The Board of 3D Energi Limited (the “**Company**” or “**Group**”) is responsible for the overall corporate governance of the Group. The Board believes that good corporate governance helps ensure the future success of the Company, adds value to stakeholders and enhances investor confidence.

The Board has created a framework for managing the Company including adopting relevant internal controls, risk management processes and corporate governance policies and practices which it believes are appropriate for the Company’s business and which are designed to promote the responsible management and conduct of the Company. In establishing its corporate governance framework, the Board has referred to the 4th edition of the ASX Corporate Governance Councils’ Corporate Governance Principles and Recommendations (**ASX Recommendations**).

The ASX Listing Rules require listed companies to prepare a statement disclosing the extent to which they have complied with the Recommendations during the reporting period. The Recommendations are not prescriptive, such that if a company considers a recommendation to be inappropriate having regard to its own circumstances, it has the flexibility not to follow it. Where a company has not followed all the Recommendations, it must identify which Recommendations have not been followed and provide reasons for not following them.

The Corporate Governance Statement (**Statement**) discloses the extent to which 3D Energi Limited has followed the Recommendations, or where appropriate, indicates a departure from the Recommendations with an explanation. This Statement should be read in conjunction with the material on our website www.3denergi.com.au, including the 2025 Annual Report.

This Statement is current as at 26 September 2025 and has been approved by the Board of Directors of 3D Energi Limited.

The Diversity Policy provides a framework for the Company to achieve a diverse and skilled workforce, with the aim of leading to continuous improvement and achievement of corporate and strategic goals, a workplace culture characterised by inclusive practices and behaviours, equal employment and career development opportunities for all staff and a work environment that values and utilises the contributions of employees with diverse backgrounds, experiences and perspectives.

Due to the current size and composition of the organisation the Board does not consider it appropriate to provide measurable objectives in relation to gender at this time, and as such, does not comply with the Recommendation in its entirety. The Company is committed to ensuring that the appropriate mix of skills, expertise, and diversity are considered when employing staff at all levels of the organisation and when making new senior executive and Board appointments.

Recommendation 1.6: Board, Committees and Individual Directors Performance Assessment

The Board is committed to formally evaluating its performance, the performance of its Committees (if applicable) and individual Directors, on an annual basis, as well as the governance processes supporting the Board. The Board completes this through an annual assessment process.

PRINCIPLE 2 – BOARD STRUCTURE

Recommendation 2.1: Nomination Committee

The Company's Remuneration & Nomination Committee Charter provides for creation of a Committee, with at least three members, a majority of whom are independent Directors, and which shall be chaired by an independent Director. The Remuneration and Nomination Committee Charter is available on our website at <http://www.3denergi.com.au/about/corporate-governance>.

The Board has established a Remuneration & Nomination Committee to assist the Board in ensuring it is equipped to discharge its responsibilities under the Remuneration & Nomination Committee Charter. The Committee is comprised of:

Recommendation 2.2: Board Skills Matrix

Our objective is to have an appropriate mix of expertise and experience on our Board so that it can effectively discharge its corporate governance and oversight responsibilities. It is the Board's view that the current directors possess an appropriate mix of relevant skills, experience and expertise to enable the Board to discharge its responsibilities and deliver the Company's strategic objectives, which include technical, financial, commercial and industry specific experience.

Areas of expertise include:

To the extent that any skills are not directly represented on the Board, they are augmented through management and external advisors.

Recommendation 2.3: Independent Directors

An independent director is a non-executive director who is not a member of management and free from any business or other relationship that could materially interfere with, or could reasonably be perceived to materially interfere with, the independent exercise of judgement.

The Board regularly assesses the independence of each Non-Executive Director in light of the information which each Director is required to disclose in relation to any material contract or other relationship with the Company in accordance with the director's terms of appointment, the Corporations Act 2001, and the Board Charter.

When appointing an independent director or reviewing the independence of its Directors, the Board will have regard to the definition of independent director and the factors set out in the Recommendations, in particular the factors relevant to assessing the independence of a director set out in Recommendation 2.3.

As at the date of this report, the Board's assessment of each current director is set out below:

Name	Position	Appointment date	Status
Noel Newell	Executive Chairman	18 July 2003	Non-Independent
Leo De Maria	Non-Executive Director	1 October 2014	Independent
Ian Tchacos	Non-Executive Director	14 October 2016	Independent
Trevor Slater	Non-Executive Director	15 November 2021	Independent

The Board has three independent directors, Mr Leo De Maria (Non-Executive Director), Mr Ian Tchacos (Non-Executive Director) and Mr Trevor Slater (Non-Executive Director).

Mr Noel Newell is not considered to be independent on the basis that he is engaged in an executive management role with the Company and is a substantial shareholder.

The Board considers the Non-Executive Directors, Mr Leo De Maria, Mr Ian Tchacos and Mr Trevor Slater are independent having regard to the indicia in Box 2.3 in the ASX Recommendations. The Board has considered the holdings of securities in the Company by these Non-Executive directors and is of the opinion that their respective interests in securities would not materially interfere with, or could be reasonably perceived to interfere with, the independent exercise of their judgement in their position as a Director, but helps align their interest with that of the members of the Company. The Board also considers that they are otherwise free from any business or other relationship that could materially interfere with, or reasonably be perceived to interfere with, the independent exercise of their judgement, and that each of these Directors is able to fulfil the role of independent Director for the purposes of the ASX Recommendations.

Recommendation 2.4: Majority Independence

As at the date of this Statement, three of our four Directors are deemed independent and the Company does have a majority of independent directors.

Further information regarding our Directors, including their experience and qualifications, is set out in the Directors' Report of our 2025 Annual Report.

Recommendation 2.5: Board Chair

The Chair, Noel Newell is not currently considered to be an independent Director. The Chair provides leadership to the Board in relation to all Board matters and is responsible for ensuring that the Board meets its responsibilities under the Board Charter. His role is set out in more detail in the Board Charter, which is available on our website at: <http://www.3denergi.com.au/about/corporate-governance>.

The roles of Chair and Managing Director are not currently exercised by different individuals. Noel Newell is Executive Chairman and Managing Director.

The Board recognises that the role of Chair should be fulfilled by an independent Director and that it is desirable for the role of Chair and Managing Director to be exercised by different individuals, however the Company's current size dictates that this is the most efficient mode of operation at the current time.

The current Board composition reflects an appropriate balance of skills, expertise and experience to fulfil its obligations to act in the best interests of the Company and all stakeholders. The Board also considers that there are appropriate safeguards in place including policies and protocols to ensure independent thought and decision making.

The Board will consider the Recommendations in assessing any future changes in board composition.
