SIRIOS RESOURCES INC.
(the "Corporation")

INFORMATION CIRCULAR
(Containing information as of October 2, 2018, unless indicated otherwise)

SOLICITATION OF PROXIES

This information circular (the "Information Circular") is provided in connection with the solicitation of proxies to be used at the annual and special meeting of shareholders (the "Meeting") of the Corporation to be held at the time and place and for the purposes set forth in the attached Notice of Meeting and at any adjournment thereof. The enclosed proxy is being solicited by the management of the Corporation and the cost of this solicitation will be borne by the Corporation. The solicitation will be conducted primarily by mail but proxies may also be solicited personally by officers, employees or agents of the Corporation, but without additional compensation.

If you cannot attend the Meeting in person, complete and return the enclosed form of proxy in accordance with the instructions contained therein.

REQUIRED QUORUM

The by-laws of the Corporation provide that a quorum is reached at a shareholders' meeting of the Corporation if two (2) or more holders representing 10% of the votes that may be casted at the Meeting are present in person or represented by proxy.

APPOINTMENT OF PROXYHOLDER AND RIGHT OF REVOCATION OF PROXIES

The persons named in the enclosed form of proxy are Directors and Officers of the Corporation. **A shareholder has the right to appoint as his or her proxy a person, who need not be a shareholder, other than those whose names are printed on the accompanying form of proxy.** A shareholder who wishes to appoint some other person to represent him or her at the Meeting may do so either by inserting such other person's name in the blank space provided in the form of proxy and signing the form of proxy, or by completing and signing another proper form of proxy.

A shareholder may revoke a proxy at any time by an instrument in writing executed by him or, if the shareholder is a corporation, under its corporate seal, or by an officer or attorney thereof duly authorized in writing, and by sending it at the same address where the form of proxy was sent and within the delays mentioned therein, or two business days preceding the date the Meeting resumes if it is adjourned, or by delivering it to the chairman of such Meeting on the day of the Meeting or any adjournment thereof.

INFORMATION FOR BENEFICIAL SHAREHOLDERS

Only registered shareholders or holders of a duly designated proxy are eligible to attend and vote at the Meeting.

Shareholders who do not hold their shares in their own name (the "Beneficial Shareholders") are advised that only the proxies of registered shareholders may be recognized and used for a vote at the Meeting. Actual shareholders who fill out and return a proxy shall indicate the name of the person (usually a brokerage house) that holds their shares as the registered shareholder. Each intermediary (broker) has its own mailing procedure and provides for its own return instructions, which should be carefully followed. The proxy provided to Beneficial Shareholders is identical to the one provided to registered shareholders. Nevertheless, its purpose is limited to instructing the registered shareholder on how to vote.

If the shares appear on the account statement supplied to a shareholder by a broker, then, generally speaking, these shares will not be registered in the name of the shareholder in the Corporation's records. It is probable that these shares will be registered in the name of the shareholder's broker or an agent of the broker. In Canada, most of these shares are registered in the name of CDS & Co. (the name of registration of Canadian Clearing and Depository Services Inc.),

which acts as nominee for many Canadian brokerage firms. The voting rights attached to the shares held by brokers or their nominees may not be exercised in favour of or against resolutions except as directed by the shareholder. Without specific instructions, brokers or nominees are prohibited from exercising the voting rights attached to the shares of their customers. The directors and executive officers of the Corporation do not know for whose benefit the shares registered in the name of CDS & Co. are held.

Brokers and other intermediaries are required to request voting instructions from the Beneficial Shareholders before shareholder meetings. Brokers and other intermediaries have their own specific sending procedures and instructions for returning documents, which must be followed to the letter by the Beneficial Shareholders so that their voting rights can be exercised at the Meeting. In Canada, most brokers delegate the responsibility of obtaining instructions from their customers to Broadridge Financial Solutions Inc. ("BFSI"). A Beneficial Shareholder who receives a voting instruction form from BFSI may not use this form to vote directly at the Meeting. If you have any questions about exercising your voting rights attached to the shares that you hold through a broker or another intermediary, please contact this broker or other intermediary directly.

Although a Beneficial Shareholder cannot be recognized at the Meeting for the purpose of directly exercising the voting rights attached to the shares registered in the name of its broker (or of an agent of such broker), he/she may attend the Meeting as a proxy of the registered shareholder and exercise the voting rights attached to the shares in connection therewith.

Unless otherwise indicated, in this Circular as well as the attached proxy form and Notice of Meeting, "Shareholders" refers to registered shareholders.

