

Contents

1	Renewing Climate Planning Locally to Attend the 11th Sustainable Development Goal in the Tropics	1
	Maurizio Tiepolo, Alessandro Pezzoli and Vieri Tarchiani	
Part I Analysis for Planning		
2	Setting up and Managing Automatic Weather Stations for Remote Sites Monitoring: From Niger to Nepal	21
	Francesco Sabatini	
3	Hazard Events Characterization in Tillaberi Region, Niger: Present and Future Projections	41
	Maurizio Bacci and Moussa Mouhaïmouni	
4	Characterization of Climate Risks for Rice Crop in Casamance, Senegal	57
	Maurizio Bacci	
5	A Methodology for the Vulnerability Analysis of the Climate Change in the Oromia Region, Ethiopia	73
	Elena Belcore, Angela Calvo, Carolin Canessa and Alessandro Pezzoli	
6	Tracking Climate Change Vulnerability at Municipal Level in Rural Haiti Using Open Data	103
	Maurizio Tiepolo and Maurizio Bacci	
7	Visualize and Communicate Extreme Weather Risk to Improve Urban Resilience in Malawi	133
	Alessandro Demarchi, Elena Isotta Cristofori and Anna Facello	
8	Building Resilience to Drought in the Sahel by Early Risk Identification and Advices	151
	Patrizio Vignaroli	

9	Rethinking Water Resources Management Under a Climate Change Perspective: From National to Local Level. The Case of Thailand	169
	Francesca Franzetti, Alessandro Pezzoli and Marco Bagliani	
 Part II Decision Making Tools for Climate Planning		
10	Relevance and Quality of Climate Planning for Large and Medium-Sized Cities of the Tropics	199
	Maurizio Tiepolo	
11	Local and Scientific Knowledge Integration for Multi-risk Assessment in Rural Niger	227
	Maurizio Tiepolo and Sarah Braccio	
12	A Simplified Hydrological Method for Flood Risk Assessment at Sub-basin Level in Niger	247
	Edoardo Fiorillo and Vieri Tarchiani	
13	Knowledge for Transformational Adaptation Planning: Comparing the Potential of Forecasting and Backcasting Methods for Assessing People's Vulnerability	265
	Giuseppe Faldi and Silvia Macchi	
14	An Effective Approach to Mainstreaming DRR and Resilience in La Paz, Mexico	285
	Juan Carlos Vargas Moreno, Enrico Ponte, Sophia Emperador and Marcela Orozco Noriega	
15	Possible Impact of Pelletised Crop Residues Use as a Fuel for Cooking in Niger	311
	Stefano Bechis	
16	Review of Pilot Projects on Index-Based Insurance in Africa: Insights and Lessons Learned	323
	Federica Di Marcantonio and François Kayitakire	
17	Addressing Climate Change Impacts in the Sahel Using Vulnerability Reduction Credits	343
	Karl Schultz and Linus Adler	
18	Renewing Climate Planning Locally in the Tropics: Conclusions	365
	Maurizio Tiepolo, Alessandro Pezzoli and Vieri Tarchiani	

Renewing Local Planning to Face Climate Change in the
Tropics

Tiepolo, M.; Pezzoli, A.; Tarchiani, V. (Eds.)

2017, XVI, 372 p. 91 illus., Hardcover

ISBN: 978-3-319-59095-0
