Aztecs Look to Bounce Back to .500 with Final Game Prior to Holiday Break; San Diego State Plays Host to Cal State Fullerton on Tuesday Night at Cox Arena

San Diego State concludes a stretch of seven games in 21 days on Tuesday night with a home game against Cal State Fullerton (3-2). Game time is set for 7:05 p.m. at Cox Arena.

The Contest will be televised in the San Diego market on Channel 4 San Diego (no satellite coverage) and can be heard on XPRS-1090 AM (The Mighty 1090).

The Aztecs are looking to snap a four-game losing streak and climb back to the .500 mark. On Saturday night, Loyola Marymount used a 45-34 rebound advantage, including a 24-12 edge after intermission, to defeat San Diego State 72-68 at Gersten Pavilion. It was the third straight game and the fourth time this season San Diego State suffered a loss in a game that was a one possession contest with less than three minutes remaining.

The Aztecs shot 35.2 percent from the field, marking the third consecutive games the Aztecs have failed to shoot better than 36.0 percent from the floor. That equals the total number of games SDSU failed to break 36.0 percent shooting in the 76 games prior to the streak. After shooting 50.0 percent or better in three straight games earlier this season, the Aztecs have shot 58-for-165 (35.2 percent) in the last three games.

The Aztecs led by two points at the half and by as many as six points in the second half. SDSU was up 55-52 with 7:22 to play, but a 10-1 run by the Lions put LMU up for good. The Aztecs had the ball down two with less than three minutes to play, but a running jumper in the lane by Matt Thomas was no good and LMU scored on its next possession en route to the win.

Sophomore forward Marcus Slaughter narrowly missed his third double-double of the season, settling for his Mountain West Conference best fifth 20-point scoring game with 21 points and nine rebounds. Sophomore guard Brandon Heath recorded his ninth consecutive double-digit scoring effort against Division I opponents with 12 points - all in the second half - and a team-high four assists. Senior forward Chris Manker posted his fourth double-digit scoring game of the campaign and first on the road with 10 points. Junior forward Trimaine Davis made his first start in his 50th career game and responded with a career-high 10 points.

Cal State Fullerton, which has not played a game since Dec. 10, is 3-2 on the season and is welcoming back guard Ralphy Holmes and Western Kentucky transfer forward Jamaal Brown. Both players are expected to be in the starting lineup for the Titans, which are off to their best start since 1998-99.

This will be the 30th meeting between the teams, with San Diego State owning a 19-10 advantage between the former Pacific Coast Athletic Association members. The Titans have won four straight games in the series, that is tied for the fourth longest active win streak over the Aztecs, trailing UCLA (eight), Southern California (five) and Tulsa (five). During the streak, Fullerton has won two games in overtime and the other two contests by margins of three and six points. The last five games in the series have either been decided in overtime or by six points or less.

After the game against Fullerton, San Diego State will play just two home games in the following 31 days (Providence on Dec. 31 and South Dakota State on Jan. 3).

San Diego State will next be in action against Iowa State, a team that has won 26 of its last 27 regular-season home games. That game is set for Tuesday, Dec. 28, at Hilton Coliseum in Ames, Iowa.

Inside...

- San Diego State has shot 54.2 percent from the field in four wins and 37.5 percent from the floor in five losses. That is just one of the strange numbers the Aztec team has posted through nine games
▶ *Winning vs. Losing, Page 3*

- San Diego State's senior class is averaging just 13.0 points per game and has been outscored by both the junior and sophomore classes. The second leading senior scorer on the team is walk-on Jared Ines with eight points.
▶ *Paging the Senior Class, Page 4*

- San Diego State has lost four games this season that have been a one possession game with three minutes or less to play.
▶ *Can We Catch A Break, Page 4*

Winning vs. Losing

If you look at San Diego State statistics in victories and losses, it is hard to believe the same team that has won four games, three by 18 or more points, is the same team that has lost five games, four of which were a one possession game with less than three minutes remaining.