EXERCISE OF DISCRETION BY PROXIES

The management undertakes to respect the holder's instructions.

In the absence of any instructions, the proxy holder will exercise the right to vote FOR each question defined on the form of proxy, in the Notice of Meeting or in the Information Circular.

Unless otherwise specified herein, all resolutions will be adopted by a simple majority of the votes represented at the Meeting.

Management does not know and cannot foresee at the present time any amendments or new points to be brought before the Meeting. If such amendments or new points were to be brought before the Meeting, the persons named in the enclosed form of proxy will vote on such matters in the way they consider advisable.

RECORD DATE

The Board of Directors of the Corporation (the "Board") fixed the close of business on October 5, 2018 as the record date for determining which shareholders shall be entitled to receive Notice of the Meeting and to vote in person or by proxy at the Meeting or any adjournment thereof.

The Corporation's management proposes the election of the following nominees as directors and does not contemplate that any of such nominees will be unable or unwilling, for any reason, to serve as a director.

Name, city and province of residence	Office held with the Corporation	Director since	Number of common shares of the Corporation beneficially owned or over which control is exercised ⁽¹⁾	Principal occupation

(3) Member of the Governance, Environment and Health/Safety Committee (the "Governance Committee").

All the nominees have been elected directors of the Corporation at the annual and special shareholders' meeting of November 22, 2017, for which an Information Circular was issued.

Except as disclosed hereinafter, to the knowledge of the Corporation, none of the above-mentioned candidates:

(a) is, or within the last ten years, has been a director, chief executive officer or chief financial officer of any company that:

- i) was the subject of a cease trade, an order similar to a cease trade order, or an order that denied the relevant company access to any exemption under applicable securities legislation, and which, in all cases, was in effect for a period of more than 30 consecutive days (an "Order"), which Order was issued while the director or executive officer was acting in the capacity as director, chief executive officer or chief financial officer of such company; or

(b) is, or within the last ten years has been, a director or executive officer of any company that, while the proposed director was acting in that capacity, or within a year of that person ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets; or

(c) has, within the last ten years, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or become subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold his assets.

Dominique Doucet has been a director of Appalaches Resources Inc. ("Appalaches") and Dufferin Resources Inc. ("Dufferin") from 2006 to January 26, 2015. On January 20, 2015, upon a motion filed by LRC-RA LP, a secured creditor of Appalaches and Dufferin, the Bankruptcy and Insolvency division of the Supreme Court of Nova Scotia issued an order appointing Ernst & Young Inc. as the receiver and manager of the assets, property and undertakings of Appalaches and Dufferin pursuant to the provisions of section 243 of the Bankruptcy and Insolvency Act (R.S.C. 1985, c. B-3), and section 43(9) of the Judicature Act (R.S.N.S., 1989, c. 240).

Also, to the knowledge of the Corporation, no candidate for election as director has been subject to:

(a) any penalties or sanctions imposed by a court relating to securities legislation or by a securities regulatory authority or has entered into a settlement agreement with a securities regulatory authority;

(b) any other penalties or sanctions imposed by a court or regulatory body that would likely be considered important to a reasonable shareholder having to decide to vote for a candidate.

You can vote for the election of all the candidates described above, vote for the election of some of them and withhold from voting for others, or withhold from voting for all of them. Unless otherwise instructed, the persons named in the accompanying form of proxy will vote FOR the election of each of the candidates described above as director of the Corporation.

***C – APPOINTMENT OF AUDITOR AND AUTHORIZATION GIVEN TO THE BOARD OF DIRECTORS
TO FIX THE REMUNERATION OF THE AUDITOR***

Raymond Chabot Grant Thornton LLP, Chartered Accountants ("RCGT") is the auditor of the Corporation. The Management proposes RCGT as auditor of the Corporation for the financial year ending June 30, 2019. In addition, for practical reasons, it is expedient at the Meeting to authorize the Board to fix the remuneration of the auditor.

The persons named in the accompanying form of proxy will vote FOR the appointment of RCGT as auditor of the Corporation to hold office until the next annual meeting of the shareholders of the Corporation and the authorization for the Corporation's directors to fix its remuneration, unless the shareholders signing the proxy has indicated his/her intention to abstain from voting in connection therewith.

D - RATIFICATION AND CONFIRMATION OF THE STOCK OPTION PLAN

The principal terms of the Stock Option Plan (the "Plan") are described under the heading "Stock Option Plan" of this Circular.

