

Prioritising Products and Assessing Impacts of S&L Programmes

Determining Product Coverage & Prioritisation
7 May 2015, 11:00–13:00 GMT

Welcome, Introductions, and Agenda Review **10 minutes**
Nicole Kearney, CLASP

Background and Motivation: Metrics for Prioritisation **15 minutes**
Michael McNeil, Lawrence Berkeley National Laboratory (LBNL)

Presentations from Government Representatives **60 minutes**

Some questions for presenters to address:

- What is the process for prioritising products in your programme?
- What data do you use to inform your prioritisation process?
- What are the particular strengths of your process?
- What challenges do you face? And what could facilitate the process?
- Are there any collaborative activities that could help inform this activity?

Dwayne Purdy, Australia Department of Industry and Sciences *20 minutes*
How is Australia Determining the Priority

Saurabh Diddi, India Bureau of Energy Efficiency with Neha Dhingra, CLASP *20 minutes*
Using the Product Policy Analysis Tool (PPAT) to Inform Product Prioritisation in India

Robert Nuij, DG Energy, European Commission *20 minutes*
Product Prioritisation Under the EU Ecodesign and Energy Labelling Directives

Q&A and Group Discussion **30 minutes**
Moderated by Michael McNeil, LBNL and Nicole Kearney, CLASP

Closing Remarks **5 minutes**
Nicole Kearney, CLASP
