

STORYBOARD: Tonareli Product Knowledge

Notes for Reviewers:

- Please focus on the **accuracy** and **completeness** of the content during this review cycle.
- Remember, the text in the left column will be narrated audio.
 - There will be “connecting” words and phrases that would not appear in a written procedure. If the wording seems awkward to you, try reading the text aloud to see how it fits, then make changes if it still seems necessary.
 - Formatting is merely to aid the voiceover talent: remember, learners will hear – not see – this text.
 - Capitalization is not important in the left column, but is very important in the next column, “On-Screen Text.”
- Use the Table of Contents on the next page for ease of navigation.
- Please use the “Comment” feature in the “Insert” tab to make notes directly in the document.
- Optional Tip: Hiding the top and bottom margins of this document (double-clicking between the pages to “Hide/Show White Space”) will enable you to go through the storyboard more smoothly.

Target Audience:

- All new Tonareli sales associates

Seat Time:

- 20 minutes

Learning Objectives:

At the end of this module, learners will be able to:

- Summarize Tonareli’s appeal.
- Identify Tonareli’s most popular product line.
- List the three best-selling colors.
- Explain three benefits of fiberglass.
- Discuss interior and exterior features.
- Recognize which accessories are included.

Slide 4 Popularity			
Voice Over Script	On-Screen Text	Functionality	On-Screen Graphics
<p>[1] Tonareli was founded in 2007 and quickly became</p> <p>[2] a world recognized brand competing with well-established companies and disrupting the music industry with bright, colorful cases.</p>	<p>[2] Tonareli has taken the music world by storm.</p>	<p>[2] Text fades in during narration.</p>	 <p>Background Image</p>

Slide 5 Overview			
Voice Over Script	On-Screen Text	Functionality	On-Screen Graphics
<p>[1] Tonareli hits the high note through several points. Tonareli strikes a</p> <p>[2] balance between safely protecting instruments and being fun. Tonareli cases are</p> <p>[3] universally loved and can be spotted both in high school and professional orchestras.</p> <p>[4] The Tonareli brand is recognized worldwide, and sells cases in the Americas, Europe, Africa, Asia, and Australia.</p> <p>[5] With Tonareli's popularity and success, many imitators emerged, but Tonareli is the original.</p>	<p>[2] Balance [2] Tonareli cases offer the perfect balance of protection and fun.</p> <p>[3] Universal [3] Tonareli cases are universally loved by both students and professionals.</p> <p>[4] Brand [4] The Tonareli brand is recognized worldwide.</p> <p>[5] Original [5] There are many imitators, but Tonareli is the original.</p>	<p>Each point enters the slide in sync with the narration.</p>	 <p>Background image</p>

Slide 6 Colors & Collections			
Voice Over Script	On-Screen Text	Functionality	On-Screen Graphics
<p>[1] Tonareli has several product lines and collections for classical string instruments. Today we will explore the most popular product line for violins, the Tonareli Fiberglass Case.</p> <p>[2] Tonareli Violin Fiberglass Cases are categorized into two collections, with a total of 24 colors to choose from. Let's have a look.</p>	<p>[1] Colors & Collections</p> <p>[2] Tonareli violin fiberglass cases are categorized into two collections, with 24 colors in total to choose from.</p>	<p>[2] Text fades in during narration.</p>	 <p>Background image</p>

Slide 7 Core Collection

[1] Text fades in during narration.	 <p>Background image</p>

Slide 10 Fiberglass Material			
Voice Over Script	On-Screen Text	Functionality	On-Screen Graphics
<p>[1] All of the core collection, and most of the special edition collection is made of fiberglass. Fiberglass was chosen because of three primary reasons.</p> <p>[2] It's lightweight. Similar to plastic, fiberglass weighs very little.</p> <p>[3] It's durable. Fiberglass is resistant to high temperatures, humidity and corrosion.</p> <p>[4] It's strong. Pound for pound, fiberglass is stronger than steel or aluminum.</p>	<p>[2] Lightweight [2] Similar to plastic, fiberglass weighs very little.</p> <p>[3] Durable [3] Fiberglass is resistant to high temperatures, humidity and corrosion.</p> <p>[4] Strong [4] Pound for pound, fiberglass is stronger than steel or aluminum.</p>	<p>Each point enters the slide in sync with the narration.</p>	 <p>Header image</p> <p>[2] balloon icon</p> <p>[3] hammer icon</p> <p>[4] barbel icon</p>
