

# SERENO GROUP IS PUTTING THE CART BEFORE THE STUDENT

Sereno Group is proud to provide funds to Theuerkauf Elementary School in Mountain View for the purchase of a "Technology Cart." A Technology Cart provides an entire classroom with access to supportive learning software programs loaded on Google Chromebooks, Nexus Tablets and/or Apple iPads that enhance or supplement teacher lesson plans. Making technology more readily available to the students and teachers of Theuerkauf Elementary School will provide opportunities to academically challenge and support all students whether they be gifted/talented, second language learners or students of poverty who are struggling with their learning. The use of technology in the classroom holds promise for leveling the playing field and ensuring equity in educational opportunity for all students in all schools.