▶ The most glaring statistic is field goal percentage, where the Aztecs have shot 54.2 percent in four victories and 37.5 percent in five losses, a difference of 16.7 percent. In every game this season, and in the last 11 San Diego State games dating back to last season, the team with the better field goal percentage has won. The Aztecs have lost eight consecutive games when an opponent has a higher field goal percentage.

▶ To the surprise of no one, Aztec opponents are shooting better, 7.6 percent to be precise, in Aztec losses vs. Aztec wins. Holding opponents below 40.0 percent from the field has been a good omen, not only this season but during the Fisher era. The Aztecs are 33-6 when their opponent shoots 40 percent or less from the field.

▶ Another trend to look for is the rebound war. The Aztecs own a +8.2 rebound margin in victories and a -7.6 rebound margin in losses, a swing of 15.8 rebounds per game. San Diego State is 3-1 this season and 51-31 in the Fisher era when owning a rebound

advantage. Meanwhile, San Diego State is just 23-51 during Fisher's six seasons when facing a disadvantage on the glass.

Can We Catch A Break?

Last season San Diego State finished 14-16 but were just a couple of key possessions away from not only posting a fourth consecutive .500 or better record, but also making an a appearance in a third straight postseason.

In 2003-04, San Diego State lost three games they led with 59 seconds to go in regulation, lost six games that were a one possession contest with 25 seconds or less remaining and lost seven games that SDSU led with 13:48 to go in regulation.

Spliting the six games that were a one possession contest with 25 seconds or less remaining that SDSU lost, would have given the Aztecs a 17-13 record.

Unfortunately, that trend has continued into the beginning portion of the 2004-05 season. Of the Aztecs five losses this season, four were a one possession game with under three minutes to play.

- vs. UCSB, ot-L, 72-80. Aztecs shoot just 38.8 percent from the field but succeed from rallying from 10 points down to force overtime before suffering season-opening loss.
- vs. California, L, 57-60. Once again, San Diego State rallies from a double-digit deficit, trail by one point with 5:55 to play and have the ball down three when a three-point field goal attempt bounces off the rim as the clock expires.
- vs. Saint Mary's, L, 64-73. Stop us if you have heard this before. San Diego State, which trailed by 11 points at one time, rallies to take a one-point lead with 3:04 to play, but can't hold on to the lead.
- at Loyola Marymount, L, 68-72. Aztecs lead for 23:44 of the game and enjoyed a seven-point lead in the first half and a six-point lead in the second half. SDSU led with seven minutes remaining and trailed by two points with the ball with just over two minutes to play.

Paging the Senior Class

Most people expected big things from San Diego State's senior class in 2004-05. With six players entering their final season on the Mesa, SDSU looked to be loaded with experience.

But due to injuries and other circumstances, the six seniors on the Aztec squad - Travis Hanour, Jared Ines, Tommy Johnson, Chris Manker, Wesley Stokes and Chris Walton - have played a total of 27 games, made seven starts, scored 117 points, pulled down 40 rebounds and have 21 assists through nine games.

Despite having six members in its class, the senior trail both the junior class (with three members) and sophomore class (with two members) in starts, minutes played, points, rebounds and assists per game.

There may be hope on the horizon for the class, with Travis Hanour returning for injury to play in three of the last five games and Chris Walton feeling better and beginning to workout again.

Below is a statistical breakdown by class.

Slaughter House Rules

Sophomore forward Marcus Slaughter has gotten off to an explosive start this season. An honorable mention all-conference selection as a freshman, Slaughter is averaging team-highs in scoring (19.7 ppg) and rebounding (8.4). As of Monday, he ranked among the league leaders in scoring (1st), rebounding (5th), steals (3rd), field goal percentage (13th) and blocked shots (6th).

Slaughter's fast start this season isn't such a big surprise when you track his growth as a player month-by-month throughout his career (see right box). Nonetheless, November easily represented the best month at San Diego State

Other notes on Slaughter's great jump out of the gate.

