

WIOA State-funded Incumbent Worker Training Program

Application

The Incumbent Worker Training (IWT) Program provides funding to help cover the costs of training needed to retain a competitive workforce. Such training is meant to assist with expansion, new technology, retooling, new services/product lines, and/or new organizational structuring, or to be used as part of a layoff aversion strategy. IWT is not intended to fund the periodic safety and refresher courses necessary for a business to continue to operate (i.e. First Aid, CPR, and Occupational Safety and Health Administration certifications), but to assist with the extraordinary needs of the business. IWT is funded by the Federal Workforce Innovation and Opportunity Act (WIOA).

ELIGIBILITY

Applications are open to all South Carolina employers. A group of employers may form a training consortium for the purposes of receiving IWT. The training consortium or a third party may apply for IWT on behalf of the group of employers, but cannot serve as the training provider. Please note that IWT funding may not be used for members of a training consortium who would otherwise be ineligible for IWT, including training entities and city, county and state governments. Employers applying for IWT funding must have at least one (1) full-time employee and be current on all state tax obligations.

Training entities and city, county and state governments are not eligible for IWT funding. Businesses receiving services through ReadySC™ may be eligible for IWT funding so long as the training funded is not a duplication of services. IWT funds are not available to a business that has relocated, if that relocation resulted in the loss of jobs at the original location, until the company has operated at that new location for 120 days.

INCUMBENT WORKER DEFINED

To qualify as an incumbent worker, the incumbent worker needs to be:

- Employed;
- Meet the Fair Labor Standards Act requirements for an employer-employee relationship; and
- Have an established employment history with the employer for six months or more, unless the training is being provided to a group/cohort of employees and the majority of employees have been employed with the business for six months or more.

Temporary employees that do not have an employer-employee relationship with the business are not considered incumbent workers (for example, where an employee is employed through a staffing firm) . However, periods of temporary employment may count towards an employee's time with the company for the purposes of meeting the six month minimum requirement above.

An incumbent worker does not have to meet WIOA eligibility requirements unless they are enrolled as a participant in the WIOA Adult or Dislocated Worker program.

BUSINESS/TRAINING CONSORTIUM MATCH

Businesses/training consortia share in the cost of training their incumbent workers with minimum contributions of:

- 10 percent of the costs for a business location with no more than 50 employees
- 25 percent of the costs for a business location with more than 50 employees, but no more than 100 employees
- 50 percent of the costs for a business location with more than 100 employees

Training consortia share in the cost of training incumbent workers based on the total number of employees from all businesses in the consortium. The training consortium would then determine how the cost would be split between the businesses in the consortium. This may be done in multiple ways, but it is recommended that the division of costs be determined based on how many employers are in each business.

A business's/training consortium's share of the cost may be paid in cash or in kind, fairly evaluated. Wages paid to incumbent workers while attending training may be considered that business's share of the cost.

REPORTING

To eliminate the need for the business/training consortium to provide the employee's full SSN to the LWDA, employees should register in SCWOS using their full SSN once identified as an IWT participant but no later than the first day of training. Subsequent documentation provided by the business to the LWDA should only need to include the last four digits of the employee's SSN to identify the employee in SCWOS.

Prior to the start of training, the business/training consortium must provide the LWDA with a list of employees who will participate. A template for the employee list has been provided that includes sufficient documentation to identify the correct employee in SCWOS for completion of the WIOA application and entering relevant activities.

Throughout the training, the business/training consortium must provide and maintain sufficient documentation of the outcomes of the training, including:

- Dates of training
- Title and a description of training
- Type and a description of the credential(s) earned
- Number of employees who completed the training program
- Number of employees who earned a credential
- Number of employees who earned a promotion
- Number of employees who earned a wage increase
- Number of existing jobs saved
- Number of new jobs created
- Layoff or closure
- Other outcomes

The business/training consortium is required to submit to the LWDA Program Reports as required by the LWDA, including the Trainee Progress Report, and a Final Program Report within 30 days of the training Actual End Date. The information listed above will be required for submission of these reports and SCWOS data entry, and may be needed for any additional reporting required by the LWDA.

REIMBURSABLE TRAINING EXPENSES:

- Tuition
- Instructor/Trainer salaries
- Textbooks/Manuals
- Consumable materials and supplies

NON-REIMBURSABLE COSTS:

- Administrative costs incurred by the business/training consortium
- Trainee wages or travel
- Trainer travel
- Training equipment
- Capital improvements
- Curriculum development
- Purchase of any item or service that may be used outside of the training project (including computer equipment and non-training related software)
- Costs incurred prior to the approval date of the application

APPLICATION
