THE UNIVERSITY

Hepner Hall

San Diego State University has grown and developed through its 118-year history into one of the nation's major public research institutions. Our 35,000 students and 290,000 alumni are proud to live the ethos "Leadership Starts Here."

The university offers bachelor's degrees in 91 areas, master's degrees in 78 areas and doctorates in 22 areas.

SDSU is committed to diversity and to excellence. Fifty-six percent of our students are students of color, and the university is nationally recognized for veterans' programs that serve more than 1,200 veterans and their families and for sending more than 65 students abroad as Fulbright Scholars since 2005.

Students from all backgrounds have opportunities for transformative educational experiences such as undergraduate research, study abroad, internships and entrepreneurship training.

Classified as a high-research university, SDSU received \$108 million in research funding last year. Our researchers focus on real-world challenges, and our students benefit from access to cutting-edge technology and engaging in research alongside mentors who are leaders in their fields.

SDSU faculty, staff and students lead the way in fields such as understanding and treating heart disease; engineering brain-controlled robotic devices and alternative energy solutions; studying health issues such as autism, fetal alcohol syndrome and childhood obesity; and learning more about bacteriophages – viruses that kill bacteria and hold important keys to human health problems.

SDSU leverages its strategic location on the Pacific Rim and the border of Latin America to advance international study and research. The university has nearly 400 education programs in 52 countries and is among the nation's leaders in the number of students who study abroad. Led by our Lavin Entrepreneurship Center and our Zahn Innovation Center, SDSU is recognized as one of the top universities in the nation for entrepreneurship.

SDSU engages our greater community by hosting more than 350 on-campus arts events annually and fielding nationally recognized athletics teams.

Helping to fuel this academic and research excellence is the university's first comprehensive fundraising campaign. The Campaign for SDSU is raising \$750 million for student success and faculty and staff support. Generous donors are establishing a culture of philanthropy that ensures San Diego State will thrive throughout this century and beyond.

New Arts and Letters Building

UNIVERSITY DISTINCTIONS

ACADEMIC STRENGTH

- SDSU continues to gain recognition as a leader in higher education. It is currently ranked in the top 150 national universities and in the top 80 public universities, according to U.S. News & World Report's annual ranking of America's Best Colleges.
- SDSU's international business undergraduate program is ranked No. 10 in the nation and several graduate programs are standouts in their fields, according to U.S. News and World Report. They include rehabilitation counseling (No. 9), speech language pathology (No. 25), clinical psychology (No. 26), audiology (No. 27), nursing midwifery (No. 29) and public health (No. 30).
- SDSU is a hub of student invention and innovation, led by the Lavin Entrepreneurship Center and the Zahn Innovation Center. Forbes magazine ranked SDSU No. 18 on its list of America's Most Entrepreneurial Universities.

- SDSU's diverse campus includes more than 750 students enrolled in the Susan and Stephen Weber Honors College and a growing number of Merit Scholars—students with a minimum high school GPA of 4.0 and SAT scores of at least 1400.

A CULTURE OF ENGAGEMENT

- More than 49,000 alumni and friends have contributed to The Campaign for SDSU, the university's first comprehensive fundraising campaign, which is raising \$750 million to support students, faculty and academic programs.
- Fiscal year 2014 was the most successful year of private giving in SDSU's 118-year history and the year in which The Campaign for SDSU surpassed \$500 million.
- "Building on Excellence" is SDSU's broadly consultative strategic plan establishing the direction and priorities of the university for the next several years and focusing on three areas: student success, research and creative endeavors, and community and communication.

- SDSU engages its alumni and encourages them to share their professional expertise and experience with current students through programs such as the Aztec Mentor Program and Aztecs Hiring Aztecs.

COMMUNITY ROOTS

- The Price Community Scholars program provides financial support for local, first-generation students with track records of strong academic achievement and leadership in high school. They, in turn, mentor neighborhood middle school students who aspire to earn college degrees.
- Associated Students confronted the significant challenges of hunger and food insecurity in our community by raising more than 304,000 pounds of food in the Aztecs Rock Hunger drive during fall 2014. AS and SDSU also support the College Area Community Garden, which unites the university and its neighbors in cultivating an urban space for growing fruits and vegetables.
- SDSU's Guardian Scholars program is a unique opportunity for students leaving the foster care system. Young men and women accepted into the program receive full scholarships, year-round housing and academic mentoring to support them in becoming active community members.
- SDSU's Graduate School of Public Health, with researchers funded by the National Institutes for Health and the National Center for Disease Control, is a leader in research and outreach programs designed to combat childhood obesity, particularly in San Diego and Baja California.

A DIVERSE CAMPUS

- SDSU was selected for the second consecutive year as a recipient of the INSIGHT Into Diversity Higher Education Excellence in Diversity Award. The national honor recognizes U.S. colleges and universities that demonstrate outstanding commitment to diversity and inclusion.

- U.S. News and World Report ranked SDSU in the top 20 nationally for ethnic diversity—a point of pride for the university, where students from all backgrounds are achieving academic excellence.

- Arts Alive SDSU integrates arts events and arts practices into the curriculum and recognizes art as a campus-wide value on par with research and international study. With 350 events scheduled each year, Arts Alive reaches an audience of more than 100,000 annually.

- SDSU is consistently recognized by CampusPride.org as among the top 20 most LGBT-friendly campuses in the nation. In 2014, the university opened The Pride Center, an inclusive, safe, and affirming gathering space for persons of all sexual and gender identities and their allies.