- He has produced double-digit scoring games in all nine games this season marking the first time in his career the sophomore has scored 10 or more points in as many as three consecutive games. He had eight double-figure scoring games all of last season.
- He is en route to post of the best individual single-season scoring average in school his-

tory. The last time an Aztec player averaged more than 18.3 points per game was in in 1985-86 season Michael Watson led the Western Athletic Conference with a 22.5 scoring average. That was also the last time an Aztec player led the league in scoring, something Slaughter is doing right now. His current scoring average of 19.7 would place him in a tie for sixth all-time and third in the Division I era.

- With 177 total points this season, he is 74.7 percent of the way toward matching his freshman point total of 237 points. Last season he did not reach 177 points for the season until his 24th game of the season.
- He led the Aztecs in scoring just once last season but has already led SDSU in scoring in six of the first nine games this season.
- He is shooting more than three percent better from the field this season, connecting on 50.9 percent this season as opposed to 47.3 last season. He also has already connected on seven three-point field goals after making just eight last season.

Heath Among League Leaders... In Everything

Already with a Mountain West Conference Player of the Week honor to his credit, Brandon Heath continues to progress into one of the top guards in the Mountain West Conference.

A native of Los Angeles, Heath is averaging 16.4 points this season, while connecting on 39.8 percent of his attempts from three-point range.

Other notes on Heath's sophomore campaign

- Scored in double figures in six consecutive games and nine straight against Division I teams.
- Made a three-point field goal in 10 straight games dating back to last season (longest streak of his career).
- Made 36-of-41 free throws this season, including 21 of his last 24 attempts.

He has 561 career points in just 39 collegiate games for a 14.4 scoring average.

Super Manker

Chris Manker could very easily be the biggest surprise in the Mountain West Conference this season. The senior entered this season with career numbers of 206 points and 139 rebounds but has already started six games this season and is 17th in the league in scoring

- One reason for his success has been his play in the low post. This season, Manker has 28 two-point field goals, nine more than his total for the entire 2003-04 season when he had 17. He had 34 two-point field goals in 75 career games entering this season.
- His 102 total points are two more than his previous season high set last season as a junior.

Four-Game Win Streak Most Impressive Since 1984

Although the Aztecs four-game win streak was snapped at Washington, the dominance SDSU displayed during the streak is worth reflecting on.

Although the Aztecs have had longer win streaks, you have to go back 20 years to find a more dominating four-game win streak than what SDSU has put together during the last four games.

San Diego State posted four victories by a combined score of 311-234, or by 77 total points. That makes an average victory total of 19.3 points during the four-game streak.

The last time the Aztecs put together a more dominating four game run was when the 1984-85 NCAA Tournament team outscored its opponents by 81 points in four consecutive games during December, 1984. The four-game streak was part of an 8-0 record that squad posted to begin the 1984-85 season and marks the last time San Diego State got off to a better start than this season's 4-1 record.

Below is a look at the most dominating four-game winning streaks based on point differential since the beginning of the 1984-85 season.

14.	1984-85	+42	Colorado State, Wyoming, Long Beach, Texas-El Paso	23-8

During the four-game winning streak, San Diego State put together some impressive numbers:

- San Diego State has shot 54.2 percent from the field during the four-game stretch, shooting above 50.0 percent from the floor in each of the last three games. That is the longest stretch since posting a 50 percent or better field goal percentage in five straight games from Feb. 22-Mar. 8, 2003. Since that time, SDSU shot 50 percent or better from the floor just twice in the 37 games prior to the beginning of the current three-game streak.

▶ The Aztecs have held their opponent to 40.1 percent field goal shooting, Since Steve Fisher's arrival at San Diego State, the Aztecs are 33-6 when their opponent shoots 40 percent or less from the field.
▶ A staple of the Aztec program has been strong rebounding. San Diego State has outrebounded four of five opponents this season and has a +8.2 rebound margin during the four-game winning streak.

