The Group's net asset position as at the end of the period was \$206.7m (30 June 2022: \$207.6m).

Review of operations - segment performance

COG's business consists of three operating segments, with each segment's revenue and EBITDA from core operations, shown in the table above and note A1 to the financial statements respectively.

Finance Broker & Aggregation (FB&A)

The Finance Broking and Aggregation (FB&A) segment continued to grow with segment revenues for the period ended 31 December 2022 up 3% to \$135,120k (\$131,538k in the pc). EBITDA before minority interests was up 3% to \$17,191k (\$16,725k in the pc).

COG has established a nationwide distribution network, through its independent aggregation platform members and equity owned brokers and is a key and trusted advisor to the Australian small-to-medium enterprise (SME) sector. COG estimates it now accounts for approximately 21% of annual industry 'net assets financed' (NAF) settled by finance brokers for commercial equipment finance and holds a leading position as Australia's largest finance broker aggregation platform. In the first half of FY23, COG settled \$3.4b of NAF through its finance broking aggregation platforms, a 4% increase on the pc.

COG continues to pursue organic growth, as well as acquiring strategic stakes in complementary businesses that include finance broking and aggregation, insurance broking, and novated leasing.

Effective 1 July 2022, QPF (a 57% owned subsidiary of COG) acquired a 70% controlling interest in Chevron Equipment Finance (Chevron). Chevron specialises in arranging asset finance for commercial clients and its client base consists of SMEs predominantly operating in the transport and earthmoving sectors Australia wide.

On 1 September 2022, Fleet Network Pty Limited (Fleet Network) (a 97.2% owned subsidiary of Platform) acquired the novated lease business known as Australian Car Packaging.

On 30 September 2022, Platform Consolidated Group Pty Ltd (Platform) (a wholly owned subsidiary of COG) acquired an additional 50% interest in Fleet Avenue Pty Ltd (Fleet Avenue), taking COG's controlling interest in Fleet Avenue from 50% to 100%.

On 1 January 2023, Linx Group Holdings Pty Ltd (Linx) (a 59.8% owned subsidiary of COG) acquired an additional 4.2% interest in Sovereign Tasmania Pty Ltd (Sovereign), taking Linx's controlling interest in Sovereign from 54.1% to 58.3%.

On 23 January 2023, QPF Insurance Pty Ltd (a 80% owned subsidiary of QPF) and Chevron (a 70% owned subsidiary of QPF) acquired each a 50% interest in Chevron Insurance Consultants Pty Ltd (Chevron Insurance).

In addition to the above, effective 18 October 2022, an internal reorganisation occurred in relation to Beinformed Group Pty Ltd (Be Car Wise) (a wholly owned subsidiary of Platform) whereby Be Car Wise was transferred from Platform to Fleet Network as part of plans to consolidate the novated lease business across the COG Group. Platform now owns 97.2% of Fleet Network.

The Group continues to focus on improving systems and processes available to all businesses within this segment, leveraging the skills and expertise of management to enhance performance across the segment. The IT platforms known as 'BROOS' and 'Platform Connect' have been merged and upgraded and are now called 'COG Connect'. COG Connect has been designed to interface directly with our finance partners and will continue to support management of the sales process. An ongoing project to continuously upgrade COG Connect is expected to deliver further efficiencies and keep enhancing the client experience.

Directors' Report (continued)

Funds Management and Lending (FM&L)

The Funds Management and Lending segment delivered revenues for the period ended 31 December 2022 of \$27,161k, up 48% on pcp (\$18,362k in the pcp). Revenues for the period are inclusive of the contribution from the Equity-One Mortgage Fund Limited (Equity-One) acquisition of \$7,168k as well as government subsidies of \$nil (\$110k in the pcp). This revenue growth was partially offset by a lower revenue contribution from TL Commercial Finance Pty Limited (TLC) due to the transfer of that business to Westlawn and TLC's legacy book being in run-off. EBITDA before minority interests was up 63% to \$11,796k (\$7,221k in the pcp).

On 1 March 2022, the Group acquired a 70% controlling interest in Equity-One through its subsidiary Westlawn. Equity-One is a funds management business based in Melbourne and operates a peer to peer, contributory mortgage scheme, with funds under management of approximately \$440 million. Westlawn has commenced utilising its branch network for product distribution to accelerate Equity-One growth.

In addition to the contributory mortgage scheme offered through Equity-One, the lending business continued to be funded via the Westlawn Finance Limited unsecured notes program as well as through the MIS (an unlisted Managed Investment Scheme, which is a scalable, capital light funding structure as compared to other non-banks). Total funds under management of \$700,740k are up 9% during the period (\$643,200k in June 2022).

