

Contents

Engineering Implications of the Oxidation of Pyrite: An Overview, with Particular Reference to Ireland	1
A. Brian Hawkins	
Sampling Potentially Pyritiferous Materials	99
James Lombard	
Testing of Potentially Pyritiferous Material	107
Mike Eden	
Problems Associated with the Use of Pyritiferous Fill at Ballymun Youth Facility, Dublin	133
A. Brian Hawkins and Matthew Stevens	
Remediation of Senior Citizens' Dwellings Affected by Pyrite-Induced Heave	167
Peter Finnegan and A. Brian Hawkins	
The Effect of Pyrite-Related Heave: A Structural Engineer's Perspective.	187
Paul M. Forde	
The Canadian Pyrite Experience and Comparisons with the Irish Problems.	207
Michael L. J. Maher	
Pyrite Oxidation and Structural Problems in the Chattanooga (Ohio) Shale, East Central Kentucky	243
Warren H. Anderson	
Iron Sulphides and Surface Heating: Further Engineering Considerations for the Dublin Area	275
A. Brian Hawkins and Thomas W. St John	

Implications of Pyrite Oxidation for Engineering Works

Hawkins, A.B.

2014, VII, 307 p. 283 illus., 188 illus. in color.,

Hardcover
