On 6th February 2023, Shivrerana NGO has been honored with the prestigious "Dr. APJ Abdul Kalam Best Organization of the Year Award" by the esteemed Samatavadi Pratishthan. This recognition serves as a testament to the exceptional work carried out by Shivrerana in the field of education. The award acknowledges the organization's commitment to uplifting underprivileged communities and its unwavering dedication to providing quality education and opportunities to those in need. We are immensely proud of this achievement and grateful to the Samatavadi Pratishthan committee for their recognition.

Shivrerana was recently invited by the Kapreshwar Krupa Society to deliver a talk on the auspicious occasion of Shivjayanti. This invitation stands as a testament to the impact and reputation that Shivrerana has garnered within the community. The society recognizes Shivrerana's efforts in transforming the educational landscape and empowering individuals, and their request for a talk signifies the trust and respect bestowed upon the organization. We are honored to have been given this platform to share our experiences, insights, and vision for a brighter future through education.

These acknowledgments and invitations are a testament to the relentless dedication, hard work, and impactful initiatives undertaken by Shivrerana. We remain committed to our mission of creating lasting positive change and empowering individuals through education.

11 CORE MEMBERS

A Team of 11 core members, are within the organisation running it with the leadership, motivation and the team is been elected by the Shivprerana Members itself.

250 VOLUNTEERS

Conducting and Organizing various events and sessions the volunteers involved till now are more than 250 as this are mostly the students and the youth. Youth is the creator of the next generation as they are also the hands of the organization's foundation.

06 PADAS

Chunapada is been adopted and organization has also conducted surveys to on the various padas in Sanjay Gandhi National Park, Borivali. Now, along with Chunapada organization has also adopted 05 new padas in the same location.

200 STUDENTS

The students are involved in the sessions of the organisation where we conduct the One Year One Village session as 200+ students are admitted in the organisation and organisation is helping them to achieve and guide them.

ONE YEAR ONE VILLAGE

While conducting events across multiple tribal villages, one thing we understood was we cannot create an impact in the lives of students by just being there for a single day, the process needs to have continuous interactions with them. And that's when we decided to launch One Year One Village initiative.

We found our first tribal village Chunapada - inside the Sanjay Gandhi National Park, Borivali. Through the survey sessions, our team discovered that Chunapada had no access to basic amenities and was in dire need of help although being right in the middle of chaotic city Mumbai.

This prompted us to launch this initiative here, with the goal of providing the students of the village with educational opportunities to help them succeed.

By having continuous interactions with the students, we can understand their needs better, build trust with them, and provide them with the support they need to make positive changes in their lives. This could be in the form of guidance, mentorship, or financial assistance.

Now, every Sunday, our team visits there to conduct lectures for these students.

MENTORSHIP PROGRAMME

The Mentorship Programme within the "One Year One Village" initiative is designed to address the educational needs of students in the selected village. We firmly believe that quality education is essential for the holistic development of individuals and communities, and our dedicated mentors work tirelessly to bridge the gaps in knowledge and resources.

- **Subject-Specific Mentors:**

To ensure comprehensive coverage of the curriculum, we have assigned mentors for each subject, including Mathematics, Science, English, Social Sciences, and more. These mentors are experienced professionals who possess in-depth knowledge of their respective subjects. Their expertise allows them to provide tailored guidance and foster a love for learning among the students.

- **Weekly Sessions:**

Our mentors visit the village every Sunday to conduct interactive and engaging sessions with the students. These sessions serve as an opportunity for students to clarify doubts, deepen their understanding of the subjects, and explore various academic and career paths. By regularly interacting with the mentors, students receive personalized attention and guidance, which boosts their academic performance and enhances their overall educational experience.

- **Individualized Support:**

Recognizing the diverse needs and learning styles of students, our mentors employ various teaching methodologies to cater to individual requirements. They utilize multimedia resources, hands-on activities, and group discussions to create an inclusive and stimulating learning environment. The mentors also serve as role models, inspiring the students to dream big and strive for excellence in their academic pursuits.

- **Progress Monitoring:**

Regular assessments and evaluations are conducted to track the progress of each student. The mentors review the students' performance, identify areas that require additional attention, and provide constructive feedback. This iterative process ensures that the students receive continuous support and have the opportunity to improve their academic performance.

- **Impact and Future Plans:**

The Mentorship Programme under the "One Year One Village" initiative has yielded significant positive outcomes. Students have shown remarkable improvements in their academic performance, increased confidence, and a renewed enthusiasm for learning. We are proud to witness the transformative power of education and its impact on the lives of these students.

SURVEYS

The survey had vital role in expanding the One Year One Village initiatives, by involving all the padas. This report presents the findings of a survey conducted by the organisation in the padas of SGNP with the objective of assessing the socioeconomic conditions of the community. The survey aimed to gather data on various aspects such as education, healthcare, livelihoods, infrastructure, and social issues prevalent in the village.

2. Methodology:

- a. Data Collection: A structured questionnaire was developed, covering key areas of interest. Face-to-face interviews were conducted with the heads of households or adult family members who could provide reliable information. In some cases, additional interviews were conducted with community leaders and key stakeholders to gather more insights.
- b. Data Analysis: Collected data was analysed using statistically to identify patterns, trends, and significant findings.

3. Demographic Profile:

- a. Population: The village has an estimated population of individuals, residing in approximately households.
- b. Age and Gender Distribution: The survey recorded the age and gender distribution to understand the population structure.

