Founded March 13, 1897, San Diego State University began as the San Diego Normal School, a training facility for elementary school teachers. Seven faculty and 91 students met in temporary quarters over a downtown drugstore before moving to a newly constructed 17-acre campus on Park Boulevard.

The curriculum was limited at first to English, history and mathematics, but course offerings broadened rapidly under the leadership of Samuel T. Black, who left his position as state superintendent of public instruction to become the new school's first president. Black served from 1898 to 1910.

From 1910 to 1935, President Edward L. Hardy headed a vigorous administration that oversaw major changes to the fledgling institution. In 1921, the Normal School became San Diego State Teachers College, a four-year public institution controlled by the state Board of Education. In that same year, the two-year San Diego Junior College, forerunner of today's local community colleges, became a branch of San Diego State, creating a union that lasted until 1946.

By the 1920s, San Diego State was already beginning to outgrow its Park Boulevard location, and San Diegans launched a campaign to build a new campus on the city's eastern border. In February 1931, students, faculty and staff moved into seven Mission-style buildings surrounding a common area still known as the Main Quad.

San Diego State University

diverse San Diego region, SDSU ranks among the top universities nationwide in terms of ethnic and racial diversity among its student body, as well as the number of bachelor's degrees conferred upon students of color.

Increasingly recognized for innovative research, SDSU has achieved the prestigious designation of "Research University" with high research activity granted by the Carnegie Foundation. For the past two years, SDSU has been ranked the No. 1 research university for those with 14 or fewer Ph.D. programs, according to Academic Analytic's faculty-scholarly productivity index. Since 2000, SDSU faculty and staff have attracted more than \$1 billion in grants and contracts for research and program administration. SDSU ranks among the top 150 public universities nationwide in research expenditures, and SDSU's research funding has more than doubled from a decade ago.

Private giving to San Diego State has also risen sharply in recent years, reaching a record \$65 million in the 2003-2004 fiscal year. Because state funds and student fees provide only slightly more than half of the university's annual operating requirements, the support of alumni, friends and

Four years later, the Legislature authorized expansion of degree programs beyond teacher education, and San Diego State Teachers College became San Diego State College. Also in 1935, Walter R. Hepner took the helm as president, beginning a 17-year tenure. The college continued to grow over time, reaching an enrollment of more than 25,000 students during the administration of Malcolm A. Love, who served as president from 1952 to 1971.

In 1960, San Diego State became part of the newly created California State College system, now known as the California State University system. In the early 1970s, with legislative approval, San Diego State College became San Diego State University.

Leading the institution during the 1970s were Acting President Donald E. Walker (1971-1972), President Brage Golding (1972-1977), Acting President Trevor Colbourn (1977-1978) and President Thomas B. Day, whose tenure spanned from 1978 to 1996. In 1996, Stephen L. Weber became the university's seventh president.

Beginning its 113th academic year in fall 2009, SDSU can take pride in more than a century of achievement in education, research and service. With an enrollment of more than 34,000 students, SDSU has grown into the largest institution of higher education in the San Diego region and one of the

largest in California.

Renowned for its academic excellence, the university is home to top-ranking programs in education, international business, social work, speech-language pathology, biology and public administration, to name just a few. Overall, SDSU students can choose from 81 undergraduate majors, 74 master's programs and 16 doctoral degree programs.

SDSU produces thousands of graduates each year, 60 percent of whom stay in San Diego to pursue their careers, making San Diego State a primary educator of the region's work force, as well as a leader in expanding access to higher education. Committed to serving the richly

community partners is providing a crucial margin of excellence at SDSU, enabling the university to fulfill its mission and expand its service to the San Diego region and beyond.

SDSU also plays an integral role in analyzing and resolving complex community problems. A prime example is the City Heights Educational Collaborative, an ongoing partnership with San Diego City Schools, the San Diego Education Association, teachers and parents. Funded with an \$18 million grant from Price Charities, the Collaborative is improving instruction for students and professional development for teachers in three inner-city schools managed by the university.