AN INTERNATIONAL PERSPECTIVE

- SDSU ranked No. 22 in the nation for the number of students studying abroad in the latest Institute for International Education's Open Doors report. More than 2,100 students have international experiences each year, choosing from nearly 400 programs in 52 countries.
- SDSU recently competed against leading national universities to win the largest grant in university history—\$30 million—to offer science and engineering degree programs in the nation of Georgia and build a unique partnership that enhances our international profile.

- The J. Keith Behner and Catherine M. Stiefel Program on Brazil is SDSU's first endowed academic program with an international focus. Over the next five years, through research collaborations with major Brazilian universities, SDSU will strengthen its global leadership in public health, environmental sciences, international business and urban development.

- Each year, SDSU welcomes more than 2,100 international students from dozens of countries, including China, India, Saudi Arabia, Kuwait, South Korea, Japan and several European nations.

RESEARCH ACCOMPLISHMENTS

- SDSU is classified by the Carnegie Foundation as a doctoral-granting institution with high research activity funded by the National Institutes of Health and the National Science Foundation. Undergraduate students have many opportunities to work with faculty mentors on exciting projects in SDSU's campus labs and research centers.

- In cutting-edge facilities like the privately funded Donald P. Shiley BioScience Center, San Diego State researchers are developing novel treatments for healing hearts with stem cells and studying the role of inflammation in heart disease.

- SDSU's Center for Sensorimotor Neural Engineering, funded by the National Science Foundation, is partnering with MIT and the University of Washington in an \$18.5-million project to perfect brain-controlled robotic devices that interact seamlessly with the human body to improve and restore muscle function and movement.

- The Student Research Symposium is an annual forum for graduate and undergraduate students to present their faculty-mentored research to an academic audience and incorporate the evaluation into their work. More than 375 students from 86 majors participated in 2014.

MOVING FORWARD

- While there are many ways to measure San Diego State University's progress and achievements, the foundational issue is who we can be and what we can accomplish as a leading public university.

- Moving forward, we will continue to establish ourselves as a university of the highest quality where all students achieve success, where faculty, staff and student researchers address pressing societal challenges, where we come together to experience the beauty and power of the arts, and where we harness our knowledge and our talents to serve our community and the broader society.

AZTEC CULTURE

AZTECS AND SDSU

San Diego State University first adopted the Aztec name in the 1920s as a nickname for the college's sports teams. In 1925, the student newspaper followed suit, changing its name from The Paper Lantern to The Aztec. Since that time, San Diego State's celebration of Aztec heritage has permeated the campus. In 1936, a Donald Hord sculpture of Montezuma II, the last Aztec emperor, became a welcoming campus icon. With the passing years, Aztec themes echoed in the names, colors and architectural elements of new campus buildings. And Aztec culture became the subject of more than a dozen university courses.

In 1941, Monty Montezuma, a character based on Montezuma II, debuted at San Diego State athletic events as a symbolic personification of the Aztecs. Over time, the Montezuma character's look and activities have evolved from a sports mascot into a more dignified and accurate representation of the historical emperor. Montezuma now serves as the university's ambassador of Aztec culture, charged with the responsibility of informing and educating the San Diego community about Aztec civilization. SDSU continues to take pride in its affiliation with Aztec culture and to celebrate the Aztec virtues of strength, valor and intellectual achievement.

SDSU'S AZTEC HERITAGE

From the early decades of its history, San Diego State has identified itself with the Aztecs, one of the most sophisticated and distinctive societies in the history of the Western Hemisphere. A fitting choice for a university committed to internationalism and diversity, the Aztec identity evokes great pride in Mexico, as well as among many people in the United States, and certainly within the SDSU community. Consequently, San Diego State strives to honor the Aztec people by enhancing awareness, understanding and appreciation of Aztec culture and achievements.

AZTEC HISTORY

Aztec civilization dates back to at least the 12th century A.D. The precise location is still debated by scholars, but tradition tells us of a place somewhere north of modern-day Mexico City known at that time as Aztlan, which meant "the place of the cranes" or "the place of the herons." The people who lived in this land were called Azteca meaning "those of Aztlan."

The Azteca eventually left their homeland and became known as the Mexica. Native folklore attributes this name change to the instructions of the people's patron deity, Huitzilopochtli (Hummingbird on the Left).

Around 1325, the Mexica settled on an island in Lake Texcoco, an area that is now the heart of Mexico City, and named it Tenochtitlan or "the place of the fruit of the cactus." A century later, the Mexica and two other Nahuatl-speaking city-states, Texcoco and Tlacopan, combined to create an entity popularly known as the Aztec Empire.

Boasting a strong military force, this new alliance commanded a sphere of influence that stretched across much of present-day Mexico.

Tenochtitlan and its surrounding valley evolved into a highly sophisticated, multicultural and multilingual city-state of several million inhabitants. At this same time, major European cities numbered only 30,000 to 40,000 in population. A cradle of innovation, the Aztec Empire developed advanced systems of trade, science, politics, religion, education and agriculture. The Aztecs also enjoyed sports and built grand ballcourts to accommodate team events.

DR. ELLIOT HIRSHMAN

Eighth President of SDSU

Dr. Elliot Hirshman serves as president of San Diego State University - a major public research university that addresses real-world challenges. Its 35,000 students pursue research and learning under the guidance of internationally recognized mentors in innovative on-campus labs, entrepreneurship centers and business incubators. SDSU is characterized by the Carnegie Foundation as a research university with high research activity and also is designated as a Hispanic Serving Institution.

