **Deferred Revenue:** Fees and charges - certain user charges and fees are collected for which the related services have yet to be performed. Revenue is recognized in the period when the related expenses are incurred or services performed.
- f) **Local Improvement Charges:** Local improvement projects financed by frontage taxes recognize any prepayment charges as revenue in the period assessed.
- g) **Net Financial Assets:** Net financial assets at the end of an accounting period are the net amount of financial assets less liabilities outstanding. Financial assets represent items such as cash and those other assets on hand which could provide resources to discharge existing liabilities or finance future operations. These include realizable assets which are convertible to cash and not intended for consumption in the normal course of operations.
- h) **Non-financial Assets:** Tangible capital and other non-financial assets are accounted for as assets by the government because they can be used to provide government services in future periods. These assets do not normally provide resources to discharge the liabilities of the government unless they are sold.
- i) **Appropriated Reserves:** Reserves are established at the discretion of Council to designate surplus for future operating and capital transactions. Amounts so designated are described on Schedule 8.

1. Significant Accounting Policies - continued

- j) **Property Tax Revenue:** Property tax revenue is based on assessments determined in accordance with Saskatchewan Legislation and the formulas, principles, and rules in the Saskatchewan Assessment Manual. Tax mill rates are established annually by council following the guidance of the Government of Saskatchewan. Tax revenues are recognized when the tax has been authorized by bylaw and the taxable event has occurred. Requisitions operate as a flow through and are excluded from municipal revenue.
- k) **Investments:** Portfolio investments are valued at the lower of cost, less any provisions for other than temporary impairment. Investments with terms longer than one year have been classified as other long-term investments concurrent with the nature of the investment. The long-term investments in the Saskatchewan Association of Rural Municipalities - Self Insurance Fund and Property Insurance Fund are accounted for on the equity basis. The long-term investment in Co-op and Credit Union equities are accounted for on the equity basis.
- l) **Inventories:** Inventories of materials and supplies expected to be used by the municipality are valued at the lower of cost or replacement cost. Inventories of land, materials and supplies held for resale are valued at the lower of cost or net realizable value. Cost is determined by the average cost method. Net realizable value is the estimated selling price in the ordinary course of business.
- m) **Tangible Capital Assets:** All tangible capital asset acquisitions or betterments made throughout the year are recorded at their acquisition cost. Initial costs for tangible capital assets that were acquired and developed prior to 2009 were obtained via historical cost information or using current fair market values discounted by a relevant deflation factor back to the point of acquisition. Donated tangible capital assets received are recorded at their fair market value at the date of contribution. The cost of these tangible capital assets less any residual value are amortized over the asset's useful life using the straight-line method of amortization. The tangible capital assets that are recognized at a nominal value are disclosed on Schedule 6. The municipality's tangible capital asset useful lives are estimated as follows:

<u>Asset</u>	<u>Useful Life</u>
<i>General Assets</i>	
Land	Indefinite
Land Improvements	5 to 20 Yrs
Buildings	10 to 50 Yrs
Vehicles and Equipment	
Vehicles	5 to 10 Yrs
Machinery and Equipment	5 to 10 Yrs
<i>Infrastructure Assets</i>	
Water and Sewer	30 to 75 Yrs
Road Network Assets	30 to 75 Yrs

Government Contributions: Government contributions for the acquisition of tangible capital assets are reported as capital revenue and do not reduce the cost of the related asset.

Works of Art and Other Unrecognized Assets: Assets that have a historical or cultural significance, which include works of art, monuments and other cultural artifacts are not recognized as tangible capital assets because a reasonable estimate of future benefits associated with this property cannot be made.

Capitalization of Interest: The municipality does not capitalize interest incurred while a tangible capital asset is under construction.

Leases: All leases are recorded on the financial statements as either a capital or operating lease. Any lease that transfers substantially all of the benefits and risk associated with the leased asset is classified as a capital lease and recorded as tangible capital assets. At the inception of a capital lease, an asset and a payment obligation are recorded at an amount equal to the lesser of the present value of the minimum lease payments and the asset's fair market value. Assets under capital leases are amortized on a straight-line basis, over their estimated useful lives. Any other lease not meeting the before mentioned criteria is classified as an operating lease and rental payments are expensed as incurred.

