

Meet Daily Connect

The Easier Way to Run Your
Childcare Center 🚀

Used by 90,000 + Childcare Professionals

Daily Connect is a childcare management software platform with features in five key areas:

- Parent Communication
- Classroom Management
- Sign In & Attendance Tracking
- Learning & Assessment Tools
- Parent Billing

The platform is used by Childcare Centers around the world, from small in-home daycares to large chains with multiple locations. Teachers, administrators, and parents can access Daily Connect at any time, from any device.

Daily Connect will help you run your Childcare Center more smoothly, saving you time and money and creating a better experience for your staff, parents, and children.

How It Works

Daily Connect is so much more than an online daily sheet. Here are some of the key features:

Parent Communication Tools

Record observations throughout the day on a smartphone, tablet, or computer, and share real-time updates with parents.

Send photos, videos, meals, naps, and more, all from the app, with more than 30 different types of activities.

Quickly message parents with requests and automatically send a Daily Sheet when the child leaves for the day.

Learning & Assessment Tools

Track each child's progress against your learning framework, with built-in support for more than 50 different state and national frameworks.

Create a digital portfolio of each child's work and share it with parents in just one click or use it to take parent teacher conferences to the next level.

Ensure a consistent, structured approach to learning in every classroom, and identify developmental gaps and progress with lesson plans.

Sign In & Attendance Tracking

Make drop-off and pick-up a breeze with secure digital signatures, parent surveys. Attendance records required for billing and compliance are automatically generated.

Parents can sign in their children with a PIN code or QR code, with sign in/out reports automatically created and saved for administrators.

Include parent surveys, like COVID-19 questionnaires, to keep your Childcare Center as safe as possible.

Childcare Center Management Tools

Run your Childcare Center more smoothly with Daily Connect's classroom management tools. Administrators can generate reports on child : teacher ratios, attendance, health checks, and much more.

Communicate easily with all parents, add events to a shared parent calendar, and virtually send important documents.

Everything you need for compliance and licensing is backed up automatically, freeing you from time-consuming daily administrative tasks.

Parent Billing

Get paid on time, every time, with Daily Connect's new Parent Billing features.

Create digital invoices, accept online payments, and view all your payment data on a simple online dashboard, right from your Daily Connect app.

Automate billing cycles, send payment reminder emails, and add special charges for one-off events.

Daily Connect Makes It Easier to Manage your Childcare Center

Easily manage every element of your Childcare Center, right from one central platform. Key benefits include:

- Better record keeping, with all data automatically saved
- Improved parent communication, leading to better retention
- Administrators can monitor all classrooms and children live
- Paperless processes and communication for billing, parent documentation, daily sheets, and more
- Secure, customizable sign in process

Free Teachers to Spend More Time With Kids

Teaching a classroom of children is hard enough without having to handwrite daily sheets that track every child's behaviors and activities. Instead, streamline the whole process with Daily Connect:

- Simple dashboard view that summarizes key info for each child
- Easily communicate with parents throughout the day
- Add real-time information about meals, naps, activities, and more
- Quickly add events and information with just a couple of clicks
- Daily sheets are auto-compiled and sent when a child leaves

A Better Parent Experience

Create lasting bonds with parents that help take their experience with your Childcare Center to a new level:

- Share pictures, videos, and updates all day long
- Track children's progress against learning frameworks to improve child development at home and at daycare
- Send onboarding documents, invoices, and permission forms
- Parents can login and view the latest updates on their child at any time – helping them feel closer than ever.

Why Daily Connect?

- 💰 From \$4.99/mo
- ✍️ No Long-Term Contracts
- 💸 No Set Up Fees or Usage Limits
- 💳 Low Online Payment Fees
- 📱 Use on Any Device
