SIMBA
GLOBAL

Our towels, your brand.

Your guide to towel customisation.

Q: How much can I customise a towel?

A: We can do everything from simply adding your logo, to providing you with a full colour branded design, including photo realistic detail.

Q: Is every towel ok to customise?

A: Yes, however it is important to understand that some forms of customisation work better with certain towels.

Q: Will customising affect a towel's performance?

A: Not at all. Towels continue to perform at their optimum levels after customisation.

Q: I don't have a designer, can you help?

A: Yes, our in-house design team can help add a logo, or create a fully designed brand story on your towel*. Simply ask Simba Global to help.

*Design fees may apply.

Q: Can I customise all products?

A: Yes, you can. Towels, bathrobes and slippers can all be customised by adding your logo.

Promoting your brand.

Put a personal stamp on your pieces with Simba's large range of products for that one-off and limited edition feeling.

Towels can be given as corporate Christmas gifts, for staff rewards, or used for promoting your brand at just the right time of the year.

As a special gift, branded towels offer one of the largest decoration areas, enabling your brand to truly stand out and be top of mind for many years to come.

We offer towels and other products branded or unbranded, with the option of various decoration methods to best suit your promotional needs.

Customised Woven Towels.

Woven towels are ideal for creating a premium branded product that lasts and lasts.

Woven towels are produced by pre dyeing the cotton yarns and then weaving a design or logo into a towel to create a bespoke design.

Note the back of the towel is a mirror image of the front

Jacquard Woven Towel.

Jacquard woven towels can be made to order with logos woven into the towel for a soft and highly absorbent surface of finely woven terry loops.

Construction: 100% cotton jacquard

- Terry or velour finish
- MOQ 400 pieces for two colour designs

Screen Printed Towels.

What are my screen printed towel options?

Screen printing is widely used on fabrics, with Velour and Terry Towels, Tea Towels and Sports Towels being popular options. Screen printing is ideal for large format prints and features water based pigments being squeezed through a fine mesh (or screen) onto the surface of the towel.

With this method the ink sits on the surface of the towel. The inks are cured in a high temperature oven, ensuring the inks are colourfast. Screen printed towels must be washed prior to use, softening the ink and separating the towel's fibres.

Only 50 piece minimum for Beach Towels.

Please note fine lines and text smaller than 3cm are not suitable for this print method.

Scan to watch our towel printing video.

4 Easy Ways to Customise.

1

Tone on Tone.

Tone on Tone printing produces a subtle print finish that is a few shades lighter than the base towel colour. It can be applied in one tone in any design or a printed logo can be applied onto the product. Our Tone on Tone print technique can be applied to most towels, but is most effective on our veloured products.

2 Black Print.

Black screen print creates a bold and lasting impression. Our black ink creates a solid single colour print and can be applied to almost any towel colour.

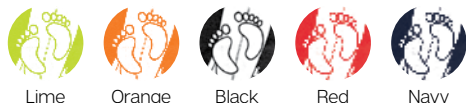

White Orange Royal Navy Red Lime

3 Ivory Touch Print.

Ivory Touch printing uses a special discharge ink to place an Ivory coloured print onto the fabric creating a dramatic effect on coloured towels. Give us a call to ensure that Ivory Touch will print onto your desired base towel colour.

Lime Orange Black Red Navy

4 PMS Coloured Print.

PMS coloured screen printing has the widest range of applications and creates a bold statement. We can print a multiple colour design or logo with several screens, each colour being individually matched to PMS Pantone. We can print onto white base or coloured fabrics.

Print 1, 2, 3 or 4 spot colours.

Simba Global PMS Colours 2020

Towels PMS colours

Please note that these matches are a guide only and are not 100% colour matches to traditional PMS colour books. We match to uncoated colours. Yarn dye PMS colours, which are used for towels, are very different to paper, acrylic or plastic printing inks and colours will vary slightly from dye batch to dye batch. Yarns are dyed to match TPX colours. If you need TPX colours please call customer service.
