Chairman's Report

for the half year ended 31 December 2021

Dear Unitholders,

We are pleased to present the Interim Report for Magellan Global Equities Fund (Currency Hedged) (Managed Fund) (the "Fund"). The Fund is a managed investment scheme for which Magellan Asset Management Limited ("MAM") acts as both Responsible Entity and Investment Manager.

The Fund has been quoted on the Australian Securities Exchange (ticker code: MHG) since 10 August 2015. As at 31 December 2021, the Fund had net assets of \$311.9 million and a net asset value of \$3.9360 per unit after providing for a distribution of 7.07 cents per unit for the six months to 31 December 2021.

The Fund's portfolio is actively managed by MAM and is the currency hedged version of the Magellan Global Fund. MAM aims to achieve attractive risk-adjusted returns over the medium to long term for unitholders, while reducing the risk of permanent capital loss. To achieve this, the Fund invests in a portfolio of between 20 and 40 high-quality global equity stocks, as assessed by MAM, and has the ability to manage equity market risk by holding up to 20% of its net assets in cash. Currency exposure is substantially hedged back to Australian Dollars.

For the six months and 12 months to 31 December 2021, the Fund returned 3.7% and 13.4% net of fees respectively. This compares with the return of the index (MSCI World Net Total Return Index (hedged to Australian Dollars)) of 8.4% and 23.7% over the same period.

The Fund paid a cash distribution of 7.07 cents per unit in respect of the six months to 31 December 2021. This is consistent with MAM's stated intention to target a cash distribution yield of 4% per annum of the average of the month-end NAV per Unit over the two year rolling period ending on the last Business Day of the prior distribution period.

We would encourage you to read our monthly and quarterly Fund Reports which provide valuable insight into our investment strategies and portfolio managers' thoughts. These are released on ASX and can also be found on our website: www.magellangroup.com.au.

As at 31 December 2021, the portfolio consisted of investments in 26 companies, with the top 10 investments (listed below) representing 50.2% of the Fund. The Fund's cash position was 8.5% of the portfolio which was predominantly held in Australian Dollars. The Fund's portfolio industry exposure by source of revenues is highlighted below.

On 7 February 2022, MAM announced that its Chief Investment Officer and Portfolio Manager of the Fund, Mr Hamish Douglass, was taking a medical leave of absence to prioritise his health following a period of intense pressure and focus on both his professional and personal life. At that time, Mr Chris Mackay was appointed to oversee the portfolio management of the Fund in conjunction with the Fund's co-portfolio managers, Ms Nikki Thomas and Mr Arvid Streimann, with the support of MAM's investment team.

Chairman's Report

for the half year ended 31 December 2021

As a business that puts our clients and employees first, we wholeheartedly support Hamish taking the time he requires to prioritise his health and we look forward to his return. In the meantime, we are very fortunate to welcome back Chris Mackay. Chris was Magellan Financial Group's Co-Founder and was MAM's inaugural Chief Investment Officer from inception in 2006 to 2012.

Chris' transition back into our business has been seamless. He is an experienced investor with a strong long term track record of managing global equities and, for the last 10 years, has worked from our offices and has been actively engaged with the investment team during that time.

Importantly, I assure you we are focused on our key objective and purpose which is to deliver value for our clients who entrust us to manage their assets. The Fund has met its long-term objective of delivering returns of 9% per annum net of fees since inception with downside protection, however we recognise that we need to sharpen our investment processes to improve investment performance.

We have deeply experienced investment teams and our proven investment discipline has provided clients with strong and consistent results. There is no change in MAM's focus on quality investment portfolios built at appropriate prices with portfolio construction seeking to minimise the risk of permanent capital loss. We feel that our investment style is well-suited to navigate our investors through the current period of market volatility.

The following report contains relevant financials statements and information which we encourage you to read carefully.