The chattel mortgage lending product, now offered through Westlawn, has been well accepted by the market and will continue to be expanded, via the COG owned finance broker distribution network. New loans and leases written in the first half of FY23 of \$59,118k are on par against pcp (\$59,139k in the pcp), notwithstanding the impact supply chain constraints and interest rate rises have had on equipment finance during the period.

TLC is currently in run-off with the total lease and loan receivables of \$19.8m as at 30 June 2022 representing the present value of lease and loan instalments and related unguaranteed residual values expected to be received over the next three to four years.

The Expected Credit Loss (ECL) provision decreased from 2.3% in 30 June 2022 to 1.9% in 31 December 2022, largely due to the volume increase of the loan portfolio, which has a lower delinquency profile than the lease product, thus diluting the Group's total loss rate.

COG is focussing on the next steps in its strategy, being the expansion of its funds management and lending activities into mid-prime products for distribution through its finance broking network. COG has set a medium term target of funding 20% of intermediated financing completed by its broking network from COG non-prime lending products. The implementation of this strategy is underway with significant progress made during the first half of FY23.

Other

Earlypay Limited

COG's Other segment includes the Group's share of Earlypay Limited (ASX: EPY) loss of \$1,424k (before tax) for the period ended 31 December 2022.

During the period, COG received fully franked dividends from EPY of \$1,016k, being \$166k received in cash with the balance received through the granting of new EPY shares, in line with EPY's Dividend Reinvestment Plan.

COG owned 20.14% of the voting shares in EPY as at 31 December 2022.

IT managed services

On 31 August 2022, the Group sold the non-core managed IT business services provided by Hal Group Pty Limited which generated a profit on sale of \$395k. Hal Group Pty Limited has been renamed to COG TLC Pty Limited following the business sale.

Directors' Report (continued)

The ex-dividend date for entitlement was 21 September 2022. The dividend was paid out of profits appropriated to the Company's profit reserve (and not offset against accumulated losses).

The investment objective of the Company is to grow its earnings per share by investing in complementary entities and growing existing businesses that specialise in equipment financing and broking, aggregation, insurance broking and novated leasing.

COG is the ultimate parent company of the Group and is a for-profit listed company limited by shares, incorporated and domiciled in Australia.

The financial statements have been approved and authorised for issue by the Board of Directors on 27 February 2023.

The interim financial statements are general purpose financial statements that:

- have been prepared in accordance with Australian Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Act 2001*, as appropriate for for-profit entities. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 *Interim Financial Reporting*,
- include the assets and liabilities of all subsidiaries of the Company as at 31 December 2022 and the results of the subsidiaries for the period then ended (inter-entity transactions with, or between subsidiaries are eliminated in full on consolidation),
- have been prepared on an historical cost basis, and
- are measured and presented in Australian dollars, which is the Company's functional and presentation currency with all values rounded to the nearest thousand dollars unless otherwise stated, in accordance with ASIC Legislative Instrument 2016/191.

Reclassification or restatement of prior year balances

Certain prior year amounts in the following notes to the financial statements have been reclassified to conform to the current year presentations.

- Consolidated Statement of Comprehensive Income
- Consolidated Statement of Changes in Equity
- Consolidated Statement of Cash Flows
- A2 Revenue
- B3.3 Dividends - Franked dividends

Going concern

The financial statements have been prepared on a going concern basis.

The Directors regularly monitor the Company's cash position and, on an on-going basis, consider a number of options to ensure that adequate funding continues to be available for the Company to meet all of its commitments.

Preface to the Notes to the Financial Statements (continued)

As at 31 December 2022, the Group's current assets of \$151,376k are \$92,671k lower than current liabilities of \$244,047k due to COG's subsidiary Westlawn Finance Limited, which funds its operations through the issue of short-term unsecured notes. Whilst the carrying value of those notes has been presented in the balance sheet in accordance with their maturity profile, historically there has been a consistently high reinvestment rate by investors, who choose not to withdraw their funds at the maturity of the note term, and roll their funds into a new unsecured note. On this basis, the mismatch between current assets and current liabilities is not indicative of any going concern issue.

The Directors are satisfied the current level of cash reserves, availability of operational cash flow, and quantum of financing, which can be secured through the means noted above, will be sufficient to meet the ongoing operational commitments of the Company for more than 12 months from the date of this report.

B1 BUSINESS COMBINATIONS

Key judgement - fair value of assets acquired

When the Group obtains control over a new acquisition (acquiree) it is required to determine the value of assets and liabilities it has acquired. This value is based upon assessment of the fair value of the rights and obligations transferred to the Group and involves estimates and judgements in relation to the:

- date control was obtained over the acquiree by the Group (acquisition date),
- the acquisition price paid, including any non-cash or deferred consideration,
- assets and liabilities already recognised by the acquiree,
- amounts recognised by the acquiree and whether they are representative of the fair value of the assets and liabilities, and
- fair value of assets and liabilities not previously recognised including internally generated intangible assets.