Dr. Hirshman is committed to student success and to ensuring that students from all backgrounds achieve academic excellence. SDSU produces many Fulbright awardees and is a leader in the number of students who study abroad. It is among the nation's leaders in ethnic and economic diversity. President Hirshman leads an institution recognized for the largest increase in graduation rates in the U.S. and one that is among the nation's leaders for graduating students of color.

Dr. Hirshman implemented an integrated financial strategy and budget, and he is leading SDSU's first comprehensive fundraising campaign. The Campaign for SDSU met its \$500-million goal for student and faculty support. The Campaign is now

raising an additional \$250 million in its final, legacy phase to endow the Honors College, scholarships, professorships and research, and build a new engineering and interdisciplinary sciences building. Dr. Hirshman oversaw the university's recently completed strategic planning process that identified initiatives, funding and implementation steps in the areas of student success, research and creative endeavors, and community and communication.

Dr. Hirshman is president of the SDSU Research Foundation Board and a member of the California State University's President's Commission for Education and Research in Biotechnology and of its Presidents' Council for the Council on Ocean Affairs, Science and Technology. He serves on the boards of the San Diego Economic Development Corporation and the San Diego Regional Chamber of Commerce. He also is a member of the executive committee of the Commission on Access, Diversity and Excellence for the Association of Public and Land-grant Universities and a member of the Distinguished Alumnus Award Search and Selection Committee for the American Association of State Colleges and Universities.

Prior to Dr. Hirshman's appointment at SDSU in 2011, he served as provost and

senior vice president for academic affairs at the University of Maryland, Baltimore County. He also had been chief research officer at the George Washington University and chaired the Departments of Psychology there and at the University of Colorado at Denver. He began his academic career, rising to the rank of full professor, at the University of North Carolina at Chapel Hill.

Dr. Hirshman earned his bachelor's degree *summa cum laude* in economics and mathematics from Yale and his master's degree and Ph.D. in cognitive psychology from UCLA.

He is a fellow of the American Psychological Association. His research and teaching focus on the psychopharmacology of human cognition, using an interdisciplinary approach that involves collaboration among psychologists, medical doctors and statisticians. Dr. Hirshman has served as associate editor of the *Journal of Experimental Psychology: Learning, Memory & Cognition* and *Psychonomic Bulletin & Review*.

Dr. Hirshman is married to Jeri Hirshman. The Hirshmans' children, Wendy and Nathan, are honors students. Wendy graduated from Muhlenberg College in Pennsylvania, and Nathan attends the University of Virginia.

DIRECTOR OF ATHLETICS

Jim Sterk enters his sixth season as the University's Director of Intercollegiate Athletics, having already left an indelible mark on San Diego State. He has overseen the most successful five seasons in San Diego State athletic history. In terms of on-the-field accomplishments, the Aztecs have won 32 conference team championships since the beginning of the 2011-12 academic year, and in the classroom, there have been a record number of scholar-athletes on The Mesa. In addition, Sterk oversaw SDSU's fundraising campaign this past season which once again eclipsed the previous record.

In terms of competitive success, San Diego State continues to set itself apart, compiling the fourth-highest combined winning percentage in the country in football and men's basketball since the beginning of the 2010-11 season at 75.2 percent (182-60). In addition, SDSU is one of four schools nationally to have appeared in six consecutive NCAA tournaments and have its football team play in five straight bowl games.

The overall success of the program can be traced to the 2011-12 academic

year when nine athletic teams advanced to postseason play and scored postseason points in NCAA competition. Two of those programs - men's golf and women's outdoor track & field - finished among the nation's top 10. Since then, a school-record 11 teams accumulated postseason points for SDSU in 2012-13, followed by 10 in 2013-14 and nine teams this past season.

For the first time in school history, San Diego State had four teams finish among the top 20 nationally at NCAA championships (men's golf, men's basketball, softball and men's tennis).

San Diego State has also become the dominant program in its conference, claiming 27 league titles since the beginning of the 2012-13 campaign. This past season alone, SDSU's athletic teams combined to win eight team league championships.

In his tenure, Sterk has watched 17 San Diego State sports finish in the top 25 at NCAA championships, including five squads that finished in the top 10 of their NCAA tournament.

Since arriving at San Diego State in February 2010, Sterk, 59, has led the Az-

tec athletic department to fiscal stability. Despite state cutbacks, he has ended each of his first four years at SDSU in the black, and athletic department fundraising is at an all-time high.

His impact has also been felt throughout the department as he has hired or extended the contracts of 16 current head coaches at San Diego State. The current collection of Aztec head coaches have combined to earn 40 conference coach-of-the-year honors.

Sterk's vision of a program that competes with the nation's best on the field, and one that takes a back seat to no one in the classroom, is well on its way to becoming a reality.

This past April, a school-record 335 individuals were honored as scholar student-athletes at the traditional year-end banquet, bettering the mark set in Sterk's fourth year on The Mesa.

In addition, San Diego State set a school-record with an institutional-high 12 programs setting multi-year highs in the Academic Progress Report (APR) released by the NCAA in May 2015. Among those programs that scored record multi-year APR figures were football, men's basketball and baseball.

Sterk came to SDSU from Washington State University, where he served as athletic director since 2000. Prior to his hiring at WSU, he was the AD at Portland State University from 1995 to 2000.

Sterk also has a solid reputation and the respect of his peers across the country. The NCAA recognized him in 2006 as the Division IA Athletic Directors' "Program of Excellence."

He oversaw a period of unparalleled success at Washington State with historic accomplishments both on and off the field.