The Plan is a "rolling plan" under which may be granted options for a maximum of 10% of the issued and outstanding shares of the Corporation at the time of the grant. The number of common shares that may be reserved under the Plan automatically increases or decreases as the number of issued and outstanding common shares of the Corporation increases or decreases.

Pursuant to the policies of the TSX Venture Exchange, the Plan must be approved annually by the shareholders at their Annual Meeting.

Consequently, the shareholders will be asked to adopt the following resolution:

"BE IT RESOLVED to ratify and confirm the Stock Option Plan of the Corporation currently in force and to authorize any officer of the Corporation to take all necessary actions to give effect to the foregoing."

The persons named in the accompanying proxy form will vote FOR the resolution confirming the Plan unless the shareholder signing the proxy has indicated his/her intention to vote against it.

COMPENSATION OF EXECUTIVE OFFICERS AND DIRECTORS

A – EXECUTIVE OFFICERS

Compensation Discussion and Analysis

Interpretation

"Named Executive Officer" ("NEO") means:

- a) a Chief Executive Officer ("CEO");
- b) a Chief Financial Officer ("CFO");
- c) each of the three most highly compensated executive officers, or the three most highly compensated individuals acting in a similar capacity, other than the CEO and CFO, at the end of the most recently completed financial year whose total compensation was, individually, more than \$150,000 for that financial year; and
- d) each individual who would be an NEO under paragraph (c) but for the fact that the individual was neither an executive officer of the Corporation, nor acting in a similar capacity, at the end of that financial year.

The NEOs who are the subject of this Compensation Discussion and Analysis are Dominique Doucet, President and CEO and Frédéric Sahyouni, CFO.

Objectives of the Compensation Program

Given its current stage of development, the Corporation does not have an official compensation program. The Board and the Audit Committee meet to review and establish the compensation of the management without taking into account systematic criteria. Given the current status of the Corporation, the use of traditional performance standards, such as corporate profitability, is not considered by the Corporation to be appropriate in the evaluation of the performance of the NEOs. The Board and the Audit Committee also rely, in evaluating the level of compensation, on the experience of their members acquired as executive officers and directors of other mining exploration corporations.

On November 22, 2017, the Board formed the Governance Committee, the mandate of which was adopted by the Board on February 26, 2018. Since July 1, 2018, the Governance Committee oversees the compensation program of the Corporation. A description of the Governance Committee and its mandate is presented under the heading “Corporate Governance Practices”.

The general objective of the compensation of the NEOs is to:

- (a) attract, retain and motivate talented executive officers that contribute to the continued success of the Corporation;
- (b) align the interests of the NEOs of the Corporation with those of the shareholders of the Corporation;
- (c) provide to the NEOs a compensation that is competitive with those of corporations of a similar size operating a similar business in the appropriate regions; and
- (d) ensure that the overall compensation takes into account the constraints related to the activities of the Corporation, which is a mining exploration corporation, the operations of which will not generate material revenues during a long period of time.

Purpose of the Compensation Program

The compensation program of the NEOs of the Corporation has been designed to reward such persons for reinforcing the Corporation’s business objectives and values, for achieving the Corporation’s performance objectives and for their individual performances.

Elements of the Compensation

The compensation of the NEOs consists in the payment of a base salary and the grant of options.

Purpose of each Element of the Compensation Program

The base salary is intended to attract and retain NEOs by providing a reasonable amount of non-contingent remuneration.

Stock options are generally awarded to NEOs on an annual basis, at the discretion of the Board. The use of stock options encourages and rewards performance by aligning an increase in each NEO’s compensation with increases in the Corporation’s performance and in the value of the shareholders’ investments.

The payment from time to time of an annual cash bonus is a short-term incentive for the NEOs and is intended to stimulate the achievement of performance objectives by each NEO. Compensation in the form of bonus is a common practice for public companies. The payment of a bonus allows the Corporation to remain competitive with other mining companies that pay similar compensation.

Determination of the Amount of each Element of the Compensation Program

Compensation of the NEOs of the Corporation, other than the President, is reviewed annually by the President who makes recommendations to the Audit Committee. The Audit Committee reviews the recommendations of the President and

makes its own recommendation to the Board for its final approval. The compensation of the President is reviewed annually by the Audit Committee, which then makes recommendations to the Board for its final approval.

As discussed previously, the Governance Committee oversees the compensation program of the Corporation since July 1, 2018.

Base Salary

The review of the base salary and, as applicable, of the bonus, of each NEO takes into consideration the current competitive market conditions, experience, proven or expected performance, and the particular skills of the NEO. The Audit Committee establishes the appropriate levels of compensation based upon the knowledge and experience of its members.