Non-controlling interests as well as equity interests previously held in the acquired entity are both recognised at fair value at the acquisition date.

These factors are complex and the determination of key assumptions requires a high degree of judgement. In the case of large or complex business combinations, external specialists are used to assist in determining the fair value of assets and liabilities resulting from the business combination.

If new information obtained within one year from the acquisition date about facts and circumstances that existed at the acquisition date, identified adjustments to the fair value, then the amounts recognised as at the acquisition date are retrospectively revised.

As previously disclosed in the 30 June 2022 Financial Report, during the financial year ended 30 June 2022 the Group executed the following acquisitions:

- effective 1 July 2021, DLV (Qld) Pty Limited (DLV) acquired as a going concern, the business known as Centrepoint Finance Yeppoon, operated by Another Day In Paradise Pty Limited. DLV is a 50% owned subsidiary of COG's subsidiary QPF Holdings Pty Limited,
- effective 1 March 2022, acquired 70% of Equity-One through its 75% owned subsidiary Westlawn. Acquisition accounting for Equity-One remains provisional.

During the half year ended 31 December 2022 the Group executed the following acquisition:

- Effective 1 July 2022, QPF Holdings Pty Limited (QPF) (a 57% owned subsidiary of COG) acquired a 70% controlling interest in Club Transport Finance Pty Limited (trading as Chevron Equipment Finance) (Chevron) for a total cash consideration of \$7 million. Chevron specialises in arranging asset finance for commercial clients. Its client base consists of SMEs predominantly operating in the transport and earthmoving sectors Australia wide. QPF funded the acquisition of Chevron through a \$4.2m external borrowing and a \$2.8m capital raising. In relation to the QPF capital raising, COG and other QPF minority shareholders contributed capital pro rata to their existing shareholdings and consequently the ownership interest of each QPF shareholder, post capital raise, remains unchanged. COG has funded its subscription for shares in QPF of \$1.6m through a drawdown on its acquisition finance facility.

This is a flexible line of credit that is utilised in line with sales volume. It will also consider an additional advance to a client (above the usual 80%), for an additional fee and when there is adequate security from the client to cover the position. Other services include trade finance to assist client finance purchases, as well as equipment finance to assist SMEs with capital expenditure on items required to operate their businesses.

At the EGM held on 30 June 2021 the adoption of a new LTI Plan, effective 1 January 2021, was approved. The revised LTI Plan allows for the issue of performance rights, options, or shares in the Company (Incentive Securities), or a combination of those Incentive Securities. The Board may determine from time to time to issue Incentive Securities under the LTI Plan.

The Incentive Securities issued under the LTI Plan will be used to attract, motivate, and retain eligible participants and to provide them with an incentive to deliver growth and value to all Shareholders.

Under the revised LTI Plan, the Board may offer eligible participants such number of Incentive Securities in the Company as it may decide on the terms and conditions set out in the rules of the LTI Plan, and in the invitation, letter given to the proposed participant.

The performance rights granted each year will vest over 3 years.

B - Group Structure (continued)

B3.2 SHARE BASED PAYMENTS

The following update in relation to the CEO's participation in the LTI Plan were announced on 11 August 2022:

FY21 long-term incentive:

Andrew Bennett's allocation and associated vesting conditions under the LTI Plan are as follows:

- (a) Tranche 1: 102,814 performance rights, convertible into 102,814 ordinary shares upon vesting, with 40% vesting on being employed at 30 June 2021 and 60% vesting on being employed and achieving normalised earnings per share (EPS) Compound Annual Growth Rate (CAGR) on 30 June 2021;
- (b) Tranche 2: 102,814 performance rights, convertible into 102,814 ordinary shares upon vesting, with 40% vesting on being employed at 30 June 2022 and 60% vesting on being employed and achieving normalised EPS Compound Annual Growth Rate (CAGR) on 30 June 2022;
- (c) Tranche 3: 102,814 performance rights, convertible into 102,814 ordinary shares upon vesting, with 40% vesting on being employed at 30 June 2023 and 60% vesting on being employed and achieving normalised EPS Compound Annual Growth Rate (CAGR) on 30 June 2023.

