

Thank you for your interest in San Diego State University's Softball Camps!

The Aztec softball program has celebrated one of the best seasons in its 30 year history with its march into the top 20 national rankings. Two years ago, the team finished in the finals of the NCAA tournament, and the program has won three conference championships in the last six seasons. This season the Aztecs are again competing for their place among the nation's elite and in the Women's College World Series.

Not only have the Aztecs been recognized as a premier program in the country, but the coaches have been for their expertise during skill clinics and camps, coaches' clinics, and prospect camps.

All camps and clinics are held on campus at the San Diego State University softball stadium, and will be conducted by current SDSU Coaches, former Aztec alumni, and current Aztec players.

Please see below for important information regarding our summer softball camps. You are welcome to contact Miranda Bleisch by email softball@mail.sdsu.edu if you have questions. All registration is done online through Active.com – visit [HERE](#) to register.

Summer Camps

June and July, 2008

Advanced Softball Showcase

San Diego State University is an elite softball program combining innovation, philosophy, discipline, and determination on its drive for excellence. We would like to invite you to participate in a unique opportunity this summer.

We are hosting some of the most gifted high school age student-athletes on campus for our Advanced Skills Showcases. During this showcase, you will participate and learn all phases of the game: advanced offensive and defensive techniques, pitching and catching, base running, strength and conditioning. You will also have the opportunity to play in competitive games to showcase your skills. The goal of this camp is to prepare you for an elite level of competition, allow you the opportunity to get to know our coaches' and program philosophy, and to provide you with the opportunity to surround yourself with other athletes who have your same goals.