The Audit Committee consults data publicly available to ensure that the level of compensation is both commensurate with the size of the Corporation and sufficient to retain the NEO. The Audit Committee does not perform a comparative study of external data to establish compensation levels in comparison to predetermined levels but proceeds with a review of the practices of similar corporations. To that effect, the specific group of similar corporations reviewed by the Audit Committee consisted of the following corporations: Matamec Explorations Inc., Azimut Exploration Inc., Midland Exploration Inc. and Cartier Resources Inc. Those corporations were selected on the basis that they had financial, operational and industrial characteristics similar to the Corporation.

The Audit Committee believes that external data provides insight into external competitiveness but that it does not constitute the single appropriate basis for establishing compensation levels. External data is considered, along with an assessment of individual performance and experience, the Corporation's business strategy and general economic considerations.

Stock Options

The Corporation has established the Plan, the principal terms of which are described under the heading "Stock Option Plan" of this Circular. The Board determines at its discretion, on the basis of the recommendations of the Audit Committee, the number of options to be awarded to each NEO as well as the other related terms. Previous option grants are not taken into consideration for the new grants.

Link to Overall Compensation Objectives

Each element of the compensation program has been designed to meet one or more objectives of the overall program. The fixed based salary, combined with the granting of stock options, has been designed to provide total compensation which the Board believes is competitive with that paid by other corporations of comparable size engaged in similar business in appropriate regions.

Compensation and Risk Management

Given the size of the Corporation and the fact that it has not implemented a formal compensation program, it is not possible for the Audit Committee nor the Board to take into consideration the risks associated with a compensation program.

The following table presents information concerning all compensation paid, payable, awarded, granted, given or otherwise provided to NEOs of the Corporation for services rendered to the Corporation during the three (3) most recently completed financial years.

CORPORATE GOVERNANCE PRACTICES

National Policy 58-201 Corporate Governance Guidelines and National Instrument 58-101 Disclosure of Corporate Governance Practices set out a series of guidelines for effective corporate governance. The guidelines address matters such as the composition and independence of corporate boards, the functions to be performed by boards and their committees, and the effectiveness and education of board members. Each reporting issuer must disclose on an annual basis the corporate governance practices that it has adopted.

In this regard, the Corporation has adopted a charter of the Audit Committee, a mandate of the Governance Committee, a policy with respect to conflicts of interest and a policy with respect to confidential information, which documents are all available on the website of the Corporation at www.sirios.com and in Schedule "A" of this document concerning the Audit Committee's charter.

Board of Directors

1. Independent Directors

An independent director is a director who has no direct or indirect material relationship with an issuer. A material relationship is a relationship which could, in the view of the issuer's board of directors, be reasonably expected to interfere with the exercise of a member's independent judgement. The majority of the directors of the Corporation are independent. The independent directors of the Corporation are currently Michel Bouchard, Luc Cloutier and Guy Chevette.

2. Non Independent Directors

Dominique Doucet and Gilles Dupuis must be considered as non-independent directors of the Corporation, given the fact that they hold the positions of President and CEO, and Chairman of the Board of the Corporation, respectively.

The independent directors of the Board regularly meet without the non-independent director and the experience of such independent directors permits to orientate the Board in facilitating its exercise of independent supervision over management.

Directorships

The following directors are currently directors of other issuers that are reporting issuers (or the equivalent) in a jurisdiction of Canada or a foreign jurisdiction:

Name	Issuer
Michel Bouchard	Ressources Cartier Inc. First Mining Gold Corp. Corporation Aurifère Monarques

Orientation and Continuing Education

The Corporation does not currently have a formal orientation program for new directors. The Board has not at this time taken any measures to provide continuing education for the directors. However, the directors are invited to follow, at the expense of the Corporation, the various seminars offered by the TSX-V and the Canadian securities authorities on the management of public corporations and on the duties of directors of such corporations. Also, the directors have access to the legal counsels of the Corporation for any question concerning their duties as director.

Ethical Business Conduct

The directors of the Corporation have the obligation to fulfill their duties and assume their functions in the best interest of the Corporation. The Corporation requires that all directors comply with the laws and regulations governing the affairs of the Corporation. Also, the Corporation promotes the integrity and follows an ethical business conduct in the conduct of its affairs. Finally, the Board requests that all its members actively participate to the meetings of the Board and of the committees, as applicable.

The Corporation also requires each director to disclose any potential conflict of interest and will address any such issue on a case-by-case basis.

