

WHAT DOES A REAL ESTATE COMPANY KNOW ABOUT CANCER?

Each year, thousands in our community are diagnosed with cancer. Excellent doctors and hospitals are the start on the road back to health and well-being, but along the cancer journey, patients and their families need non-medical services that enhance their quality of life and inspire courage and confidence in their future.

Cancer CAREpoint provides individuals, families and caregivers with encouragement, support and access to counseling, assistance, resources and education.

Cancer CAREpoint has an ambitious goal of offering a full array of support services to the thousands of cancer patients, survivors, and their families in Santa Clara County. Their services are available to anyone in our community whose lives are affected by cancer, no matter where they receive medical care.

We are proud to support this local organization in its goal to offer help and hope for those in our community whose lives are impacted by this disease.

FOR THE MONTHS OF OCTOBER THROUGH DECEMBER 2012,
SERENO GROUP LOS GATOS IS CONTRIBUTING 1% OF OUR GROSS
COMMISSION INCOME TO CANCER CAREPOINT.
