

# LENDING A HELPING HAND

**therewithcare**<sup>®</sup>  
For Families and Children Facing Critical Illness  
Bay Area Chapter

There With Care of the Bay Area provides a wide range of fundamental and meaningful services to families with children facing critical illness. It's simple. Following a referral from Lucile Packard Children's Hospital, they connect with the family and identify ways to provide much needed relief. It may be groceries or a hot meal, gas assistance or transportation to treatments; it may be blankets or diapers, cleaning a home or babysitting siblings. There With Care does whatever it takes to allow parents time to focus on what is most important - their family. Sereno Group is proud to support the commitment and service that There With Care provides to the children of our community.