4. Review of Financial Results and Operations

4.1. Financial Results for the Period

The performance of the Fund, as represented by the results of its operations for the periods ended 31 December, was as follows:

	31 Dec 2021	31 Dec 2020
Results		
Total net investment income (\$'000)	14,385	23,518
Total expenses (\$'000)	(2,554)	(2,082)
Profit/(Loss) (\$'000)	11,831	21,436
Distributions		
Distribution paid and payable (\$'000)	5,604	5,889
Distribution paid and payable (CPU) ¹	7.07	6.56
Unit Price (NAV per unit) (\$)²	3.9360	3.5940
ASX Reported (NAV per unit) (\$)³	4.0067	3.6598

¹ Cents Per Unit.

² The Net Asset Value ("NAV") per unit represents the net assets of the Fund shown in the Statement of Financial Position at balance date divided by the number of units on issue at balance date (as shown in Note 4 to the Financial Statements).

³ The NAV per unit reported to the ASX will differ to the NAV per unit at balance date due to distributions payable and fee accruals.

The final distribution for the year ended 30 June 2021 of 6.81 cents per unit amounting to \$6,017,000 was paid on 21 July 2021.

4.2. Total Indirect Cost Ratio

The Total Indirect Cost Ratio ("ICR") is the ratio of the Fund's actual management costs over the average portfolio value expressed as a percentage. Management costs, accrued within the Fund's unit prices on a daily basis, include management and performance fees but do not include transactional and operational costs such as brokerage or foreign withholding tax.

	6 Months to 31 Dec 2021 %	12 Months to 31 Dec 2021 %	6 Months to 31 Dec 2020 %	12 Months to 31 Dec 2020 %
Management fee	0.68	1.35	0.68	1.35
Performance fee ¹	-	-	-	-
Total Indirect Cost Ratio	0.68	1.35	0.68	1.35

¹ Performance fees are calculated on six monthly measurement periods ending on 30 June and 31 December of each calendar year. The Performance fees component of the ICR is calculated on an accrual basis for each measurement period.

4.3. Performance Returns

The performance returns have been calculated using the NAV per unit for the Fund, which is after fees and expenses, assuming the reinvestment of distributions. The returns are calculated daily, compounded to produce longer period returns.

	6 Months to 31 Dec 2021 %	12 Months to 31 Dec 2021 %	6 Months to 31 Dec 2020 %	12 Months to 31 Dec 2020 %
Growth return ¹	1.9	9.5	7.4	0.8
Distribution return ²	1.8	3.9	2.0	5.8
Total Return³	3.7	13.4	9.4	6.6

¹ The Growth return is calculated daily as a percentage by dividing the NAV per unit (ex-distribution) by the previous day's NAV per unit (ex-distribution) minus 1; The daily Growth returns are then compounded to produce longer period returns.

² The Distribution return is calculated as a percentage by subtracting the Growth return from the Total Return.

³ The Total Return is calculated daily as a percentage by dividing the NAV per unit (cum-distribution) by the previous day's NAV per unit (cum-distribution) minus 1; The daily Total returns are then compounded to produce longer period returns.

Overview

The Magellan Global Equities Fund (Currency Hedged) (the "Fund") is a registered managed investment scheme under the *Corporations Act 2001* and was admitted to trading status on the ASX under the AQUA Rules. The Fund was registered on 14 July 2015 and in accordance with the Fund's Constitution, commenced on the date that the first unit was issued, which was 10 August 2015. The Fund terminates on the day immediately preceding the 80th anniversary of the date of commencement, unless terminated earlier in accordance with the Fund's Constitution.

MAM (ABN 31 120 593 946) is the Responsible Entity of the Fund.

This interim financial report was authorised for issue by the Directors of the Responsible Entity on 2 March 2022. The Directors have the power to amend and reissue this interim financial report.

The Fund is considered a for-profit unit trust for the purpose of this interim financial report.

1. Basis of Preparation

The condensed interim financial report is a general purpose financial report, presented in Australian Dollars, and has been prepared in accordance with AASB 134 *Interim Financial Reporting*, the *Corporations Act 2001*, other mandatory professional reporting requirements and the Fund's Constitution.

The condensed interim financial report does not include all the information and disclosures normally included in the annual financial report. Accordingly, this report should be read in conjunction with the 30 June 2021 Annual Report and any public announcements made during the period.