Rural Municipality of Progress No. 351

Notes to the Financial Statements

As at December 31, 2021

1. Significant Accounting Policies - continued

- n) **Landfill Liability:** The municipality does not maintain a waste disposal site.
- o) **Trust Funds:** Funds held in trust for others, under a trust agreement or statute, are not included in the financial statements as they are not controlled by the municipality.
- p) **Employee Benefit Plans:** Contributions to the municipality's defined benefit plans are expensed when contributions are made. Under the defined benefit plan, the municipality's obligations are limited to their contributions.
- q) **Liability for Contaminated Sites:** Contaminated sites are a result of contamination being introduced into air, soil, water or sediment of a chemical, organic or radioactive material or live organism that exceeds an environmental standard. The liability is recorded net of any expected recoveries. A liability for remediation of contaminated sites is recognized when all the following criteria are met:
 - a) an environmental standard exists;
 - b) contamination exceeds the environmental standard;
 - c) the municipality:
 - i. is directly responsible; or
 - ii. accepts responsibility;
 - d) it is expected that future economic benefits will be given up; and
 - e) a reasonable estimate of the amount can be made.
- r) **Measurement Uncertainty:** The preparation of financial statements in conformity with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenditures during the period. Taxes receivable and accounts receivable are stated after evaluation as to their collectability and an appropriate allowance for doubtful accounts is provided where considered necessary.

The measurement of materials and supplies are based on estimates of volume and quality. The 'Opening Asset costs' of tangible capital assets have been estimated where actual costs were not available. Amortization is based on the estimated useful lives of tangible capital assets.

These estimates and assumptions are reviewed periodically and, as adjustments become necessary they are reported in earnings in the periods in which they become known.

- s) **Basis of Segmentation/Segment Report:** The municipality has adopted the Public Sector Accounting Board's recommendations requiring financial information to be provided on a segmented basis. Municipal services have been segmented by grouping activities that have similar service objectives (by function). Revenues that are directly related to the costs of the function have been attributed to each segment. Interest is allocated to functions based on the purpose of specific borrowings.

The segments (functions) are as follows:

General Government: Provides for the administration of the municipality.

Protective Services: Comprised of expenses for police and fire protection.

Transportation Services: Responsible for the delivery of public works services related to the development and maintenance of roadway systems and street lighting.

Environmental and Public Health: The environmental segment provides waste disposal and other environmental services. The public health segment provides for expenses related to public health services in the municipality.

Planning and Development: Provides for neighborhood development and sustainability.

Recreation and Cultural: Provides for community services through the provision of recreation and leisure services.

Utility Services: Provides for delivery of water, collecting and treating of wastewater and providing collection and disposal of solid waste.

- t) **Land Sales:** Land sales are recognized in the financial statements as revenues in the period in which the contract is signed and the ability to collect is reasonably assured.
- u) **Land for Resale:** Land for resale is recorded at the lower of cost to prepare the land for sale and the market value of the land. Costs to prepare the land for sale include leveling, grading and utility service connections. The land is considered available for sale when all the land preparation is completed.
- v) **Tax Title Property:** Property acquired through the tax enforcement process and temporarily held is recorded at the lesser of the carrying amount (cost equal to the outstanding taxes including any applicable penalties up to the date of acquisition plus any costs necessary to maintain after acquisition) and the net recoverable amount. Impairment losses are not reversed in subsequent years, if net recoverable value subsequently increases.

Rural Municipality of Progress No. 351

Notes to the Financial Statements

As at December 31, 2021

1. Significant Accounting Policies - continued

w) **Budget Information:** Budget information is presented on a basis consistent with that used for actual results. The budget was approved by Council on *May 12, 2021*.

x) **New Standards and Amendments to Standards:
Effective for Fiscal Years Beginning On or After April 1, 2022:**

PS 1201 Financial Statement Presentation, replaces PS 1200 with revised general reporting principles and standards of presentation and disclosure in government financial statements. Requires a new statement of re-measurement gains and losses separate from the statement of operations arising from the re-measurement of financial instruments and items denominated in foreign currencies, as well as the government's proportionate share of other comprehensive income that arises when a government includes the results of government business enterprises and partnerships. Effective in the period PS 3450 and PS 2601 are adopted.

PS 2601 Foreign Currency Translation, replaces PS 2600 with revised guidance on the recognition, presentation and disclosure of transactions that are denominated in a foreign currency. Requires that monetary assets and liabilities denominated in a foreign currency and non-monetary items included in the fair value category, denominated in a foreign currency, be adjusted to reflect the exchange rates in effect at the financial statement date. Unrealized gains and losses are to be presented in the statement of re-measurement gains and losses.

PS 3041 Portfolio Investments, replaces PS 3040 with revised guidance on accounting for, and presentation and disclosure of portfolio investments. Removes the distinction between temporary and portfolio investments. Upon adoption of PS 3450 and PS 3041, PS 3030, Temporary Investments, will no longer apply. Effective in the period PS 3450, PS 2601 and PS 1201 are adopted.

