

Clinical Research Awards Nomination Form

Annual Clinical Research Forum Awards

The **Annual Clinical Research Forum Awards** celebrate excellence in clinical research that drives innovation, improves patient care, and advances medical knowledge. The **Best Clinical Specialty Contribution to Research** award recognizes a clinical specialty or department that has demonstrated outstanding contributions to impactful research within their field, highlighting collaborative efforts and significant advances in patient outcomes. The **Best Clinical Researcher Award** honors an individual whose clinical research has led to meaningful, evidence-based change in healthcare practice or policy. Both awards aim to acknowledge research that not only demonstrates scientific rigor but also translates into tangible benefits for patients, healthcare systems, and future scientific endeavors. These prestigious recognitions underscore Sidra Medicine's commitment to fostering a culture of research excellence, collaboration, and mentorship.
