SeAMK INTERNATIONAL DEGREE PROGRAMMES

BACHELOR OF BUSINESS ADMINISTRATION, International Business

Are you interested in studying international business management and marketing in Finland? The Finnish education system is well known for its high quality. Take a Bachelor's degree in International Business to be prepared for interesting tasks in international business. All studies are conducted in English and opportunities for student exchange are available worldwide. You can also profit from double degree arrangements with our partner institutions in several European countries.

You will get an overall picture of business administration with a focus on the international operations. You will gain competences in planning, running and developing business in a global environment. The study programme is based on a good understanding of entrepreneurship and small and medium-sized enterprises. You will also have a chance to acquire feasible, practical language skills by studying in English and working and studying abroad. In addition, you can choose to study other languages that are important in international business. Studying in a multicultural group of students prepares you for your future working life.

APPLICATION PERIOD: 9–24 January 2018

STUDY PERIOD: Starting in September

BACHELOR OF HEALTH CARE, Nursing

Registered Nurses (RN) graduating from SeAMK are competent to act as experts of nursing in various fields of working life.

Registered Nurses support, care for and counsel individuals of all ages, as well as families and communities, helping clients in health promotion and maintenance of health, prevention of diseases, self-care and rehabilitation. Registered Nurses plan, implement, evaluate and develop high-standard, comprehensive and ethically sound evidence-based nursing. They work as experts of nursing in multi-professional work groups, teams and networks. The programme gives you high-level theoretical and practical professional competences in nursing and excellent employment opportunities in the health care sector all around the world.
