About Degrees@Work

Degrees@Work is a program that provides you with an opportunity to earn a college degree at no cost to you. Developed in partnership between FCA US, Strayer University, and your Dealership, Degrees@Work can help you enjoy the many benefits of a college education while still working at your participating dealership.

Once your dealer subscribes to the program, you are eligible to enroll as a student (you must be an employee in good-standing for a minimum of 30 days). Simply visit **strayer.edu/stellantis** or call **1.855.334.3622** to speak with a Student Services Coach. You'll discuss which degree program aligns best with your needs and what college credit you may have already earned through work or other experience. You'll also work together to develop a course schedule that fits your busy life.

Program Benefits

No Cost to You

This new program allows employees the opportunity to take courses or pursue degrees at no cost. This includes tuition, books, and technology fees.

Career Development/Enhancement

As a Strayer student, you will not only advance your education, but you will enhance your professional development and skills as well.

Credit for Work/Life Experience

At Strayer University, we understand that experience counts. For those students who have experience in other professions, served in the Armed Forces, or simply learned skills via practical application, you could receive credit towards your future college degree for such real life learning experiences.

Exceptional Student Support

Strayer Student Services Coaches, tutors, and other personnel are dedicated to helping you transition into the college experience, to support you throughout your academic career, and to help you succeed.

Flexible Course Scheduling

Strayer was built for working adults, so flexibility is a priority. We work to make sure that classes accommodate people with busy lives 24/7.
