

Our community safety net

HERE
FOR
GOOD.™

For 60 years, Community Services Agency has been providing vital social services for residents of Mountain View, Los Altos and Los Altos Hills. We understand that hardship can come at any time and knows no age limit. We provide a safety net so independence and self-sufficiency can be restored and maintained. Our clients may be a young, working poor family or an elderly person looking for supportive services to remain in their own home.