The Statement of Financial Position is presented on a liquidity basis. Assets and liabilities are presented in decreasing order of liquidity and are not distinguished between current and non-current. All balances are expected to be recovered or settled within 12 months, except for financial assets and liabilities at fair value through profit or loss. These fair value assets and liabilities comprise mainly investments that are managed based on the economic circumstances at any given point in time, as well as to meet any liquidity requirements. Consequently, the investments that may be realised within 12 months cannot be determined at balance date.

All amounts in the financial statements are rounded to the nearest thousand dollars (\$'000) or in certain cases, the nearest dollar, unless otherwise stated in accordance with the *ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191*.

1.1. Accounting Policies

The accounting policies adopted are consistent with those of the previous financial year and corresponding interim reporting period. The Fund has not early adopted any accounting standard, interpretation or amendment that has been issued but is not yet effective at balance date.

1.2. Critical Accounting Estimates and Judgements

The preparation of the Fund's financial statements requires the Directors to make judgements, estimates and assumptions that affect the amounts reported in the financial statements. The Directors base their judgements and estimates on historical experience and various other factors they believe to be reasonable under the circumstances, but which are inherently uncertain and unpredictable. As a result, actual results could differ from those estimates.

Where listed equities have no active market the Directors determine fair value with reference to external observable information and conditions existing at balance date. Fair values may however move materially with movements in market prices. As most investments are valued with reference to the listed quoted prices and the Fund's cash is held with strongly rated financial institutions, the Fund's financial assets are not subject to significant judgement or complexity nor are the Fund's liabilities.

3. Investments and Derivatives

The Fund classifies its equity securities, derivative assets and derivative liabilities as financial assets and liabilities at fair value through profit or loss.

The Fund discloses the fair value measurements of financial assets and financial liabilities using a three-level fair value hierarchy to reflect the source of valuation inputs used when determining the fair value as follows:

- Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities. The fair value of these securities is based on the closing price for the security as quoted on the relevant exchange.
- Level 2: valuation techniques using observable inputs either directly (as prices) or indirectly (derived from prices). The fair value of derivatives is based on a discounted cash flow analysis using quoted market inputs (spot and forward rates, volatility) adjusted for specific features of the instruments and applied debit and credit valuation adjustments based on the Fund's, or the derivative counterparties' current credit worthiness.
- Level 3: valuation techniques using non-market observable inputs.

	6 Months to 31 Dec 2021 No. of Units '000	12 Months to 30 Jun 2021 No. of Units '000
Units on Issue		
Opening balance	88,358	64,518
Units issued	1,953	30,052
Units issued under DRP	85	176
Units redeemed	(11,135)	(6,388)
Units on Issue at end of the Period	79,261	88,358

Ordinary Units

Applications received for units in the Fund are recorded net of entry fees. Redemptions from the Fund are recorded gross of exit fees. The Fund recognises the units issued, redeemed or switched when settled, which is trade date.

Each unit confers upon the unitholder an equal interest in the Fund, and is of equal value to other units in the Fund. A unit does not confer upon the holder any interest in any particular asset or investment of the Fund. The rights of unitholders are contained in the Fund's Constitution and include:

- the right to receive a distribution determined in accordance with the provisions of the Fund's Constitution;
- the right to attend and vote at meetings of unitholders;
- the right to participate in the termination and winding up of the Fund; and
- the right to redeem units, subject to restrictions disclosed in the Fund's PDS. Those restrictions may include where trading in units on the ASX are suspended for five consecutive business days. In this case, unitholders may apply to the Responsible Entity to make an off-market withdrawal of their investment from the Fund when the Fund is liquid. Where the Fund ceases to be liquid, units may only be withdrawn once an offer is made to all investors in the Fund in accordance with the Fund's Constitution.

There may be other circumstances where off-market withdrawals from the Fund are suspended for up to 28 days, including where:

- it is impracticable for the Responsible Entity, or the Responsible Entity is unable, to calculate the NAV of the Fund;
- the payment of withdrawal proceeds involves realising a significant portion of the Fund's assets which would, in the Responsible Entity's opinion, result in remaining investors bearing a disproportionate amount of capital gains tax or expenses, or suffering any other disadvantage or diminution of the value of units held;
- the Responsible Entity reasonably considers it would be in the interests of investors, or it is otherwise permitted by law; or
- the Responsible Entity receives withdrawal requests of an aggregate value that in its reasonable estimate exceeds 5% of the Fund's assets.

