**San Diego State head coach Brady Hoke:**

**On tonight's contest:**

"You know, we got to play better football overall. I thought defensively, kids played hard. A nice job offensively. Can't have turnovers like we had, and you know, we've got to be able to run the ball and we couldn't do that. Our defensive and offensive line had a hard time."

**On struggles in second quarter and right before the half:**

"Yeah, you know, I think they figured a few things out. But I sure think we have got to play better football and we didn't. You know, that's where it starts, and it starts on us coaching them and getting them set to go."

**On reflecting on the 2022 season:**

"There are some positives. When you look at how we made some adjustments when we needed to, I thought that was something that everyone was on board with, and everybody had a great attitude."