As you might expect, four-game winning streak typically means good things for the rest of the season. The last two times SDSU has had at least a four-game winning streak in a season they have advanced to postseason play (2001-02 NCAA Tournament, 2002-03 NIT) and every season under Steve Fisher's direction that the Aztecs have a had four-game winning streak, SDSU has gone to finish .500 or better.

Postseason Play, Guaranteed

Given Steve Fisher's track record, San Diego State's prospects of returning to the postseason for a third time in four seasons appears to be good. In his 12 full seasons, Steve Fisher has returned at least three starters off a squad he coached the previous season eight times. He has guided all eight of those teams to postseason play, including six of those squads to the NCAA Tournament. Those eight teams have combined to post a 20-5 record in postseason play, including two appearances in the NCAA Tournament championship game (1991 and 1992) and a championship in the NIT (1996).

Some additional notes on Steve Fisher's success when returning at least three starters off a team he has coached.
▶ Is 8-for-8 in leading his team to the postseason. Six times he has guided a team to the NCAA Tournament.
▶ Has won at least one postseason game in six of those eight seasons and at least two games in five of those eight postseasons.
▶ Averaged 22.6 wins in those eight seasons. In six of the eight years his teams have won at least 21 games.

Below is a look at Fisher's magic when returning at least three starters from his previous squad.

Preseason Magazines Gives Aztecs Little Love

Most of the preseason magazines have picked the Aztecs to finish in the lower half of the Mountain West Conference standings and the MWC poll was no exception, picking the Aztecs to finish seventh; however, a pretty strong case can be made that San Diego State will have a successful 2004-05 season.

▶ San Diego State returns four starters and nine letterwinners (includes Travis Hanour who sat out last season due to injuries) from the 2003-04 season. The Aztecs return eight of their top nine scorers from last season.
▶ Steve Fisher is 8-for-8 in his career in taking teams to the postseason when returning at least three starters off a team he coached the previous season. Included in those eight postseason trips are six NCAA Tournament berths and an average total of 22.6 wins. The last time a Steve Fisher-coached team returned four starters was 2001-02, when Fisher guided the Aztecs to their first NCAA Tournament appearance since 1985. Twice in his career, Fisher has returned at least three starters and at least nine letterwinners off a team he coached, both seasons he has led his team to the NCAA Tournament, posting a collective 56-14 record.
▶ San Diego State returns 77.0 percent of points, 74.2 percent of field goals, 99.4 percent of three-point field goals, 78.0 percent of free throws, 68.6 percent of rebounds, 91.3 percent of assists, 54.9 percent of blocked shots, 85.8 percent of steals and 81.9 percent of minutes from the 2003-04 season.
▶ The 2004-05 SDSU roster has played 538 games and made 161 starts. Nine players on the Aztec roster have played in at least 30 college games and five players have made at least 18 college starts. Last season, the Aztec roster (not counting Travis Hanour's total because he missed the season due to injury) entered the campaign with a total of 407 games and 72 starts. In 2002-03 when San Diego State advanced to the second round of the postseason NIT, the Aztecs entered the campaign with 413 games and 152 starts of experience. In 2001-02 when the Aztecs claimed the Mountain West Conference championship and advanced to the NCAA Tournament, San Diego State entered the season with 370 games and 194 starts.
▶ San Diego State was not that far away last season from making their third consecutive postseason appearance. Although the Aztecs finished 14-16 overall, they lost three games when they led with 59 seconds left, lost six games that were a one possession game with 25 seconds or less remaining and lost seven games when they led with 13:48 or less remaining in regulation. Part of that can be explained by the fact that SDSU had just one scholarship senior (Aerick Sanders).
▶ San Diego State returns three players that earned all-Mountain West Conference recognition last season. Senior guard Wesley Stokes, sophomore guard Brandon Heath and sophomore forward Marcus Slaughter are back for SDSU this season. This marks the first time in school history that three all-league performers return from an Aztec team. In fact, in the Mountain West Conference era, San Diego State has never returned two all-MWC performers the following season (2000-01 (0); 2001-02 (0); 2002-03 (1) Tony Bland; 2003-04 (0); 2004-05 (3) Brandon Heath, Marcus Slaughter, Wesley Stokes).