There are no separate classes of units and each unit in the Fund has the same rights attaching to it as all other units of the Fund.

5. Earnings per Unit

Basic Earnings Per Unit ("EPU") is calculated as profit/(loss) for the period divided by the weighted average number of units on issue. Diluted earnings per unit is calculated by adjusting the basic earnings per unit to take into account the effect of any changes in income or expense associated with dilutive potential units and the weighted average number of additional ordinary units that would have been outstanding assuming the conversion of all dilutive potential ordinary units.

	31 Dec 2021	31 Dec 2020
Basic EPU		
Profit/(loss) attributable to unitholders (\$ '000)	11,831	21,436
Weighted average number of units for basic EPU ('000)	84,657	75,570
Basic EPU (Cents)	13.98	28.37
Diluted EPU		
Profit/(loss) attributable to unitholders (\$'000)	11,831	21,436
Weighted average number of units for diluted EPU ('000)	84,657	75,570
Diluted EPU (Cents)	13.98	28.37
Earnings Reconciliation		
Profit/(loss) used in the calculation of basic and diluted EPU (\$'000)	11,831	21,436

As the Fund has no potential dilutive units basic and diluted EPU are equal. Since the end of the period, the Fund has issued ordinary units under the DRP (refer Note 2).

6. Net Asset Value per Unit

The NAV per unit represents the net assets of the Fund presented in the Statement of Financial Position at balance date divided by the number of units on issue at balance date (refer Note 4).

	31 Dec 2021	30 Jun 2021
	\$	\$
NAV per unit	3.9360	3.8630

The NAV per unit at balance date may differ from the NAV per unit reported to the ASX due to distributions payable and fee accruals.

NAV moves as a result of a number of factors, including movements in asset prices, exchange rates and unitholder subscriptions and redemptions. Subsequent to balance date, as at 24 February 2022, the Fund had a NAV per unit of \$3.5021 with a net asset value of \$234,059,000, and 66,833,000 units on issue.

7. Segment Information

An operating segment is a distinguishable component of the Fund that is engaged in business activity from which the Fund earns revenues and incurs expenses, whose operating results are regularly reviewed by the Fund's chief operating decision maker in order to make decisions about the allocation of resources to the segment and assess its performance, and for which discrete financial information is available. The chief operating decision maker has been determined as Ms Kirsten Morton.

The Fund's investments are managed on a single portfolio basis and in one business segment being equity investment, as well as in one geographic segment being Australia. The Fund continues to have foreign exposures as it invests in companies which operate internationally.

Independent auditor's review report to the unitholders of Magellan Global Equities Fund (Currency Hedged)

Conclusion

We have reviewed the accompanying interim financial report of Magellan Global Equities Fund (Currency Hedged) (the Fund), which comprises the statement of financial position as at 31 December 2021, the statement of profit and loss and comprehensive income, statement of changes in equity and statement of cash flows for the interim period ended on that date, notes comprising a summary of significant accounting policies and other explanatory information, and the Directors' declaration.

Based on our review, which is not an audit, nothing has come to our attention that causes us to believe that the interim financial report of the Fund is not in accordance with the *Corporations Act 2001*, including:

1. giving a true and fair view of the Fund's financial position as at 31 December 2021 and of its financial performance for the interim period ended on that date; and
2. complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

Basis for conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity* (ASRE 2410). Our responsibilities are further described in the *Auditor's responsibilities* section of our report. We are independent of the Responsible Entity in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

Directors' Responsibility for the Interim Financial Report

The Directors of the Responsible Entity are responsible for the preparation of the interim financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the Directors determine is necessary to enable the preparation of the interim financial report that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express a conclusion on the interim financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the interim financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Fund's financial position as at 31 December 2021 and its performance for the interim period ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of an interim financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