Another initiative to improve education in the San Diego region and beyond is the QUALCOMM Institute for Innovation and Educational Success, launched in 2004 with a record \$14.5 million corporate gift from QUALCOMM. The Institute supports programs that aim to enhance math and engineering education across the K-12 spectrum, and supports efforts to revitalize perform-

ance in urban school districts nationwide.

Yet another example of San Diego State's innovative community engagement is SDSU Nurses Now, a program that over the years has partnered with more than 10 local hospitals and health organizations in an effort to alleviate the region's nursing shortage. With more than \$3 million in funding commitment from these health care partners secured so far, SDSU has increased its nursing faculty, enabling the university to educate more future nurses. To date the program has helped SDSU produce an additional 300 nurses.

Perhaps the most visible evidence of SDSU's growth is in the physical additions to campus and its continued commitment to providing a modern learning environment for students, faculty and staff. Over the past decade, the university has completed facilities totaling more than \$600 million in value, including Cuicacalli, a dining and residence complex; the Chemical Sciences Laboratory and the BioScience Center; and the Aztec Athletics Center, housing coaches'

offices, training facilities and the Wise Foundation Hall of Fame. Most recently, construction on the new Parma Payne Goodall Alumni Center has begun. The center will be a gateway for the community to access SDSU's rich assets. Not only will it serve as the first point of contact for alumni and friends visiting SDSU, but it will also be a place where academic and business leaders can collaborate on ventures to benefit our community and impact our future.

Future campus improvements set to take place include the renovation of Nasitir and Storm Halls, expansion of the International Student Center and construction of a new student union building. In addition, SDSU's Campus Master Plan will include the addition of several facilities, including on-campus housing for an additional 3,000 students.

Beyond accolades and campus expansion, San Diego State University remains, as always, most proud of its alumni family, more than 200,000 strong. Among those who call SDSU their alma mater are Federal Trade Commission Chairman Timothy Muris, former Air Force Chief of Staff, Gen. Merrill A. "Tony" McPeak, San Diego County supervisors Greg Cox, Dianne Jacob, Pam Slater, Ron Roberts and Bill Horn; former San Diego Mayor Maureen O'Connor, San Diego city council members Jim Madaffer and Kevin Faulconer, National Teachers of the Year Janis Gabay (1990) and Sandra McBrayer (1994), restaurant executives Ralph Rubio, CEO of Rubio's Fresh Mexican Grill and Linda A. Lang, CEO of Jack In the Box restaurants; astronaut Ellen Ochoa and Costco CEO and co-founder Jim Sinegal.

Aztec alumni also include entertainers Gregory Peck, Art Linkletter, Marion Ross, Julie Kavner and Kathy Najimy; Hollywood producer Kathleen Kennedy; golfers Lon Hinkle and Gene Littler; baseball players Tony Gwynn, Mark Grace, Travis Lee and Graig Nettles; football players Marshall Faulk, Brian Sipe, Fred Dryer, Kyle Turley and Kirk Morrison; America's Cup skipper Dennis Conner; and basketball player Michael Cage.

The success of these individuals and thousands of other SDSU alumni attest eloquently to the success of their alma mater. From modest beginnings, SDSU has evolved into a premier center of learning, research and service.

Aztecs and SDSU

San Diego State University first adopted the Aztec name in the 1920s as a nickname for the college's sports teams. In 1925, the student newspaper followed suit, changing its name from *The Paper Lantern* to *The Aztec*. Since that time, San Diego State's celebration of Aztec heritage has permeated the campus. In 1936, a Donald Hord sculpture of Montezuma II, the last Aztec emperor, became a welcoming campus icon. With the passing years, Aztec themes echoed in the names, colors and architectural elements of new campus buildings. And Aztec culture became the subject of more than a dozen university courses.

