**San Diego State vs. Colorado Postgame Quotes**
**San Diego State 77, Colorado 66**
**Pechanga Arena | San Diego, Calif. | November 7, 2026**

## Head Coach Brian Dutcher

**Opening Statement:**
"We had a great first half. Our defense was solid. We held [Colorado] down and scored some points, but Tad [Boyle]'s a good coach. He made some good adjustments. He used our switching to his advantage in the second half. They rolled the post inside, kicked out for some threes. They got a little better rhythm offensively, and then obviously, like any team, when you're better offensively, you're better defensively. They played a better second half, and we found a way to do just enough to keep a comfortable lead where it didn't get close enough where we started sweating possessions. We did a good job finding a way to be successful in the second half. You're looking at college basketball now. They had 11 new players. We have 10 new players, and sometimes it's a work in progress. I like my team a lot, but we are definitely a work in progress. Another step forward today, and we just have to keep growing as a team and try to be the best version of ourselves we can be."

**On defense setting the tone for the game:**
"[Colorado] did a better job the second half of making things harder on us. To our guys' credit, they maintained the lead. Whenever they made a run, we answered it. It was a nice victory here at Pechanga Arena at the Bill Walton Classic."

**On Chance Gladden's performance:**
"Chance [Gladden] is a good player. You saw it today. He plays with a good pace to his game. You wouldn't say he's dynamically athletic, but he knows how to play with pace and get to a spot. And when he gets there, he's drawing fouls and he's making assists. I'm really happy with Chance's performance today."

## Sophomore Guard Chance Gladden

**On the team's defensive performance:**
"I think we had a really good first half, limiting [Colorado] to 17 points. We just followed the game plan, coming and playing really hard defensively. We have our game plan and stick to that. I think that really went well in the first half, and then they were making their shots in the second half, so it was a little tough. But I think we were resilient and getting stops as much as we could, and the offense came as the game went on.

***-more-***

**On settling into a new program as a transfer:**
"It's obviously new because it's new coaches and a new system, but I just try to do whatever I can to win. In the last game I had four points, and in this game, I had way more than that. I'm just trying to find my role and help us win it as much as possible."

## Junior Guard Latrell Davis

**On the team's aggressiveness and ability to draw fouls:**
"We're just playing more aggressively. We're trying to dictate the defense instead of letting the defense dictate us. That's really it. We're just being aggressive and testing out the refs. If the refs are going to call a lot of fouls, which I feel like they were today, then we keep attacking because they're not going to stop calling fouls. So, just be aggressive, and if you're the most aggressive team, you're probably going to win."

**On contributing to the team after his redshirt season:**
"I've been waiting over a year for this, so it's just great to be out there. It's great to be with the team. The redshirt year helped me know what the team needs and helped me become a leader and a vet. It helped me show the new people the way we do stuff. Just going out there and playing hard and playing my game really is amazing to contribute."