In his last three years at WSU, 13 Cougar teams competed in NCAA postseason tournaments, including back-to-back trips by the men's basketball team (2007 and 2008), while women's rowing earned five NCAA championship bids, including a fourth-place finish in 2006, the highest finish ever by a WSU women's team in NCAA competition.

Sterk graduated from Western Washington University in 1980, where he earned four letters in football and one in basketball. He was credited with a school-record 164 tackles during the 1977 season, garnering first-team NAIA District I all-star accolades. He was named team captain and MVP, helping the Vikings to the district championship game. On Feb. 6, 2010, Sterk was inducted into Western Washington's Athletics Hall of Fame for his success in football.

Sterk received his master's degree in sports administration from Ohio University. In addition to SDSU, Washington State and Portland State, his professional career has also included positions at North Carolina, Maine, Seattle Pacific and Tulane.

Sterk and his wife Debra have three daughters: Ashley (26), Amy (23), and Abby (20).

JIM STERK

Director of Athletics
Sixth Year at SDSU

W. Basketball (33rd)	

2010-11 NCAA FINISHES

→ M. Basketball (9th)	Football (26th)
M. Golf (16th)	W. Golf (49th)
Softball (17th)	Outdoor T&F (60th)

→ - indicates best Division I finish in program history

One of the premier on-campus basketball arenas in all of America, Viejas Arena at Aztec Bowl provides a 12,414-seat, state-of-the-art venue while keeping fans close to the floor and part of the action.

Opened in 1997, the facility is the home of San Diego State basketball and provides a venue for university functions, cultural events, concerts and other special-event programming. It features a unique open-air concourse design that allows fans to enjoy the excellent San Diego climate and adds a new experience to attending arena-type events.

The arena is built on the site of the old Aztec Bowl stadium which hosted San Diego State football games as well as other athletic, entertainment and cultural events from the time of its construction in 1936 until 1967.

Built directly into a canyon hillside, Viejas Arena encloses one end of the old horseshoe-shaped Aztec Bowl. Two sections of the stadium's original concrete bleachers and cobblestone walls frame each side of the arena's north entrance. In addition, the university's 10-ton granite boulder, a California landmark commemorating President John F. Kennedy's 1963 commencement address at Aztec Bowl, has also been placed in this area.

In addition to Aztec basketball contests, Viejas Arena has played host to concerts by such artists as Cher, Eric Clapton, Britney Spears, No Doubt, Barry Manilow and Aerosmith. In spring of 2001, Billy Joel and Elton John opened their world tour with a sold-out show at Viejas Arena.

Viejas Arena seats 12,414 for sporting events. The seating includes the top nine rows consisting of bench seats with the remaining areas as chairbacks. The total seating is approximately 3,935 bench seats and 8,065 chairs. In the special event/concert configuration there are approximately 11,500 seats. All seating configurations are flexible and can be adjusted.

The facility features a state-of-the-art videoboard with video-replay capabilities. The board also includes up-to-the-minute statistical information on individual players.

The facility is equipped with seven locker rooms, two of which are complete with team rooms, equipment rooms, and a shared training room.

The women's team lounge was recently renovated and now includes three large-screen television sets, individual leather recliners and track lighting.

The Mezzanine Level houses a VIP Room for banquets, pre- and post-game functions, and other formal and informal gatherings. The room consists of a 2,200 square-foot space that can be divided into two rooms of 800 and 1,400 square

feet. The 800-square foot area can also serve as an interview room for sporting events.

Viejas Arena served as host to the first and second rounds of the NCAA men's basketball championships in 2001 and 2006, along with second and third-round action in 2014 and will do so again in 2018.

In addition, the venue was the home of the 2001 NCAA women's volleyball national championship and the 2006 McDonald's All-American High School basketball games, before welcoming the first and second rounds of the NCAA women's basketball tournament in 2009.

The Playing Floor at Viejas Arena

The original Viejas Arena court was used at the 1997 NCAA Final Four in Indianapolis. In the semifinals, Kentucky defeated Minnesota, 78-69, and Arizona beat North Carolina, 66-58. In the championship game, Arizona defeated Kentucky, 84-79, on March 31, 1997. A new playing surface was installed prior to the 2010-11 season.

Steve Fisher Court

San Diego State has honored men's basketball head coach Steve Fisher by naming the Viejas Arena hardwood "Steve Fisher Court," in ceremony at the Aztecs' on-campus home on Oct. 29, 2015. To coincide with the court naming, a generous \$500,000 challenge gift has been committed to create the "Steve Fisher Basketball Endowment" with a goal of \$1 million, which will generate support for basketball excellence.

The Aztec Athletics Center was re-dedicated as the Fowler Athletics Center in May 2011

Aztec Hall of Fame

Dreams became reality on the campus of San Diego State University in August of 2001, when all facets of the Department of Athletics relocated to the Aztec Athletics Center.

The construction of the new complex came on the heels of the completion of Tony Gwynn Stadium, Viejas Arena and the SDSU Sports Deck.

The facility, which was re-christened the Fowler Athletics Center in May 2011, is a four-story, 130,000-square-foot structure located west of Viejas Arena on 55th Street and just south of Peterson Gym. The center truly moves San Diego State athletics into the 21st century.

The multi-level structure houses all elements of the Aztec athletic program. Until its completion, the San Diego State athletic department operated out of six buildings on the west side of campus.

The Fowler Athletics Center is one of the latest pieces of the San Diego State facility upgrade.

In August of 2000, the University held its first competitions on the new soccer and track and field facility, located just south of the Fowler Athletics Center site.

In the spring of 2005, the San Diego State men's and women's tennis squads began play at their new facility, the Aztec Tennis Center, while the softball team opened up its new complex, the SDSU Softball Stadium.