PS 3450 Financial Instruments, a new standard establishing guidance on the recognition, measurement, presentation and disclosure of financial instruments, including derivatives. The standard requires fair value measurement of derivatives and equity instrument that are quoted in an active market; all other financial instruments can be measured at cost/amortized cost or fair value at the election of the government. Unrealized gains and losses are presented in a new statement of re-measurement gains and losses. There is the requirement to disclose the nature and extent of risks arising from financial instruments and clarification is given for the de-recognition of financial liabilities.

PS 3280 Asset Retirement Obligations, a new standard establishing guidance on the accounting and reporting of legal obligations associated with the retirement of tangible capital assets controlled by a government or government organization. A liability for a retirement obligation can apply to tangible capital assets either in productive use or no longer in productive use. As this standard includes solid waste landfill sites active and post-closing obligations, upon adoption of this new standard, existing Solid Waste Landfill Closure and Post-Closure Liability section PS 3270 will be withdrawn.

Effective for Fiscal Years Beginning On or After April 1, 2023:

PS 3400, Revenue, a new standard establishing guidance on how to account for and report on revenue. The standard provides a framework for recognizing, measuring and reporting revenues that arise from transactions that include performance obligations and transactions that do not have performance obligations. Performance obligations are enforceable promises to provide specific goods or services to a specific payer.

The extent of the impact on adoption of these future standards is not known at this time.

Rural Municipality of Progress No. 351

Notes to the Financial Statements

As at December 31, 2021

	2021	2020
2. Cash and Temporary Investments		
Cash	\$ 367,890	\$ 6,887,381
Temporary Investments		
Restricted Cash	8,854,756

Total Land for Resale	\$ 542	\$ 542

Rural Municipality of Progress No. 351

Notes to the Financial Statements

As at December 31, 2021

	2021	2020
6. Long-term Investments		
Delta Co-operative Association Ltd. - equity	\$ 8,784	\$ 8,784
Luseland Credit Union - Member shares	5	5
Sask. Assoc. of Rural Municipalities - Self Insurance Fund	55,427	52,279
Total Long-term Investments	\$ 64,216	\$ 61,068

7. Credit Facility Agreement

At December 31, 2021, the Municipality had credit cards totaling \$10,000, none of which were drawn. Interest on the credit card is 19.9%.

8. Deferred Revenue

Prepaid taxes	\$ 19	\$ 19
Total Deferred Revenue	\$ 19	\$ 19

9. Other Liabilities

Accrued gravel pit reclamation liability	\$ 60,000	\$ 30,000
Total Other Liabilities	\$ 60,000	\$ 30,000

10. Long-term Debt

a) The debt limit of the municipality is \$4,848,474. The debt limit for a municipality is the total amount of the municipality's own source revenues for the preceding year (the *Municipalities Act* section 161(1)).

b) Debenture debt is repayable to Municipal Financing Corporation. Annual payments are \$755,188 including interest at 4.7%. The debenture is due March, 2026.

Future principal and interest payments are as follows:

Year	Principal	Interest	Current Total	Prior Year Principal
2021				\$ 573,291
2022	\$ 600,236	\$ 154,952	\$ 755,188	600,236
2023	628,447	126,741	755,188	628,447
2024	657,984	97,204	755,188	657,984
Thereafter	1,410,197	100,180	1,510,377	1,410,197
Balance	3,296,864	479,077	3,775,941	3,870,155

Total Long-term Debt	\$ 3,296,864	\$ 479,077	\$ 3,775,941	\$ 3,870,155
-----------------------------	---------------------	-------------------	---------------------	---------------------

Rural Municipality of Progress No. 351

Notes to the Financial Statements

As at December 31, 2021

11. Pension Plan

The municipality is an employer member of the Municipal Employee Pension Plan (MEPP), which is a multiemployer defined benefit pension plan. The Commission of MEPP, representing plan member employers, is responsible for overseeing the management of the pension plan, including investment of assets and administration of benefits. The municipality's pension expense in 2021 was \$65,801 (2020 - \$44,362). The benefits accrued to the municipality's employees from MEPP are calculated using the following: Pensionable Years of Service, Highest Average Salary, and the plan accrual rate.

12. Subsequent Events

Subsequent to year end, the municipality purchased two Kubota tractors for \$171,700 each plus GST. The motion to purchase the tractors was approved January 12, 2022. The municipality took possession of the first tractor on April 19, 2022. The second tractor has not been received as of May 25, 2022 due to delivery delays. The municipality has traded in old equipment on the first tractor purchase and paid cash for the balance using reserve funds. The second tractor has not been paid for as it has not been received.
