Quotes

Princeton Head Coach Luis Nicolao

"Obviously, it was a tough loss. We knew going into it that it was going to be a big challenge for us and we had to play our best game. Anytime we made a mistake, it made for a counter attack and an easy goal. They play great team defense and we had a hard time getting some shots off. I thought overall we had a really good effort, but they are just too good to make simple mistakes on offense, which led to counters and easy goals."

USC Head Coach Jovan Vavic

"I think we played good defense. We did a very good job on 5-on-6s. They were 0-for-3 and we were 5-for-8. We started the game a little bit nervous with some poor passes and some (missed) easy opportunities, but as the game went on, we got our confidence and it went the way we are capable of playing. Overall, it was a good test for us. We played all our players and I was pleased with our performance today."