A brand new on-campus pool, the Aztec Aquaplex, where the swimming and diving and water polo teams compete, opened in March 2007. The complex features two pools, one for competition and one for recreation.

With the completion of its building plan, the San Diego State athletic complex and facilities rival any university in the western United States.

FOWLER ATHLETICS CENTER

15,000-Square Foot Weight Room

FOWLER ATHLETICS CENTER HIGHLIGHTS

- The entrance lobby of the Fowler Athletics Center houses the 5,000-square-foot Aztec Hall of Fame, presented by the Wise Foundation. The museum is the first permanent home of the Hall of Fame and features displays, informative kiosks, interactive video trivia games and a plaque commemorating the induction of each Hall of Fame member. Women's basketball players who are members of the Hall of Fame include Kieisha Games, Chana Perry, Judy Porter, Falisha Wright and Michelle Suman. (See page 106 for more information on the Hall of Fame).
- A state-of-the-art weight room, encompassing more than 15,000 square feet, is also located on the first floor of the building. It includes a running track for indoor timing.
- Each varsity sport, with the exception of the baseball squad which has a clubhouse at Tony Gwynn Stadium, has a plush locker room on the first floor of the building. The locker rooms include a lounge and television area and oak lockers.
- The sports medicine center and equipment operations are also located on the first floor and help provide incredible convenience to the locker rooms, weight room and other practice facilities.
- A first-floor auditorium that seats more than 200 has already been the site of major news conferences, watch parties and public forums.
- SDSU's football offices are located on the second floor.
- The academic center, complete with two lecture halls, private tutorial rooms, and a new computer lab, is housed on the third floor. The computer lab and study areas are flanked by academic counselors, tutor offices and learning specialists.
- The third floor is also home to the athletic administration and the women's basketball staffs.
- The fourth floor includes coaches offices and a plush recruiting lounge.

Computer Lab

Hydrotherapy Pool

The dual role of student and athlete can be a daunting challenge for any person at the Division I level. Recognizing that academic challenge, the Student Athlete Academic Support Services program has been developed at San Diego State to assist all student-athletes in achieving academic excellence.

It is a source of pride within San Diego State athletics that the department has developed one of the most comprehensive academic support programs in the country.

THE STAFF

The SAASS staff includes a director, a learning specialist, four academic advisors, the department's director of compliance, an eligibility coordinator, a financial aid coordinator as well as a recruitment coordinator.

In addition to the full-time staff, the department employs more than 20 mentors and tutors.

Collectively, they operate a program that enhances each student's satisfactory progress toward graduation.

2015 Aztec Graduate Khristina Hunter

THE SERVICES

Throughout the academic year, advisors offer a variety of services to aid individuals in the development of their personal goals and the blueprint for pursuing those goals.

All new student-athletes are invited to an orientation that helps lay the foundation for future successes. Each advisor teaches a section of the University's Freshman Success course (General Studies 100), which deals with specific transition issues for student-athletes. Topics include time management, study skills and test taking. The course also

2015 SDSU Scholar-Athlete Banquet

introduces new students to services such as the Love Library, University Advising Center, Career Services, Health Services and the counseling center.

THE RESOURCES

In the fall of 2001, the academic unit joined the rest of the athletic department in moving into the \$30 million, 130,000-square-foot Aztec Athletics Center. The academic staff is located on the third floor of the complex and includes a new 40-station computer lab, individual study rooms and two lecture rooms.

THE COMMITMENT

SDSU's annual Scholar-Athlete Awards Banquet honors students with at least a 3.0 cumulative or a 3.2 semester GPA during a calendar year. In the spring of 2014, a University record 316 scholar-athletes and athletic training students were honored for their work in the classroom.

LIFE SKILLS

To further increase the opportunities for success, San Diego State is part of the NCAA's CHAMPS/Life Skills Program. The curriculum of Aztec Pride (Promoting Responsibility, Integrity, Diversity, Education) offers a wide range of programs and activities that enhance the educational experience. Special emphasis is placed on the areas of personal development, community service and career development.

In conjunction with SAAC, the Life Skills Program represents SDSU's total commitment to enhancing the quality of each student's experience.

LIFE SKILLS

Part of being an Aztec means giving back to the community as well as developing as an individual. The Life Skills Program at San Diego State University offers student-athletes a wide range of off-the-court experiences in the areas of personal development, community service and career development.

To ensure success in all three areas, the NCAA Life Skills program began at San Diego State in the fall of 1999. The program provides leadership and community service opportunities, encourages personal and social responsibility and utilizes athletics as preparation for success in life.

The personal development section of Life Skills covers a wide variety of areas, including personal health and drug awareness programs, as well as financial planning, ethics and integrity, and public-speaking opportunities.

The Life Skills Program brings in experts in each field to discuss the topics with each team in an open-forum setting that promotes interaction by those in attendance.

In the area of community service, the Life Skills program matches students and teams to specific groups in the community, providing athletes with the opportunity to play a meaningful role in community involvement.

The San Diego State women's basketball team has embraced this section of the program since its inception. Already this year, the Aztecs have volunteered their time with the San Diego Senior Women's Basketball Association (SWBA), the Autism Tree Project Foundation and Imperial Beach Public Library.

Previous Aztec basketball service projects included a beach cleanup with San Diego Coastkeeper, delivering goods to Rachel's Women's Shelter during the holiday season, building a house with Habitat for Humanity and serving as volunteers at the Special Olympics. In the past, the team has also promoted literacy by reading to kids at various elementary schools in the region, taken part in the San Diego Breast Cancer Awareness Walk, and made visits to San Diego's Children's Hospital.

