Quoting Head Coach Trey Jones

"This team will go down as one of the most competitive teams that I have coached. They simply did not give in and actually excelled in adverse times. Brooks (Koepka), Kyle (Cobb) and Wesley (Graham) were great leaders and true team players. I hope the returning players learned these traits and will hold themselves and their team accountable to the attributes of our departing seniors.

"When you start the season our number one goal is for each player to improve their weaknesses and build on their strengths. I am proud to say that the team that was traveling at the end of the season improved top to bottom. Through the ACC Championship and NCAA Southwestern Regional we had different players in five consecutive rounds be our low man. There are few teams that had that firepower and balance at seasons end. Some players are more comfortable being contributing players, while others are in the limelight. I like to say that some horses want to pull the buggy while some simply want to be in the buggy. We had a team of guys that wanted to and were expected to pull the buggy.

"It goes without saying that I am proud of all eight guys and each of them played an important part in our success. This is a great group of guys and I enjoyed coaching them as individuals and as a team."