In 1941, Monty Montezuma, a character based on Montezuma II, debuted at San Diego State athletic events as a symbolic personification of the Aztecs. Over time, the Montezuma character's look and activities have evolved from a sports mascot into a more dignified and accurate representation of the historical emperor. Montezuma now serves as the university's ambassador of Aztec culture, charged with the responsibility of informing and educating the San Diego community about Aztec civilization. SDSU continues to take pride in its affiliation with Aztec culture and to celebrate the Aztec virtues of strength, valor and intellectual achievement.

SDSU'S Aztec Heritage

From the early decades of its history, San Diego State has identified itself with the Aztecs, one of the most sophisticated and distinctive societies in the history of the Western Hemisphere. A fitting choice for a university committed to internationalism and diversity, the Aztec identity evokes great pride in Mexico, as well as among many people in the United States, and certainly within the SDSU community. Consequently, San Diego State strives to honor the Aztec people by enhancing awareness, understanding and appreciation of Aztec culture and achievements.

Aztec History

Aztec civilization dates back to at least the 12th century A.D. The precise location is still debated by scholars, but tradition tells us of a place somewhere north of modern-day Mexico City known at that time as Aztlan, which meant "the place of the cranes" or "the place of the herons." The people who lived in this land were called Azteca meaning "those of Aztlan."

The Azteca eventually left their homeland and

became known as the Mexica. Native folklore attributes this name change to the instructions of the people's patron deity, Huitzilopochtli (Hummingbird on the Left).

Around 1325, the Mexica settled on an island in Lake Texcoco, an area that is now the heart of Mexico City, and named it Tenochtitlan or "the place of the fruit of the cactus." A century later, the Mexica and two other Nahuatl-speaking city-states, Texcoco and Tlacopan, combined to create an entity popularly known as the Aztec Empire.

Boasting a strong military force, this new alliance commanded a sphere of influence that stretched across much of present-day Mexico.

Tenochtitlan and its surrounding valley evolved into a highly sophisticated, multicultural and multilingual city-state of several million inhabitants. At this same time, major European cities numbered only 30,000 to 40,000 in population. A cradle of innovation, the Aztec Empire developed advanced systems of trade, science, politics, religion, education and agriculture. The Aztecs also enjoyed sports and built grand ballcourts to accommodate team events.

Dr. Stephen L. Weber

FOUR STRAIGHT POSTSEASON APPEARANCES ► FOUR CONSECUTIVE 20-WIN SEASONS

Dr. Stephen L. Weber

University President
14th Year at SDSU

Stephen L. Weber, the seventh president of San Diego State University, provides dynamic leadership to an institution that ranks among the largest in the nation. Educated as a philosopher, President Weber began his tenure at SDSU in July 1996 and shortly afterward initiated a broad-based dialogue intended to set the course for the university's future.

Under President Weber's guidance, students, faculty, staff, alumni, and community leaders participated in shaping this "Shared Vision." SDSU is now moving boldly ahead toward goals set by those discussions: reinforcing academic excellence, nurturing students, honoring diversity and social justice, carefully stewarding resources, and further developing global programs.

In the process, SDSU has become an increasingly popular and selective choice among college-bound students. For fall 2006, some 52,000 undergraduate applicants competed for 8,707 vacancies. Not surprising, the overall academic quality of SDSU students is also rising. In addition, alumni involvement and private financial support of the university have never been stronger.

A champion of community involvement as well as academic excellence, President Weber has been an advocate for community service. Leading by example, he is a past chair of the American Association of State Colleges and Universities Board of Directors and co-chair of Partners for K-12 School Reform. He also serves on the boards of governors of The Peres Center for Peace and BIO-COM, and on the boards of directors of the San Diego Regional Economic Development Corporation and the San Diego Science and Technology Council. He co-chairs the College Presidents' Forum of the San Diego County Policy Panel on Youth Access to Alcohol.

President Weber is a member of the international advisory board for the Foundation for Children of the Californias, the advisory council of the San Diego Performing Arts League, the Community Advisory Board of Union Bank of California, and the advisory board for San Diego Gas & Electric (SDG&E). He serves on the National Collegiate Athletics Association (NCAA) Division I Board of Directors, the NCAA Executive Committee, and served on the Presidential Oversight Committee for the Bowl Championship Series. He is

a member of the San Diego Rotary Club, an honorary director of the Japan Society of San Diego and Tijuana, and an honorary advisor to the Asia Desk of the San Diego World Trade Center.