The team has also hosted basketball clinics at the Boys and Girls Club of San Diego, providing young girls with the opportunity to learn the fundamentals of basketball and enjoy one-on-one time with the players.

Previously, the women's basketball team has helped celebrate National Girls and Women in Sports Day by inviting 200 young women from STAR/PAL to Take A Girl to the Game. In addition to receiving free admission to the game, participants were provided with an individual autograph session with the team following the game.

The Life Skills Program also assists student-athletes with post-graduate career development planning, offering résumé writing and interview workshops while working closely with mentors and career placement services.

The Life Skills Program at SDSU continues to evolve, striving to fit the needs of student-athlete, while benefiting the San Diego community at large.

AZTEC BASKETBALL

PROGRAM HISTORY

Wade Trophy Finalist Judy Porter

40 YEARS AND COUNTING

The 2015-16 season is the 40th in Aztec women's basketball history. Since beginning basketball operations in 1976-77, San Diego State has posted a 605-516 (.540) record, making the Aztecs one of the top programs in the Mountain West.

AZTECS IN THE POSTSEASON

The Aztecs have made 12 postseason appearances since achieving varsity status, including nine berths in the NCAA tournament.

SDSU last punched its ticket to the big dance in 2012, when it lost to LSU in the first round by a 64-56 count. Ironically, Stacie Terry was in her first season as an assistant coach with the Lady Tiger staff.

In 2010, the Aztecs advanced to the NCAA Sweet Sixteen for the first time in program history since the tournament was expanded to 64 teams. SDSU knocked off a pair of ranked foes in No. 17 Texas on the Longhorns' home floor, and then upset No. 10 West Virginia before falling to No. 6 Duke, despite trailing by only a point at halftime, in the regional round.

The Aztecs also earned an at-large berth to the 2009 NCAA tournament, defeating DePaul, 76-70, in the first round for what was the program's first postseason victory in 14 years.

Prior to 2009, the Aztecs most recent trip to the NAAs occurred in 1997, when San Diego State squared off against Oregon in the NCAA Midwest Regional in Knoxville, Tenn.

TOPPING 20

The Aztecs have finished 15 seasons with 20 victories or more in the 39 years of the program, including a school-record 27-win campaign

in 2012-13, when SDSU reeled off a 17-game unbeaten streak en route to claiming its second consecutive MW regular-season championship.

The Scarlet and Black has logged over 20 victories in four of the last seven seasons, including a 23-11 mark in 2009-10, when the Aztecs advanced to the Sweet Sixteen of the NCAA tournament.

AZTECS AND THE MOUNTAIN WEST

SDSU enters the 17th year of conference play in the Mountain West after spending the previous nine in the WAC. The Aztecs captured two straight regular-season conference titles in 2012 and 2013, while sharing the top spot in 2009. SDSU has advanced to the championship game of the MW tournament in five of the last seven years, winning it all in 2010 and 2012.

In the final six years of San Diego State's competition in the Western Athletic Conference, the Aztecs won three regular-season conference championships, including back-to-back titles in 1994 and 1995. SDSU also captured conference tournament titles in 1994 and 1997.

1,000-POINT CLUB

San Diego State's top 20 scorers have all recorded in excess of 1,000 points, including the Aztecs' all-time leader, Judy Porter, who tallied an amazing 2,318 points from 1980-83.

During the 2012-13 season, guard Courtney Clements joined this elite club, vaulting all the way to fifth place on SDSU's career list with 1,495 points scored during her prolific three years on Montezuma Mesa.

Recently, SDSU had three star players finish among the top 10 scorers in school history, including Paris Johnson (3rd - 1,598 points), Jené Morris (4th - 1,499 points) and Quenese Davis (8th - 1,370 points).

Falisha Wright

ALL-CONFERENCE HONORS

The Aztecs have garnered first-team all-conference accolades on 27 occasions in program history, including two apiece by Chelsea Hopkins and Courtney Clements. In all, SDSU has produced three Western Collegiate Athletic Association honorees, four all-Big West selections 12 all-Western Athletic Conference choices and eight all-MW picks.

ALL-AMERICA ACCOLADES

San Diego State players have garnered nine All-America accolades in school history, including Courtney Clements, who collected three certificates during her illustrious career on The Mesa. Clements received honorable mention recognition from the Associated Press in 2012 and twice earned the same distinction from the Women's Basketball Coaches Association (WBCA) in back-to-back seasons in 2012-13.

In addition, Chelsea Hopkins was a WBCA honorable mention choice in 2013, giving the Scarlet and Black two All-Americans in the same season for the first time ever.

Chelsea Hopkins

Jené Morris became the second Aztec to earn All-America recognition twice in her career after landing on the State Farm/WBCA honorable mention squad in 2009 and 2010.

Prior to Morris, another Aztec standout Falisha Wright was a two-time honorable mention choice in both 1993 and 1994.

Chana Perry (1989) was the program's first All-American. She was a two-time first-team Big West selection in 1988 and 1989 and ranks sixth on SDSU's all-time scoring list with 1,445 career points. Perry was also the Big West's player of the year in each of her final two seasons.

WADE HONOREE

The Aztecs' all-time leading scorer Judy Porter was a finalist for the Wade Trophy in 1982. Porter averaged 19.7 points per game as a junior in 1982-83, and 22.6 points per outing as a senior.

