It is the policy of the University not to discriminate on the basis of race, creed, sex, ancestry, color, religion, national origin, sexual orientation or disability with regard to its students, employees, or applicants for admission or employment. INSTITUTIONAL CANCELLATION AND REFUND POLICY

Reservation Deposit refunds can only be made in the following circumstances:

- If you request a refund of the deposit within 7 days of payment being received by Schiller International University.
- If the University is unable to provide the academic program originally applied for, offered and accepted, and you do not want to take a place in any alternative program.
- If you fail to meet the conditions of your offer, and you provide appropriate validating evidence. If you made no attempt to meet the offer conditions no refund will be given.
- No refund on the deposit will be given without written notification and outside of the 7 day required window.

If a student is accepted and then cancels registration before classes begin, or informs the University in writing within three (3) business days of the signed date of their Enrollment Agreement, all tuition paid in advance shall be refunded. (Except application and courier fees and reservation deposit)

Any student who begins classes on or after the start date of any semester and then completely withdraws prior to the end of any semester by contacting the registrar (unless the student informs the University in writing within three (3) business days of the signed date of their Enrollment Agreement), the University will earn tuition and fees based on a pro rata basis through 20% of the semester in which the student withdraws. Withdrawal more than 20% of the semester, the student will be obligated to 100% of the semester’s tuition and fees.

Schiller International University determines the date of a student’s withdrawal based on the student’s last date of attendance (LDA). The LDA is used to determine the amount of the refund that is due the student. The institution’s refund procedure requires the Registrar to report official and unofficial withdrawals to the Financial Aid and the Bursar’s Offices. The Financial Aid Office is responsible for the review of student data and completion of the refund and repayment calculations as appropriate to institutional policy. The Student Accounts Office issues all refunds inclusive of refunds due to a student’s withdrawal from the University. The payments of refunds due to withdrawal are processed within 30 days from the date of determination of the withdrawal. The Financial Aid Office will contact student loan borrowers who withdraw from the University and provide information and advising regarding loan repayment.

The University will first calculate the amount of unearned Title IV assistance that must be returned to the federal student aid programs under the Federal Return of Title IV Aid policy. The unearned amount of Title IV funds will then be subtracted from the total amount of all funds that was paid for institutional charges the semester of withdrawal to compute the Adjusted Amount Paid. The University will then calculate the amount of institutional charges (tuition and fees, etc.) that will be retained based on the requirements of any applicable state law or the applicable University’s institutional refund policies. The amount of institutional charges that can be retained will be subtracted from the Adjusted Amount Paid. If a credit balance from Title IV funds remains on the student’s account the refund will be made to the student or, with the student’s written authorization, to federal student aid programs in the order specified above in Federal Return of Title IV policy. If there is a non-Title IV credit balance the credit balance will be returned to the source of funding per agency policy and or to the student as permitted. The student will be billed for any outstanding charges.

prohibited by federal law. Any complaint alleging failure of this institution to follow this policy should be brought to the attention of the President.

RETURN OF FEDERAL TITLE IV FUNDS: The Return of Title IV Funds Policy applies to students if they received or were scheduled to receive federal student aid program funds. The requirements of the federal Return of Title IV Funds policy are separate from the institutional refund policies and any applicable state refund policy. Therefore, a student may owe a balance to the University for institutional charges after the application of the Return to Title IV calculation. Federal regulations require SIU to calculate a return of Title IV funds for any student who withdraws or does not complete a semester and who has received or was scheduled to receive financial assistance from the Title IV programs. The calculation is performed using a specific formula required by the U.S. Department of Education. The term Title IV Funds refers to Federal Financial Aid Programs authorized under the Higher Education Act of 1965, as amended and includes Federal Pell Grants, Federal Supplemental Educational Opportunity Grants, Iraq and Afghanistan Service Grants, Federal Perkins Loans, Federal Direct Stafford Loans, and Federal PLUS loans. Additional information regarding the **Calculation of Earned Title IV, Post-Withdrawal Disbursement, and the Return of Title IV Funds by the Institution and Student** may be found in the SIU catalog.

The University will first calculate the amount of unearned Title IV assistance that must be returned to the federal student aid programs under the Federal Return of Title IV Aid policy. The unearned amount of Title IV funds will then be subtracted from the total amount of all funds that was paid for institutional charges the semester of withdrawal to compute the Adjusted Amount Paid. The University will then calculate the amount of institutional charges (tuition and fees, etc.) that will be retained based on the requirements of any applicable state law or the applicable University's institutional refund policies. The amount of institutional charges that can be retained will be subtracted from the Adjusted Amount Paid. If a credit balance from Title IV funds remains on the student's account the refund will be made to the student or, with the student's written authorization, to federal student aid programs in the order specified above in Federal Return of Title IV policy. If there is a non-Title IV credit balance the credit balance will be returned to the source of funding per agency policy and or to the student as permitted. The student will be billed for any outstanding charges.

GENERAL GRIEVANCE PROCESS: It is the policy of Schiller International University to provide an appropriate grievance policy and procedures to every student. Every campus has an Academic Committee to deal with grievances and questions of misconduct in the academic area and a Rules Committee to deal with grievance questions of misconduct in the social area. Both Committees provide the student with a procedural due process. This includes adequate notice of the charges against him/her; the right to present his/her case and any supporting evidence; and an impartial decision by the respective committee. In the event that the remedy imposed by the respective committee is exclusion from the University, the student has the right to present his/her case personally to the University Provost, who may confirm the decision of the committee or return the case to the committee for further consideration. In all other grievance matters, the student may present his/her grievance to the Campus Director if it relates to a Campus issue, to the University Provost if it relates to an academic issue or to the University President if it relates to the Campus Director. The Campus Director, University Provost, or University President will provide the student with an opportunity to present his/her case along with any evidence, and shall, at the student's request, provide a decision in writing.
