

Core Digital Champion training

All Digital Champions should start here and get the basics of being a digital champion, remote delivery and getting started...

Chromebook support with Michael

For Digital Champions involved in supporting learners with Chromebooks, there's a session just for you!

iPad support with Martin

For Digital Champions involved in supporting learners with iPads, there's a session just for you!

Confidence Building?

If you need confidence building yourself, and want to explore essential digital skills a wee bit more, we have four more workshops for you. You can do all of these, one, or none!

- 1 Foundation skills and communication tools
- 2 Handling information and content
- 3 problem solving and staying safe online
- 4 Transacting

Specialist session Children and Young People

For people working in frontline roles supporting children, young people, parents and carers, there's a specialist session just for you. You can do this as a stand alone session.

Specialist session Employability

For people working with end learners who want to focus on getting ready for work, or for the essential digital skills needed for work, there's a specialist session just for you. You can do this as a stand alone session.