During the 2012-13 campaign, Chelsea Hopkins was named to the mid-season watch list for the Wade Trophy en route to receiving honorable mention All-America recognition. Hopkins wound up leading the nation with a whopping four triple-doubles and ranked seventh in assists.

Prior to the 2009-10 campaign, Jené Morris was selected to the preseason watch list for the Wade Trophy, as well as the John R. Wooden Award and Naismith Trophy, becoming the first Aztec so honored.

The Wade Trophy honors the NCAA Division I player of the year and was first presented in 1978.

FABULOUS FRESHMAN

San Diego State has produced some of the top freshman performances in NCAA history. Tina Hutchinson owns the Division I scoring record for a freshman for both points (899) and points per game (29.9), which she recorded in 1984. In addition, Michelle Suman's 66.7 field-goal percentage in her first season on The Mesa (1992) still ranks fifth in the record books.

PROGRAM HISTORY

Jené Morris

TOUGH ON D

The 1996-97 Aztecs led the nation in scoring defense with a 52.0 points per game average en route to a 23-7 overall record. The mark was third-best all-time and is currently tied for 20th in NCAA Division I history.

In addition, San Diego State established a program record during the 2012-13 campaign by limiting opponents to a .337 field-goal percentage, which ranked seventh in the nation. The Aztecs also finished ninth in the country that season with 5.6 blocked shots per game.

AZTECS IN THE PROS

Courtney Clements played in the WNBA championship finals for the second straight year in 2014, as her Chicago

Chana Perry

Sky club fell to the Phoenix Mercury in three games. The former Aztec star, who was traded to the Sky by the Atlanta Dream prior to the season, saw action in 33 games, averaging 2.7 points in 11.4 minutes per contest.

After completing her senior campaign at SDSU, Clements began her professional career as a rookie free agent with the Dream in 2013, while former Aztec teammate Chelsea Hopkins was a late-season pickup that year by the San Antonio Silver Stars.

Clements played in 30 games for Atlanta, including a WNBA finals appearance against the Minnesota Lynx, while Hopkins saw action in four contests before traveling to play overseas in Israel.

Not to be outdone, Jené Morris was the first-ever Aztec selected in the WNBA Draft, going in the first round with the 11th overall pick to the Indiana Fever in 2010.

Morris made her pro debut with the Fever on May 15, 2010, vs. the Washington Mystics and went on to play in 25 games overall during her rookie campaign. After the WNBA season, she went to Europe to compete for CCC Polkowice in Poland before returning to the WNBA for a one-year stint in 2012 with the Tulsa Shock.

Falisha Wright, a member of the Aztec Hall of Fame, also played professionally with both the Portland Power and the Nashville Noise of the American Basketball League (ABL).

In addition, Cierra Warren, a first-team all-MW selection in 2014, signed a contract to play professionally in Europe with the Haskovo 2012 club based in Bulgaria.

PLAYERS OF THE YEAR

San Diego State boasted the Mountain West Player of the Year for the second year in a row as point guard Chelsea Hopkins captured the award after guiding the Aztecs to their second consecutive conference regular-season title in 2012-13. Hopkins topped the MW in assists and finished among the top five in scoring, rebounding and steals.

Meanwhile, Hopkins' backcourt mate Courtney Clements was tabbed the MW Player of the Year in 2011-12, after leading the league with 17.4 points per game overall, which included 13 performances of 20 points or higher.

SDSU also produced a pair of conference players of the

Michelle Suman

year during its affiliation with the WAC in Christina Murguia (1995) and Kieishsha Gaines (1991). An honorable mention all-WAC selection in 1994, Murguia ranks 14th in points (1,237), eighth in rebounds (692) and 10th in steals (191) on the Aztecs all-time career charts.

ACADEMICS JOB NO. 1

Over the past 16 seasons, SDSU basketball players have earned all-academic honors from the Mountain West Conference 31 times, thus proving that athletic and academic success can go hand-in-hand.

The academic accolades also go back to the program's early years as two-year letterwinner Susan Shue was a first team Academic All-American in 1980.

THIS IS THE MOUNTAIN WEST

From its inception in 1999, the Mountain West has been committed to excellence in intercollegiate athletics, while promoting the academic missions of its member institutions. Progressive in its approach, the MW continues to cultivate opportunities for student-athletes to compete at the highest level, while fostering academic achievement and sportsmanship. Now in its 17th year, the MW has been assertive in its involvement with the NCAA governance structure and has taken a leadership role in the overall administration of intercollegiate athletics.

The Mountain West has marked several achievements over its first 16 years of existence, most notably becoming the first to establish a sports television network dedicated solely to an intercollegiate athletic conference (The Mtn.). The Mountain West also was the first to experiment with the coaches' challenge in the college football instant replay system, and was the first non-automatic-qualifying BCS conference to participate in four BCS bowl games, winning three. In 2011-12, the Mountain West was among the first conferences to implement a league-wide state-of-the-art basketball instant replay system. Additionally, the Mountain West was the first conference to have a member institution with No. 1 overall picks in both the NFL and NBA drafts in the same year (Utah's Alex Smith and Andrew Bogut, respectively in 2005). With UNLV's Anthony Bennett claiming the No. 1 pick in the 2013 NBA Draft, the Mountain West is one of three conferences to have multiple No. 1 NBA draft selections since 2000. Also, with San Diego State's Stephen Strasburg earning the No. 1 pick in the 2009 MLB Draft, the Mountain West is one of two conferences to have the No. 1 selection in each of the NFL, NBA and MLB drafts since the MW was founded in 1999.

