We are happy to report that during this past week; no additional residents have tested positive for COVID-19. All residents that previously tested positive and were moved to quarantine areas have been returned to their regular neighborhoods. We did have 1 team member test positive, however, this team member was working in the COVID quarantined area. Anyone identified to have direct contact with this team member has been notified. Individuals impacted by positive cases will continue to be notified within 24 hours of the positive test. COVID-19 notification letters are available on the Village Shalom website.

Village Shalom continues to encourage no more than two visitors per resident at a time and ask that you comply with the following safety measures:

- Visits only occur in the resident's room and that all parties wear a well-fitted mask throughout the visit,
- Programming will continue, but attendance will be limited to allow for social distancing and well-fitted masks should be worn;
- Healthcare will participate in social distancing during meals or have room trays for dining services.
- Per CMS regulation, visitors who have a positive viral test for COVID-19, symptoms of COVID-19, or currently meet the criteria for quarantine, should not come on campus.

Village Shalom continues to encourage visitors to be tested on their own within 2-3 days prior to coming on campus. This is not a requirement, but more of a best practice. We recognize this may not be realistic so it is simply a recommendation. These restrictions continue to be short term and will be re-evaluated each Monday when the Village Shalom COVID Task Force meets.

As always, do not hesitate to contact Matt Lewis at 913.266.8400 with any questions. Independent Living residents should contact Jill Allin with any inquiries at this time. She can be reached at 913.266.8410.

Thank you so much for your support!

Sincerely,

Matt Lewis – CEO

And Jamie Paredes – Nursing Home Administrator
