**FLORIDA STATE PLAYS IN SCHOOL RECORD NINTH CONSECUTIVE NCAA CHAMPIONSHIP**  
Florida State played in its school record ninth consecutive NCAA Regional Championship, finished in seventh place in the ACC Championship, won the team championship at the Web.com/Marsh Landing Intercollegiate, had one player earn All-American honors (Matilda Castren), and had two players (Matilda Castren and Alex Milan) earn All-ACC honors as it completed a successful campaign under fourth-year head coach Amy Bond. In earning All-ACC honors, Castren established a school record for low stroke average in a single season with her 71.83 scoring mark. The Seminoles have played in the regional championships in each season since 2006 and have finished among the top five teams at the ACC Championships in four of the last five seasons. Florida State's team victory at the Web.com/Marsh Landing Intercollegiate was the first team championship by the Seminoles since the 2010 season when it won the Bryan National Collegiate championship.

#### CASTREN EARNS ALL-AMERICAN HONORS

Freshman Matilda Castren, who established the record for the best stroke average in a single-season in school history, earned Second-Team All-American honors by the Women's Golf Coaches Association and GolfWeek. She is the first Seminole since Caroline Westrup in 2008 to earn second team or higher All-American honors and is only the second freshman in school history to earn All-American honors. Castren was one of four players from the ACC who earned All-American First or Second team honors and was one of eight ACC golfers who were named to the First, Second or Honorable Mention teams by the WGCA. She was one of only 10 freshmen among the 40 players named to the First, Second or Honorable Mention All-American teams by the WGCA. "It's been a great first year at Florida State," said Castren. "I'm very grateful for my teammates, coaches, and all the people who helped me throughout my freshman year. It means a lot to me to be an All-American. I'm looking forward to my sophomore year."

#### CASTREN SECOND IN THE ACC IN STROKE AVERAGE

Florida State University freshman Matilda Castren finished her first season as a Seminole with a school-record 71.83 stroke average in 29 rounds during 10 tournaments. She finished second in the ACC in stroke average.

Castren is only the second freshman in school history to earn All-ACC honors while the combination of Castren and Milan marks the fourth time in school history two Seminoles have been named to the All-ACC Women's Golf team in the same season. The selections of Castren and Milan to the All-ACC team marks the 14<sup>th</sup> consecutive season that at least one Florida State player has been named to the All-ACC team. Castren finished her freshman season with a 71.83 stroke average. Milan ranked second on the team with a career-low 74.44 stroke average. The Seminoles were joined by only conference champion Duke (three), NC State (two) and Clemson (two) as teams who had two or more players named to the All-ACC team. Florida State's two selections to the All-ACC team marks the first time since the 2010 season that multiple Seminoles have earned all-league honors.

#### Quoting Head Coach Amy Bond

"Our focus all year was staying in the present and controlling the things we could control. Along with that the goal was to give 100 percent effort every hour of the day. I am very proud to say that each of our players did both to the best of their abilities."

"The girls worked extremely hard throughout the year and improved each week. When the fall ended there was a hunger to get better and be ready for the spring. During the winter the girls kicked their training up a notch and worked harder than they thought they could. That hard work resulted in a heightened sense of excitement when January arrived.

"The hard work by each of the players allowed our team to put together a spring we were all very proud of. Our victory at the Web.com/Marsh Landing Intercollegiate moved us into the top 25 of the nation polls for the first time all year. The excitement of the post season arrived and our focus was on the ACC's and the NCAA Championships. We had the honor of hosting the NCAA East Regional at Southwood Golf Club. It was truly special to play in front of the home crowd."

"I am very proud of what we accomplished this year and this group has a very bright future. We will return everyone and add three freshmen; needless to say I cannot wait until next season.

"We have some unfinished business and I look forward to finishing what we have started."

### SEMINOLES EARN APR EXCELLENCE

The Florida State women's golf team was recognized by the NCAA for attaining multi-year Academic Performance Rate (APR) scores in the top 10-percent of their respective sports nationally in 2014. Not only did the Seminole women's golf team land within the top 10-percent of Division I programs, they extended impressive streaks of perfect scores (1000) during the 2012-13 academic year. This marks the fifth consecutive year that golf coach Amy Bond's team has registered a perfect score. Calculated over the four most recent years of data, the multi-year APR is a real-time measurement of eligibility and retention of student-athletes competing in every NCAA Division I sports team. The most recent APR is based on scores from the 2009-10, 2010-11, 2011-12 and 2012-13 academic years. "I think it's great that our APR was 1000 again," said head coach Amy Bond. It is really, really important for all of the student-athletes who come through our program and play golf at Florida State University to get a quality education. There is a reason why they are student-athletes and not athlete-students. I am very proud to consistently have those numbers within our program and excited to maintain that high level of excellence here at FSU."