The Mountain West is noted for its geographic diversity. Some of the most beautiful terrain and landscapes in the nation can be found within Mountain West boundaries, including the majestic Rocky Mountain range, which borders five MW institutions (Air Force, Boise State, Colorado State, New Mexico and Utah State). The high plains of Wyoming (elevation 7,220 feet – the highest Division I campus in the nation) contrast with the desert cities of Las Vegas and Reno, home to UNLV and Nevada, respectively, while Fresno State, San Diego State and San José State add a West Coast influence with their locations in Central, Southern and Northern California. The inclusion of the Hawai'i football

program extends the Mountain West footprint to the beautiful islands in the Pacific Ocean.

HISTORY

The Mountain West was conceived on May 26, 1998, when the presidents of eight institutions — Air Force, BYU, Colorado State, New Mexico, San Diego State, UNLV, Utah and Wyoming — decided to form a new NCAA Division I-A intercollegiate athletic conference. The split from a former 16-team conference re-established continuity and stability among the membership within the new league and signaled the continuation of its tradition-rich, long-standing athletic rivalries. Three of the MW's eight original members have been conference rivals since the 1960s (New Mexico, Wyoming and Colorado State), while San Diego State (1978) and Air Force (1980) were longtime members as well. UNLV and TCU entered the fold in 1996 and the Rebels continued as one of the original eight institutions that formed the MW in 1999. TCU re-joined the group with its first year of competition in the Mountain West in 2005-06. With conference realignment sweeping the nation in recent years, the MW has been proactive in addressing membership changes. Boise State University joined the Mountain West in 2011-12, followed by Fresno State and the University of Nevada on July 1, 2012. Also on July 1, 2012, the University of Hawai'i became a football-only member of the Conference. On July 1, 2013, the Mountain West further expanded when San José State University and Utah State University joined the Conference, bringing to 11 the number of full-time member institutions and 12 football-playing members.

2014-15 IN REVIEW

From the gridiron to the diamond, Mountain West teams enjoyed an outstanding year in 2013-14.

In women's basketball, Boise State made its third NCAA tournament appearance after capturing the MW tournament crown and earning the Conference's automatic bid. Mountain West regular-season champion Colorado State and Fresno State advanced to the Women's National Invitation Tournament, while New Mexico received a berth in the Women's Basketball Invitational.

ACADEMIC CONSORTIUM

From the outset, Mountain West member institutions have been committed to creating strong academic relationships, as well as athletic competition. To that end, the chief academic officers of each institution have explored academic exchange programs, library crossovers and shared research. In addition, the faculty athletics representatives routinely provide academic assistance and test-taking services for student-athletes visiting from fellow member institutions for competition.

OPPORTUNITY

The Mountain West provides a first-class athletic and academic experience for more than 5,100 student-athletes each year. Over the past 16 years, 42 Mountain West student-athletes have earned NCAA Postgraduate Scholarships, and since the league's inception in 1999, an additional 28 student-athletes have been named MW Scholar-Athlete of the Year and awarded league-sponsored postgraduate scholarships. Four Mountain West student-athletes have earned distinction as Rhodes Scholars (Jessica Mellinger, Wyoming and Delavane Diaz, Brittany Morreale and Rebecca Es-selstein, Air Force).

Conference student-athletes are also given a voice regarding pertinent issues within the MW and NCAA

governance structure through representation on the Student-Athlete Advisory Committee (SAAC). The Mountain West SAAC consists of 23 representatives; two student-athletes from each full member institution and one faculty athletics representative. The committee reviews and reacts to legislation and to other topics referred by the Conference constituent groups or committees related to the student-athlete experience.

ACHIEVEMENT

The MW has produced 882 All-America selections among its 18 sponsored sports (men's swimming was discontinued as a Conference sport following the 2010-11 season) in the last 16 years, including a league-record 83 All-America honorees in 2010-11. A total of 156 MW student-athletes have also earned Academic All-America accolades in that span. The Mountain West has sent at least 25 teams to NCAA postseason events in each of the past 16 years, capturing three team national championships in women's cross country and producing 36 individual national champions in the sports of men's golf, men's cross country, and men's and women's indoor track & field and outdoor track & field.

Mountain West members have participated in 69 bowl games under the league umbrella, including four appearances in BCS games and one CFP game. The MW has earned 76 postseason bids in men's basketball, with five Sweet 16 appearances among 43 NCAA Tournament slots, as well as two NIT Final Four berths. MW women's basketball has tallied 67 postseason slots, including 34 NCAA bids, five Sweet 16 appearances and one Elite Eight berth since 2000. Wyoming won the MW's first WNIT championship in 2007 with a win over Wisconsin. In women's volleyball, the MW has had 38 NCAA bids with nine Sweet 16 berths and one Elite Eight appearance. Women's soccer has earned 29 NCAA bids since 1999, with two Sweet 16 berths and one Elite Eight appearance. Mountain West men's golf has sent at least three teams to the NCAA Men's Golf Regionals in each of its 16 years, while women's golf has had at least three teams participate in NCAA Regionals 13 of the last 16 years.

SPORTSMANSHIP

Named a Sports Ethics Fellow by the Institute for International Sport in 1998, Commissioner Thompson has been a driving force for sportsmanship within intercollegiate athletics. As part of its continuing growth and development, the Mountain West implemented an extensive Sportsmanship Initiative, endorsed by both the MW Joint Council and MW Board of Directors. The program is made up of several elements, which are both practical and philosophical in nature. While the MW has significant penalties in place to deal with violations, the Sportsmanship Initiative is primarily promotional and educational in nature. The goal is to develop an environment that fosters appropriate behavior from all Conference constituencies.
