HERE
FOR
GOOD.™

Bay Area Furniture Bank collects and recycles gently used furniture and provides it to individuals and families moving out of homelessness as well as countless others desperately trying to make ends meet.

The mission of BAFB is to help rebuild the lives of families who have suffered personal tragedy or disaster by making the Bay Area a place where all families are able to live in furnished homes. By doing so, we will help relieve suffering, improve quality of life, strengthen the family unit and build a better community.