Born in Boston, President Weber is a graduate of Bowling Green University with a B.A. in philosophy. He received his Ph.D. in philosophy from the University of Notre Dame in 1969 and is the author of numerous articles on philosophy and higher education.

President Weber's many awards include an honorary degree from Beijing Capital Normal University, and distinguished alumnus at his alma mater, Bowling Green University. He was named among the 1997 Headliners of the Year by the San Diego Press Club. Also in 1997, the San Diego Mediation Center honored him with its Peacemaker Award. In 1999, President Weber received the Executive Director's Award from the

San Diego Education Association and the Gold Key Award from the San Diego Hospitality Association. He was recognized as a Leader of Vision by the league of Women Voters of San Diego in 2000.

Before coming to San Diego State University, President Weber served as interim provost of the State University of New York (SUNY); he previously served seven years as president of the SUNY Oswego campus. Prior to that, he was vice president of academic affairs at St. Cloud State University in Minnesota, dean of arts and sciences at Fairfield University in Connecticut, and assistant to the president of the University of Maine. While a faculty member at the University of Maine, he was recognized as the outstanding professor in humanities.

President Weber is married to Susan Keim Weber, who shares his enthusiastic commitment to SDSU. They have two sons.

Jeff Schemmel

FOUR STRAIGHT POSTSEASON APPEARANCES ► FOUR CONSECUTIVE 20-WIN SEASONS

Jeff Schemmel, who has elevated San Diego State athletics to unparalleled success, is in his fifth season on Montezuma Mesa.

In 2008-09, San Diego State posted its best-ever finish in the 16-year history of the Division I U.S. Academy Director's Cup for on-field broad based success. It marked the second consecutive academic year that SDSU set a school record in the standings. Also, Aztec student-athletes continued to excel in the classroom as well, with 229 student-athletes earning 3.0 cumulative or 3.2 semester grade-point averages in 2008.

In addition, San Diego State is coming off one of the most successful final four months of anyone in the country, as six teams - women's basketball (NCAA), men's basketball (NIT), women's tennis (NCAA), men's golf (NCAA Regionals), softball (NCAA) and baseball (NCAA) - advanced to postseason play.

In June, 2008, Schemmel was tabbed as the chair of the NCAA Championships and Sports Management Cabinet, which directly oversees nearly every NCAA Division I championship. The Cabinet is one of six committees that make up the restructured NCAA Governance Structure.

Schemmel was named San Diego State's athletic director on July 6, 2005, and is recognized as one of the most accomplished sitting athletic directors in the country. He is a former practicing attorney, has directed a Final Four, served as a senior administrator at Big 10 and Big 12 schools, and played a part in what might be the biggest football turnaround in the history of college athletics.

Schemmel arrived at San Diego State from Conference USA, where he had served as associate commissioner for governance and legal affairs since October of 2004. During his stay in Dallas, he helped the league negotiate television contracts with ESPN and College Sports Television that exceeded more than \$100 million in revenue, and he served as a member of the NCAA Division I Management Council. From February of 2004 to

October of 2004, Schemmel was the senior vice president and executive director of development for the Arizona State University Foundation, where he oversaw the school's fundraising efforts while supervising approximately 135 employees across the Tempe campus.

Schemmel was an administrator at the University of Minnesota from 1991 to 2003. During his stay in the Twin Cities, he advanced from associate athletic director for compliance to senior associate athletic director and chief operating officer for Gopher athletics. Along with his departmental duties, Schemmel directed the school's efforts in hosting NCAA Championship events, including the 2001 Final Four, one of America's fastest growing events.

He also supervised and implemented a \$3 million capital improvement campaign, and was heavily involved in the hiring of Minnesota's head football and men's basketball coaches.