In respect of the vesting conditions:

- these will be assessed no later than 15 September of the subject year end;
- where vesting conditions of Tranche 1 or Tranche 2 are not met, the performance rights roll forward to the next Tranche; and
- CAGR requirements are:

	CAGR	Range	Vesting %
Threshold	0.0%	< Threshold	0.0%
Target 1	2.5%	> Threshold & < Target 1	25.0%
Target 2	7.5%	> Target 1 & < Target 2 => Target 2	Straight Line Pro rata from 25.0% to 100.0% 100%

Tranche 1 has been assessed by the Board as meeting the vesting requirements as Andrew Bennett was employed at vesting date and the Company achieved a normalised EPS CAGR for the year ended 30 June 2021 of 177%. Therefore, 102,814 shares were issued to Andrew Bennett on 11 August 2022 in lieu of Tranche 1.

The share-based payment expense in relation to the above will be recognised in FY2023 and FY2024 (in line with a grant date of 11 August 2022 and respective service/vesting periods).

FY22 long-term incentive:

The Board has awarded 100% of the maximum entitlement, being \$237,500 and subject to a 3-year vesting period, on similar terms to the ones described above.

No other KMP were eligible to participate in the LTI Plan in 2022. No options have been granted over unissued shares during or since the end of the financial year.

Employee expenses

Employee expenses are recognised in the profit and loss when the employee delivers the related service.

Equity-settled share-based payment

The cost of equity-settled transactions is measured at fair value on the date where all parties agree to the terms of the arrangement. Fair value is determined using a Black-Scholes option pricing model based on the factors outlined above. The share-based payment is recognised in profit or loss with a corresponding increase in equity over the term of the arrangement with the expense allocated over the term of the arrangement, based on the best available estimate of the remuneration expected to be paid at the end of the term. No adjustment is made to any expense recognised in the prior year if the actual and estimated amount of share-based payments vary.

Employee benefit liabilities

Employee benefits are included in current provisions at their face value if the Group expects to settle it within the next twelve months. Employee benefits payable later than one year are included in non-current provisions and have been measured at the present value of the estimated future cash outflows to be made for those benefits. The present value is determined using market yields on high quality corporate bonds with terms to maturity that match the expected timing of cash flows.

B - Group Structure (continued)

B3.3 DIVIDENDS

The Company's dividend policy permits a payout ratio of up to 70% of NPATA to members.

The Company has a Dividend Reinvestment Plan (DRP). The DRP rules are disclosed on the Company's website www.cogfs.com.au. Under the DRP, holders of ordinary shares can elect to have all or part of their dividend entitlements satisfied by the issue of new ordinary shares rather than being paid in cash. Shares issued under the DRP may be subject to a discount of up to 5% of the market price, or a higher percentage determined by the Board.

Dividends recognised during the reporting period

For the year ended 30 June 2022, the Board declared a final dividend of 4.8 cps (2021: 6.0 cps). The aggregate amount of the dividend was paid on 21 October 2022 out of the Company's profit reserve at 30 June 2022, and was 100% franked. COG issued 1,340,099 fully paid shares on 21 October 2022 under its DRP in respect of the FY22 final dividend.

Dividends not recognised during the reporting period

For the period ended 31 December 2022, the Board declared an interim dividend of 3.7 cps (2021: 3.5 cps). The aggregate amount of the proposed dividend of \$6,912k will be paid on 18 April 2023 out of the Company's profits reserve at 31 December 2022, and will be 100% franked.

Franked dividends

As at the end of the reporting period, \$14,522k of franking credits were available for subsequent financial periods based on a tax rate of 30% (30 June 2022: \$11,207k).

The above available amounts are based on the balance of the dividend franking account at period end adjusted for franking credits that:

- will arise from the payment of the current tax liability,
- will arise from the payment of dividends recognised as a liability at period end,
- will arise from the receipt of dividends recognised as receivables at period end, and
- the entity may be prevented from distributing in subsequent years.

The ability to utilise the franking credits is dependent upon there being sufficient available net assets to declare dividends, and the payment of dividends not prejudicing COG's ability to pay its creditors.

INDEPENDENT AUDITOR'S REVIEW REPORT

To the members of COG Financial Services Limited

Report on the Half-Year Financial Report

Conclusion

We have reviewed the half-year financial report of COG Financial Services Limited (the Company) and its subsidiaries (the Group), which comprises the consolidated statement of financial position as at 31 December 2022, the consolidated statement of comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the half-year ended on that date, a summary of significant accounting policies and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of the Group does not comply with the *Corporations Act 2001* including:

- (i) Giving a true and fair view of the Group's financial position as at 31 December 2022 and of its financial performance for the half-year ended on that date; and
- (ii) Complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

Basis for conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Financial Report* section of our report. We are independent of the Company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to the audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001* which has been given to the directors of the Company, would be the same terms if given to the directors as at the time of this auditor's review report.

Responsibility of the directors for the financial report

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's responsibility for the review of the financial report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2022 and its financial performance for the half-year ended on that date and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
