FOR
GOOD.™

The mission of Girls Inc. of the Central Coast is to inspire all girls to be strong, smart and bold to respect themselves and the world around them. Our commitment is to ensure that participating girls and young women are active partners in program design and service delivery. Our programs encourage girls to make smart choices regarding their academic futures, promote post-secondary education, provide them accurate information on health and equip them with the tools to avoid risky situations. We offer programs conducted at elementary, middle and high schools. Programs assist with developing skills in leadership, decision-making, goal setting, facilitation, public speaking, program planning and academic pursuits.