From 1988 to 1991, Schemmel was an administrator at his alma mater, Kansas State. He served as the school's assistant athletic director for development and later was the associate athletic director for compliance while supervising the school's Olympic sports.

Schemmel was part of the management team that hired Bill Snyder as the Wildcats head football coach. Under Snyder's direction, Kansas

State executed what is considered one of the greatest turnarounds in college football history. K-State had made just one bowl appearance in its history prior to Snyder's arrival, did not win a single game in the two seasons before he took over in 1989, and had just three wins in the previous four seasons. Under Snyder, the Wildcats went to a bowl game 11 times and claimed their first-ever Big 12 title.

Schemmel was a decorated runner at Kansas State and was named the 1976 outstanding student-athlete at the school. As a Wildcat, he was a four-time track and field All-American, a five-time Big 8 Conference champion, was a member of a national champion distance medley relay team and won the Big 8 Conference Medallion.

He also served as an ABC Television and Time Magazine correspondent for the 1976 Summer Olympics in Montreal.

After earning his undergraduate degree in political science, Schemmel earned his law degree at Washburn University in Topeka, Kan. He began his professional career as an attorney and later was a partner in his own firm, specializing in business and sports law.

Schemmel and his wife, Lori, have been married for 32 years. They have two sons, Justin, and Jon.

Media Credentials

Credentials for San Diego State home games are issued to working media only and should be requested as early as possible and at least 48 hours prior to tipoff. Requests should be made in writing on company letterhead.

Season credentials will be granted only to daily newspapers and television/radio stations that cover Aztec Basketball on a regular basis. Otherwise, television/radio station and weekly newspapers will be granted credentials on a single-game space-available basis.

Membership in a writers' association does not automatically qualify an individual or outlet for credentials.

There is a limited amount of press seating available and a season credential does not guarantee a seat in the media area. Media agencies with season credentials still need to contact the media relations office to request media seating.

Single-game credentials should be requested at least 48 hours in advance. To confirm receipt of credential requests or to check the status of a credential request, please contact the San Diego State Media Relations Office. All requests for credentials should be faxed to the media relations office at (619) 582-6541.

San Diego State reserves the right to deny media credentials to any individual who is not affiliated with an official news gathering organization.

Internet Sites

Only the official website of the opponent will be issued credentials. Only the official website of an opponent will be allowed "real time" transmissions of San Diego State home athletic events. Those rights are owned by San Diego State, the Mountain West Conference and its television partners.

Non-Originating Radio

Individuals representing radio stations which are not originating the broadcast of the game will be considered on a space-available basis.

Scouting Tickets

Due to limited media seating at Viejas Arena, professional basketball scouts must purchase a ticket. Requests should be made to Mike May in the SDSU Media Relations Office. Scouts are permitted access to the media work room for access to game notes and statistics.

Parking

On game day, media parking is located on the first level of Parking Structure 4 (PS 4), just north of the arena. Game credentials provide admittance to the structure.

Do not park in the tunnel entrance lot (Lot L) at any point on game days. Violators will be towed.

Will Call/Media Entrance

Members of the media must enter through the loading dock doors of Viejas Arena located through the L Lot. This also serves as the media will call location.

Media Room

The media room and all postgame activities will be conducted in rooms located underneath the arena seating. Media should exit the tunnel located beneath gate N.

Photographers

Photographers are restricted to either designated areas along the baseline and are not permitted along courtside during the game.

Media Seating

Media will be assigned seats along press row tables located behind the visitor's bench. Please check the media seating chart posted in the media work room.

Seating is extremely limited and a cre-

denial does not guarantee a seat in the press area. Season credential holders are asked to call and confirm when they are covering a game to receive an assigned seat.

Postgame Interviews

Home Games - The San Diego State men's basketball locker room is closed to the media, although selected players will be available for interviews in the women's team lounge. A representative of the SDSU Media Relations office will escort members of the media to the postgame interview area.

SDSU players and Coach Steve Fisher, following a short postgame radio session, will be available to the media in the postgame interview area on the mezzanine level of Viejas Arena. Typically, players are available between five and 10 minutes following the departure of the team off the court, followed by Coach Fisher.

