

What has Snakes, and Snails, and Lizards with Tails? And Snacks, and Packs, and Hiking on Trails?

... SCIENCE CAMP!

Education and exploration come to life for our Willow Glen Elementary School 5th Grade students when they attend *Camp Campbell Outdoor Science School*. The students experience the thrills of nature through hands-on lessons and activities. Camp fosters a love for nature and the outdoors, and the development of attitudes and practices that build character and awareness for the environment – all amidst the fun of campfires, songs, and friends.

Over 112 children from Willow Glen Elementary School would like to attend science camp this May. Believing in the power of education, Sereno Group Willow Glen hopes to contribute towards the scholarship that allows every child the opportunity to see, feel, hear, and smell the wonders of nature.

FOR THE MONTHS OF JANUARY THROUGH MARCH 2013, SERENO GROUP WILLOW GLEN
IS CONTRIBUTING 1% OF OUR GROSS COMMISSION INCOME TO WILLOW GLEN
ELEMENTARY SCHOOL'S 5TH GRADE SCIENCE CAMP SCHOLARSHIP FUND.