4. Education:

- a. Literacy Rates: The survey assessed the literacy rates among different age groups, focusing on both males and females.
- b. School Facilities: The availability and condition of schools, classrooms, teaching staff, and learning resources were evaluated.
- c. Enrollment and Dropout Rates: The survey explored the enrollment rates and reasons for dropout among children, identifying potential barriers to education.

5. Livelihoods:

- a. Occupational Patterns: The survey documented the main sources of livelihood for the villagers, including agriculture, forest-based activities, and any alternative income-generating activities.
- b. Income and Poverty Levels: The income levels of households and their overall poverty status were determined, considering factors such as access to financial services and government welfare schemes.
- c. Skill Development: The survey explored opportunities for skill development and vocational training to enhance livelihood options.

7. Infrastructure:

- a. Housing: The condition of housing structures, availability of basic amenities such as electricity, sanitation, and water supply were evaluated.
- b. Roads and Connectivity: The state of roads, transportation facilities, and connectivity to nearby towns or markets were assessed.
- c. Public Services: The availability and functioning of public services like electricity, communication networks, and public transportation were examined.

8. The survey investigated disparities, including access to education, employment opportunities, and participation in decision-making processes.

ACTIVITIES

BOOK DONATION DRIVE 3

Every year, Shivprerana organizes a book donation drive as it was its 2nd year and 3rd Book Donation Drive, which took place at Balasaheb Jadhav School and College, Ale(Junnar). Shivprerana has donated 1058+ books which also included an event in the college along with the Shivprerana Team and the students of the respective place. Also, this event has games which boosted the enthusiasm of the students along with us throughout the event.

FESTIVES

Along with adopting the Chunapada it was also the fact that they don't get access to the huge celebration happening in the chaotic city of Mumbai so as to get them aware about the festive importance we headed with celebrating it on the pada for eg. Maharashtra Day, Independence Day, Diwali etc.

EDUCATIONAL PICNIC

Shivprerna's short educational trip for chuna pada students, we headed for the Nehru Science Centre and Museum to see the detailed information. We and the students enjoyed being able to observe that level of detail with the expansion of the museum. Visit to the Science Centre would help them connect with their syllabus even better. Also, visit to the museum gave them a good exposure to our history, heritage, and our evolution over the years

ACTIVITIES

PARENT'S MEETING

Shivprerana had its parents meeting on the Chunapada to aware them about the current situation of the students. As the academic year was about to begin the team made all the efforts to let the parents know about the new plans and the problems facings and will be facing to get the solution and approval

BACK TO SCHOOL

Back to School is a Stationary Donation Drive in collaboration with Smiti Foundation where the organization raised the fund through various platforms to buy Educational Kit for the student. As these educational kits were donated at Matrubhoomi School, Kandivali. The aim of this drive was to have the basic necessities for education i. e Book, pencil, eraser etc. as this is the first step of the educational ladder.

ANGANWADI

Anganwadi, a classroom built and established by the volunteers and members of the organization for the students at Chunapada. As we covered a house to an Anaganwadi, where during the rainy season or on any occasion students can reside the shelter here and study, as our mentoring sessions took place in the Anganwadi. This Anganwadi was inaugurated by the residing person itself.

ACTIVITIES

दुर्ग.. एक ओळक

Team of "दुर्ग एक ओळक" conducted a seminar on the importance and to create awareness about the various forts and the characteristics of it. The event was held at Matrubhoomi High School, Kandivali. The event was conducted by Amol Jamdre who is himself had a great knowledge about the various forts and has travelled it thoroughly

MEMBERSHIP DRIVE

Shivprerana actively runs a membership drive, urging passionate individuals to join as volunteers and contribute to their impactful initiatives. The drive aims to expand the network of dedicated volunteers, fostering a diverse community committed to transforming education in underprivileged communities. By highlighting the personal growth, fulfillment, and opportunities for skill development, Shivprerana invites individuals to join their cause, amplifying their impact and creating a sustainable platform for positive change. Through the membership drive, passionate individuals have the chance to make a lasting difference, contribute their unique talents, and be part of a supportive community working towards a brighter future through education.

FUND RAISING CAMPAIGN

HAR GHAR SHIKSHA

Har Ghar Shiksha was an initiative which helped us to raised the funds for the organisation. As the Prime Minister declared Har Ghar Shiksha initiative on the occasion of Independence Day, we as the organisation also took the thought to raise the funds with the multiples of 75 as it was the 75th Independence.

A CLOTH FOR A CAUSE

On the eve of the Diwali, a festival which gets every indian into the new form and brightens the environment with the sparkling eliminating the bad and doing good to others. As on this occasion, where the people usually take new clothes we took an opportunity to them to donate us these clothes and we will raise the funds for the organisation which will be eventually helpful for the Good Cause.

GET TOGETHER

Shivprerana organized its annual get together, a delightful event aimed at fostering stronger bonds among its members and providing them with a deeper understanding of the organization's values and goals. The gathering served as a platform for members to connect, share experiences, and exchange ideas, fostering a sense of camaraderie and unity within the Shivprerana family.

During this event, an election was conducted to nominate the Core Committee for the upcoming year. The election process allowed members to actively participate in the decision-making process and contribute to shaping the organization's future. The Core Committee plays a vital role in guiding and implementing Shivprerana's initiatives, and the election ensured that capable and passionate individuals are entrusted with this responsibility.

The annual get together and Core Committee election were not only important milestones in Shivprerana's calendar but also highlighted the inclusive and democratic nature of the organization. Through these events, members had the opportunity to strengthen their connection to the organization, share valuable insights, and collectively work towards the betterment of education in underprivileged communities.