▶ San Diego State has two of the best underclassmen not only in the league, but also in the country in Brandon Heath and Marcus Slaughter. The duo was two of only four freshmen to earn all-league recognition last season. Heath and Slaughter combined to score 650 points and pull down 284 rebounds in their inaugural season.

▶ Another example of the stability of the Aztec program can be found by the number of players that have signed with San Diego State out of the prep ranks. Of San Diego State's 16-player roster, three are Division I transfers (Travis Hanour, Chris Manker and Wesley Stokes), two junior college players (Mohamed Camara and walk-on Jared Ines) and 11 players who signed with SDSU directly out of high school. Of the five newcomers, four signed with the Aztecs out of high school.

Steve Fisher

14th-Full Season • 6th Season at SDSU • Illinois State, 1967

One of the nation's most distinguished coaches, Steve Fisher has guided San Diego State's transformation from a college basketball afterthought to one one of the most visible programs in the country.

In five short seasons, Steve Fisher has changed the outlook, fortunes and expectations of San Diego State basketball. The Aztecs have been transformed from the ugly duckling that muddled through the first-ever Mountain West Conference campaign with an 0-14 record into a program that has produced three .500 or better campaings in the last four seasons, advanced to postseason play twice in the last three years, claimed a conference championship and the first Division I postseason victory in school history.

It is a school that now regularly goes toe-to-toe with the west's best basketball programs on the court and in the recruiting wars. It may be the new program on the block but seniority rarely matters in the changing world of college athletics.

When Fisher arrived on the scene, he found a basketball program that wasn't good enough to be called average. The Aztecs had suffered through 13 losing seasons in 14 years. Members of the school's last NCAA team were in the early stages of middle age. The expectations were in place all right. The Aztecs were expected and expecting to lose. The year before his arrival San Diego State won just four games.

The hiring only dates back to March of 1999, so referring to the "Steve Fisher Era" at San Diego State might be considered a bit premature. But with the Aztec banner now flying over the Mountain West Conference, there is little doubt that San Diego State basketball has reached a new level.

On March 26, 1999, San Diego State announced its arrival on the basketball scene in the form of a news conference to introduce its new coach, Steve Fisher. Fresh from a stint with the Sacramento Kings and with three appearances in the Final Four and a national championship in his pocket, he rolled up his sleeves and went to work. And work was needed. It looked to be a daunting challenge and yet the man with one of the highest winning percentages in NCAA Tournament history had no reservations.

No head-coaching career, at any level, started quicker than that of Steve Fisher. Six games into his head-coaching career he was undefeated and sporting a national championship ring. And the success didn't stop with the national title.

Fisher's eight-plus seasons at the University of Michigan produced a 184-82 (.692) record, nine postseason tournament berths and three trips to the NCAA championship game, including the magical run to the 1989 national title.

Under Fisher, the Wolverines also claimed an NIT championship, won at least 20 games four times and finished among the top three in the powerful Big Ten Conference five times. In 1995, Michigan set a league record by holding opponents to just 39.4 percent shooting from the floor.

Fisher and Company raised the bar even higher in the postseason. His seven NCAA Tournament teams at Michigan combined for a 20-6 record, ranking him fourth among active coaches and ninth in NCAA history with a winning percentage of .769 in the national bracket. Only 13 coaches have taken more teams to the Final Four, including just five that are still active. He is one of three coaches to take three squads to the Final Four in the first five years of a head-coaching career, and one of just six coaches to lead a team to the championship of the NIT as well as the NCAA.