Only the television network broadcasting the game live may request coaches and players on the court following the game. Those requests must be made through Mike May.

Opponent Interviews at Viejas Arena - Typically, interviews of opposing players/coaches take place outside the visitor locker room. Contact the visiting sports information director for his or her policy prior to the game.

Road Games - The SDSU locker room is closed. Following a brief cooling off period, Aztec players are available for interviews. Fisher will meet

San Diego State Campus

- 1 Viejas Arena at Aztec Bowl
- 2 Parking Structure 4 - Media Parking on Game Night
- 3 Aztec Athletics Center - Athletic Department Offices including men's basketball and media relations.

with the media upon completion of his postgame radio interview.

Telephones/Internet

The media relations office provides several charge-a-call phones in the press room off the arena floor. The phones are available on a first-come, first-served basis. For courtside phone service, call Viejas Arena at (619) 594-3533. Phone lines for visiting originating radio broadcasts (one ISDN, one business) will be provided on a reciprocal basis.

Free wireless internet is available inside Viejas Arena and the press room. Both signals, however, are different and switching signals is encouraged to receive maximum reception within the building.

Weekly Interviews

All interview requests for Aztec players, coaches and administrators should be directed to the Media Relations office at least one day prior to the interview.

This season, head coach Steve Fisher and selected players will be available at a weekly news conference to be held in Viejas Arena. Please contact the media relations office for specific dates and times.

Players and coaches are generally available after practices, although media are asked to confirm this through the media relations office the day prior to the interview.

On game days, no Aztec players will be available until the postgame media sessions.

Practices

Media wishing to attend practice should contact the Aztec Media Relations office one day in advance, to ensure the practice is open and will be conducted at Viejas Arena.

Media attending practice are asked to sit at least 10 rows off the floor. This includes videographers and still photographers.

When covering practice, obtain a special parking permit from the Viejas Arena administrative offices and show media parking credential. Permits for parking during practice are available in the Viejas Arena offices, and allow vehicle parking in the tunnel entrance lot. Those offices close at 4:30 p.m.

All game-day practices and road practices are closed to the media.

Media Releases

Note packages will be available at least one day prior to each game and in many instances,

much earlier.

The game notes will be e-mailed to local and national outlets and posted on San Diego State's official athletic web site, www.goaztecs.com. If you wish to be added to the distribution list, please e-mail Mike May at mmay@mail.sdsu.edu or call (619) 594-5547.

Pregame packets, including notes and statistics, will be available prior to tip-off. Timeout, halftime and final statistics, plus a running play-by-play, postgame notes and postgame quotes will be provided. Media statistic monitors will allow broadcasters access to updated information. A light meal, along with soft drinks, will be provided during pregame.

Aztec Access

The official website of San Diego State athletics, www.goaztecs.com, includes rosters, schedules, statistics, player bios, press releases and game notes. The website is updated daily.

Each game, San Diego State press releases, game notes and statistics are e-mailed to a large contingent of media locally, regionally and nationally. If you would like to be added to the list, please contact Mike May at mmay@mail.sdsu.edu.

FOUR STRAIGHT POSTSEASON APPEARANCES ► FOUR CONSECUTIVE 20-WIN SEASONS

AM 600 KOGO

In 2007, San Diego State men's basketball had a new home, AM 600 KOGO, the highest rated AM station in the San Diego market.

Aztec Sports Properties, a property of Learfield Sports that holds multi-media rights for San Diego State University Athletics, signed a five-year agreement in late March 2007 that made Clear Channel Broadcasting in San Diego and AM 600 KOGO the radio home of Aztec athletics beginning with the 2007-08 academic year.

The station is serving as the flagship for San Diego State men's basketball and football broadcasts both on the road and at home, and also features a variety of other Aztec programming, including coaches shows and other live events.

KOGO's signal stretches from north of Santa Barbara to south of Tijuana. In addition, Clear Channel will showcase 15 additional live sporting events, including baseball and women's basketball games.

