
Contents

The Morphology and Dynamics of the ER H. Quader · M. Zachariadis	1
Targeting of RNAs to ER Subdomains and its Relationship to Protein Localization H. Washida · A. J. Crofts · S. Hamada · T. W. Okita	25
The ER Folding Helpers: A Connection Between Protein Maturation, Stress Responses and Plant Development A. Vitale · J. Denecke	45
Endoplasmic Reticulum-associated Protein Degradation in Plant Cells A. Ceriotti · L. M. Roberts	75
ER-to-Golgi Transport: The COPII-Pathway F. Aniento · K. Matsuoka · D. G. Robinson	99
Transport of Proteases to the Vacuole: ER Export Bypassing Golgi? T. Okamoto	125
Induction of Specialized Compartments from the ER I. Hara-Nishimura · T. Shimada	141
Synthesis of Structural and Storage Lipids by the ER M. J. Hills · T. J. Roscoe	155
Oleosins and Endoplasmic Reticulum in Seeds and Anthers A. H. C. Huang	187
Participation of the Plant ER in Peroxisomal Biogenesis R. N. Trelease · M. J. Lingard	205
The ER and Plant Hormones C. Helliwell	233

The ER and Cell Calcium

S. Persson · J. Harper 251

The ER Within Plasmodesmata

K. M. Wright · K. J. Oparka 279

The ER in Replication of Positive-Strand RNA Viruses

C. Ritzenthaler · R. Elamawi 309

Subject Index 331
