#### Details of dividends

Fenix's dividend policy states: *"Fenix will consider the declaration of a dividend on an annual basis based on the full financial year profitability of the Company and with regard to the future funding requirements of the business and the availability of franking credits."*

During FY25 Fenix invested in a material expansion of the Company's production base and infrastructure assets, increasing the production base from the current rate of 1.4Mtpa to a targeted rate of 4Mtpa during 2025.

The Board considered the following factors in relation to declaring a dividend:

- Cash at bank \$56.8m as at 30 June 2025;
- Shine's ramp-up completed on time and on budget; and
- Construction and commissioning of Beebyn-W11, with first shipment completed subsequent to the end of the financial year and the mine on track for its planned capacity of 1.5Mtpa during 2025.

In accordance with this policy, the Company has declared a final fully franked dividend for FY25 of 1.0 cent per share equating to a total dividend payment of approximately A\$7.4 million. The total dividend payment amount represents approximately 137% of the FY25 Net Profit after Tax.

The dividend record date is 4 September 2025 and the dividend payment date is expected to be 19 September 2025. The Board believes that the declared final dividend appropriately balances the Company's commitment to reward shareholders by the payment of an annual dividend linked to profitability, with the ambition to generate long-term growth in the Fenix share price by having funding available to invest in the Company's growth opportunities.