"We are pleased that Learfield Sports has been able to put together a new radio deal for San Diego State," San Diego State Athletic Director Jeff Schemmel said. "Having our football and men's basketball games and coaches shows all on one station and to have that be the highest rated AM station in the market gives us a great opportunity to better serve our Aztec fan base. In addition, Clear Channel's commitment to provide coverage to additional sports, as well as its ability to help promote San Diego State athletics to a variety of demographics, will help our entire athletic program grow."

San Diego State has partnered with Clear Channel the past five years to play host to the annual KGB SkyShow event in conjunction with an Aztec football game. The results have been successful as the SkyShow event has averaged crowds of over 50,000 in its previous five contests.

KOGO, San Diego's News and Talk Station, is owned by Clear Channel Communications. Clear Channel Communications is a global leader in out-of-home advertising and entertainment.

"We are proud and privileged to be the new home of the Aztecs and begin a strong new partnership with SDSU," Clear Channel Vice President and Marketing Manager Bob Bolinger said. "We know the Aztecs are committed to a winning program and we are committed to providing the best college sports broadcast in the country for the fans, the alumni and the community."

The company owns radio and television stations, outdoor advertising displays, produces live entertainment productions and owns venues in 65 countries, including throughout the United States. In San Diego, Clear Channel owns a total of six radio stations in addition to AM 600 KOGO: KGB-FM (101.5), KIOZ-FM (Rock 105.3), KMYI-FM (STAR 94.1), KHST-FM (Channel 933), KUSS-FM (US 95.7 FM) and KLSD-AM (AM 1360).

"Clear Channel has been an outstanding radio partner for the Aztec fans as it has led to a 70 percent increase in our game coverage," said Diane Penny, general manager of Aztec Sports Properties. "We continue to be pleased with this radio partnership, which definitely allows more Aztec fans to hear more games broadcast over the airwaves, and we're certainly proud to be associated with the No. 1 AM station in the San Diego market."

VERSUS, CBS College Sports, and The Mtn.

With the addition of The Mtn. - The MountainWest Sports Network to DIRECTV on August 27, 2008, the Mountain West Conference enjoyed unprecedented national television exposure in 2008-09 with 48 football, 103 men's basketball and 32 women's basketball contests airing across the country through a combination of telecasts on The Mtn., CBS College Sports Network (formerly CSTV) and VERSUS. In addition to the new satellite carriage agreement, The Mtn. has been available to cable subscribers in the MWC footprint since it first aired in 2006-07.

On Aug. 26, 2004, College Sports Television (CSTV) and the Mountain West Conference announced a visionary partnership that revolutionized the college sports landscape. The landmark agreement was the first NCAA Division I football and men's basketball conference-wide deal for CSTV and provided the network exclusive rights to all Conference events, including cable and satellite television coverage, national over-the-air and satellite radio, video-on-demand and online broadcast rights.

A succession of events since the fall of 2004 has improved the television model, including CSTV's joint venture with Comcast SportsNet to create The Mtn., and CBS Corporation's purchase of CSTV. CBS acquired CSTV in January 2006, and on Feb. 12, 2008, incorporated CSTV's cable, broadcast and online activities into its world-famous brand as the CBS College Sports Network (CBS C). The Mtn. is co-owned by CBS College Sports Network and Comcast SportNet.

The relationship with Comcast SportsNet also delivered a new national broadcast partner in VERSUS. The MWC was the first exclusive college programming provider for the Comcast-owned entity, with football and both men's and women's basketball games. The CBS C/MWC partnership has guaranteed greater levels of television exposure for all league sports and has resoundingly met the fundamental goals of more exposure and preferred start times and dates.

