Peninsula Open Space Trust (POST) protects and cares for open space, farms and parkland in and around Silicon Valley.

If you've traveled Highway 1 on the San Mateo Coast, Highway 280 on the San Francisco Peninsula, or the winding roads and trails along Skyline Ridge, you've already experienced the stunning beauty of POST-protected lands. Since its founding in 1977, POST has

been responsible for saving more than 70,000 acres as permanent open space and parkland, protecting the natural beauty and rich biodiversity that make our area such a wonderful place to live, work and play.

Sereno Group is proud to support the commitment and service that POST provides in taking care of the environment in our community.