His accomplishments may be even greater at San Diego State. In 2001-02 he led the Aztecs to the postseason for the first time since 1985 and for just the fourth time ever. The 21 wins were second most for the school as a Division I program and the most since 1985. The fact that those numbers came after just three seasons signifies what is one of the great recent turnarounds in college basketball.

He followed that up with a third consecutive season with a .500 or better record in 2002-03 and led San Diego State back to the postseason for the second consecutive season for only the second time in the school's Division I history. In addition, SDSU claimed its first Division I postseason victory with a win in the NIT.

The Aztecs survived the loss of four starters and arguably the most difficult schedule in school history to post a 14-16 record in 2003-04. Highlights during the campaign included a third-place finish at the EA Sports Maui Invitational and home victories over Brigham Young and Utah.

The future looks even brighter. The Aztecs return three starters to go along with another nationally-ranked recruiting class have SDSU fans looking forward to the 2004-05 campaign.

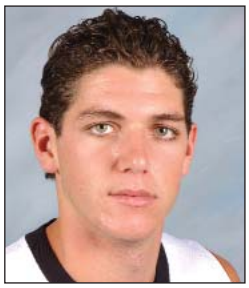
3 • Chris Walton

Forward • 6-8 • 234 • Senior • San Diego, Calif. (Univ. of San Diego High)



Has not practiced since Nov. 20th due to a lingering groin strain/hip flexor injury... MRI and x-rays were negative and the senior was planning to visit a specialist on the East Coast... Recently, the injury has been responding to treatment and he now hopes to be able to start practicing again in the coming weeks... When he missed the Nov. 22 game against Monmouth, it snapped Walton's streaks of 31 consecutive games played and team-high 18 consecutive games started... The UC Santa Barbara game (11-19-04) marked just the second time in his last 31 games that he was held scoreless... Ranks among the school's career leaders in games played (17th), minutes played (20th), blocked shots (21st) and assists (26th)... Walton has played in 49 Aztec victories, that is the highest total among active players and the 14th highest all-time since the statistic has been kept beginning with the 1975-76 season... Organized his third annual drive to benefit AIDS patients in the San Diego area in conjunction with the San Diego SLAM (12-11-04).

Trends: San Diego State has won eight straight games and was 5-0 last season when Walton attempted at least four free throws.

33 • Chris Manker

Center • 7-0 • 225 • Senior • West Des Moines, Iowa

(Laguna Beach (Calif.) High/Oregon State University)

MWC Rankings (as of 12/19): 14th in offensive rebounding, 17th in scoring

One of the real surprises in the Mountain West Conference this season, he has already surpassed his scoring and assist total from all of last season... Possibly the most telling stat of his value is in his hockey plus-minus rating... When Manker is in the game, SDSU has outscored its opponents by 47 points in those 225 minutes... In the other 140 minutes he has not been on the floor, the Aztecs have been outscored by 23 points... Already has 28 two-point field goals this season after connecting on 17 all of last season and 52 in his first three seasons combined... Played in all nine games this season and has started six games... Started six games this season after starting five his first three seasons combined... Has four double-figure scoring games this season after posting three in his first three seasons combined... Made 13 of his last 14 free throws attempts... Had a string of 10 consecutive free throws made broken at LMU (12-18-04)... Current FTM streak is three... One of two players to record a point, rebound and an assist in each of the first seven games this season (Brandon Heath)... Set a then-career high with 17 points, and added eight rebounds and a career-high three steals against UC Santa Barbara (11-19-04)... Against UC San Diego (11-27-04), scored his current career-high of 23 points on 8-for-13 shooting, all from inside the arc, and added a career-best 5-for-5 performance from the charity stripe... Also set a new career-mark against UC San Diego (11-27-04) with three assists, which he matched against California (12-11-04).

Trends: San Diego State is 2-2 this season and 9-3 in Manker's career when he blocks a shot... Dating back to his days at Oregon State, Manker's teams are 12-4 when he blocks a shot... SDSU is 3-2 this season and 12-7 in his career when Manker shoots 50 percent or better from the field.