In the summer of 2006, the centerpiece of this historic relationship was realized with the launch of The Mtn. - the first sports network dedicated to serving a single collegiate athletic conference. The Mtn. provides sports fans blanket coverage of MWC athletics across multiple sports, including football, men's and women's basketball, and men's and women's Olympic sports. The Mtn. features more than just live games and has added its own original programming. Fans get a comprehensive array of news, features and analysis about their favorite MWC teams and players. More than 17,000 hours of MWC programming have aired on The Mtn. since its launch on Sept. 1, 2006, and over 250 MWC events are shown live annually through a combination of telecasts on The Mtn., CBS C and VERSUS. CBS C is currently in 30 million homes, and available in over 84 million nationwide. VERSUS is in more than 74 million households across the U.S.

The MWC has remained steadfast in its mission to promote the league's athletic events to national and regional television audiences and will continue to grow its new TV model. Previously, ESPN served as the MWC's inaugural official TV partner, while in-house productions guaranteed coverage for several MWC Olympic sports. Through the league's first 10 years, excluding institutional local packages, more than 1,350 football, volleyball, men's and women's basketball events have aired on TV, with 225 football games and over 260 men's basketball contests broadcast nationally.

Viejas Arena at Aztec Bowl

FOUR STRAIGHT POSTSEASON APPEARANCES ► FOUR CONSECUTIVE 20-WIN SEASONS

The photo above shows a sold-out Viejas Arena at Aztec Bowl for San Diego State's 2003 game against Texas Tech. The Aztecs set a single-season attendance record in 2002-03 by averaging 7,172 fans per contest, which was broken in 2006-07, and averaged a school-record 8,305 per Mountain West Conference game in 2003-04.

- Top San Diego State attended games on page 191
- Directions to Viejas Arena on page 201

One of the premier on-campus basketball arenas in all of America, Viejas Arena at Aztec Bowl provides a 12,414-seat, state-of-the-art venue while keeping fans close to the floor and part of the action.

Opened in 1997, the facility is the home of San Diego State Basketball and provides a venue for university functions, cultural events, concerts and other special-event programming. It features a unique open-air concourse design that allows fans to enjoy the excellent San Diego climate and adds a new experience to attending arena-type events.

The arena is built on the site of the old Aztec Bowl stadium which hosted San Diego State football games as well as other athletic, entertainment and cultural events from the time of its construction in 1936 until 1967.

Built directly into a canyon hillside, Viejas Arena encloses one end of the old horseshoe-shaped Aztec Bowl. Two sections of the stadium's original concrete bleachers and cobblestone walls frame each side of the arena's north

entrance. In addition, the university's 10-ton granite boulder, a California landmark commemorating President John F. Kennedy's 1963 commencement address at Aztec Bowl, has also been placed in this area.

In addition to Aztec basketball contests, Viejas Arena has played host to concerts by such artists as Cher, Eric Clapton, Britney Spears, No Doubt, Barry Manilow and Aerosmith. In spring of 2001, Billy Joel and Elton John opened their world tour with a sold-out show at Viejas Arena.

Viejas Arena seats 12,414 for sporting events. The seating includes the top nine rows consisting of bench seats with the remaining areas as chairbacks. The total seating is approximately 3,935 bench seats and 8,065 chairs. In the special event/concert configuration there are approximately 11,500 seats. All seating configurations are flexible and can be adjusted.

The facility features a \$1.2 million octagonal scoreboard with video-replay capabilities. The board also includes up-to-the-minute statistical information on individual players.

The facility is equipped with seven locker

rooms, two of which are complete with team rooms, equipment rooms, and a shared training room.

The men's team lounge was recently renovated and now includes three large-screen television sets, individual leather recliners and track lighting.

The Mezzanine Level houses a VIP Room for banquets, pre- and postgame functions, and other formal and informal gatherings. The room consists of a 2,200 square-foot space that can be divided into two rooms of 800 and 1,400 square feet. The 800-square foot area can also serve as an interview room for sporting events.

After serving as host to the first and second rounds of the NCAA men's basketball championship in 2001, the venue was the home of the 2001 NCAA women's volleyball national championship. In 2006, it played host to the NCAA men's basketball first and second rounds, along with the McDonald's All-American High School Basketball games. Then in 2009, Viejas Arena was the site for the first and second rounds of the NCAA women's basketball tournament.
