
Contents

1	Introduction	1
2	Flood Basalt Landscapes	7
3	Morphology and Architecture of Flood Basalt Lava Flows and Sequences	33
4	Structures Formed during Transport, Inflation, and Degassing of Flood Basalt Lavas	81
5	Structures Formed during Cooling and Solidification of Flood Basalt Lavas	109
6	Subaqueous Flood Basalt Volcanism, Volcanosedimentary Associations, and Lava-Sediment Interaction	139
7	Explosive Volcanism in Flood Basalt Provinces	171
8	The Intrusive Substructure of Flood Basalt Provinces	195
9	Igneous Processes and Magmatic Diversity in Flood Basalt Provinces	237
10	Tectonic Deformation of Flood Basalt Provinces	275
11	Secondary Mineralization in Flood Basalts	287
12	Weathering and Erosion of Flood Basalt Provinces	305
	Glossary	323
	References	333
	Suggested Reading	349
	Flood Basalt Index	359
	Author Index	361

A Photographic Atlas of Flood Basalt Volcanism

Sheth, H.

2018, XVIII, 363 p. 583 illus. in color., Hardcover

ISBN: 978-3-319-67704-0
