

Get connected

Vodafone Mobile WiFi
R219h

Your Vodafone Mobile WiFi
network name & password

SSID sticker here

1 Open

2 Insert SIM and battery

3 Charge

Note: you can use your computer's USB port for power as well.

4 Start

Push and hold the power key

5 Connect

Choose WiFi on your computer, smartphone or tablet settings, then select your Mobile WiFi network name.

Enter the password to connect and open the web app.

When you first connect to the network you may be asked to activate your SIM. If you're asked to unlock your SIM card, go to

<http://vodafonemobile.wifi> and enter the PIN for your SIM.

Turn over for more information about using your Vodafone Mobile WiFi.

Using the web interface at vodafonemobile.wifi

You can find the web app on vodafonemobile.wifi if it doesn't appear automatically when you connect. Then login using the password **admin**. Then you can see your network and WiFi status, how much data you have used, manage roaming settings, get help and support, and even send and receive SMS messages from your computer.

Note for UK users only: if you are a Contract customer you can send and receive SMS. Pay As You Go customers will only receive network notifications

The lights

Mobile broadband signal

- Good
- Weak
- No network

SMS messages

- New SMS
- (Blinking) Inbox full

Battery charge

- Good
- (Blinking) Charging
- Low

Note: while updating your R219h all the lights will blink green until restarting.