Nomination of Directors

Currently, the Board selects, following the recommendations of the Governance Committee, the nominees for a director position after having carefully evaluated the qualifications, professional aptitudes, personality and other qualifications, including the time and energy the nominee can contribute to the task as well as the contribution he brings to the Board.

Compensation

All matters with respect to compensation were determined in the past by the Audit Committee. The compensation program is described under the heading "Compensation of Executive Officers and Directors". Since July 1, 2018, matters with respect to compensation are overseen by the Governance Committee.

Other Board Committees

The Board formed 2 committees, namely the Audit Committee, for which a complete description appears under the heading "Audit Committee" and the Governance Committee.

The Governance Committee was formed on November 22, 2017 and is comprised of Michel Bouchard, president, Luc Cloutier and Guy Chevette. A description of the relevant education and experience of such 3 members appears under the heading “Audit Committee”.

The mandate of the Governance Committee was adopted by the Board on February 26, 2018 and a copy of such mandate is available on the website of the Corporation at www.sirios.com.

The mandate of the Governance Committee is to help the Board fulfill its management responsibilities of the Corporation and meet its continuous disclosure obligations. The Governance Committee oversees the appointment of directors and executive officers of the Corporation, as well as their global compensation and matters related to succession planning and presents appropriate recommendations to the Board. The Governance Committee also has the general responsibility of defining the approach of the Corporation with respect to matters related to governance, environment and health/safety and to recommend to the Board an efficient process compatible with the current regulatory requirements to which the Corporation is subject.

The Governance Committee held one meeting during the year ended June 30, 2018.

Finally, the Board created a Technical Committee comprised of Roger Doucet and Louis Martin. Information with respect to the Technical Committee and its members is available on the website of the Corporation at www.sirios.com.

Evaluation

The Board is responsible for evaluating the effectiveness and contribution of each member of the Board individually and the effectiveness and contribution of the Board as a whole as well as the Committees.

OTHER AGENDA ITEMS

The Corporation’s management is unaware of any change regarding the items listed in the Notice of Meeting or of any other item that could be submitted to the Meeting, apart from those mentioned in the Notice of Meeting. However, if changes concerning the items on the agenda mentioned in the Notice of Meeting, or other items, are submitted to the Meeting in valid form, the attached proxy form confers discretionary power upon the persons named therein to vote, using their best judgment, on the related changes or on other items.

The following charter is adopted in compliance with *Regulation 52-110 respecting Audit Committees* (“MI 52-110”).

1. MANDATE AND OBJECTIVES

The mandate of Audit Committee of the Corporation (the “Committee”) is to assist the Board of Directors of the Corporation (the “Board”) in fulfilling its financial oversight responsibilities by reviewing the financial reports and other financial information provided by the Corporation to regulatory authorities and shareholders, the Corporation’s systems of internal controls regarding finance and accounting and the Corporation’s auditing, accounting and financial reporting processes.

The objectives of the Committee are to:

- (i) serve as an independent and objective party to monitor the Corporation’s financial reporting and internal control system and review the Corporation’s financial statements;
- (ii) ensure the independence of the Corporation’s external auditor; and
- (iii) provide better communication among the Corporation’s auditor, the management and the Board.

2. COMPOSITION

The Committee shall be comprised of at least three (3) Directors as determined by the Board. The majority of the members of the Committee shall be independent, within the meaning of MI 52-110.

The members of the Committee shall be financially literate or have financial management expertise. A person who is not financially literate may however be appointed as a member of the Committee provided that it becomes financially literate within a reasonable period of time following its appointment.

For the purposes of this Charter, the definition of “financially literate” is the ability to read and understand a set of financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of the issues that can presumably be expected to be raised by the Corporation’s financial statements.

The members of the Committee shall be elected by the Board at its first meeting following each annual shareholder’s meeting. Unless a Chairman is elected by the Board, the members of the Committee may designate a Chairman by a majority vote of all the Committee members.

3. MEETINGS AND PROCEDURES

The Committee shall meet at least four (4) times annually or more frequently if required.

At all meetings of the Committee, every question shall be decided by a majority of the votes cast. In the case of an equality of votes, the Chairman shall not be entitled to a second vote.

A quorum for meetings of the Committee shall be a majority of its members and the rules for calling, holding, conducting and adjourning meetings of the Committee shall be the same as those governing meetings of the Board.

4. DUTIES AND RESPONSIBILITIES

The following are the general duties and responsibilities of the Committee:

4.1 Financial Statements and Disclosure Matters

- a) review the Corporation's financial statements, MD&A and any press releases regarding annual and interim earnings, before the Corporation publicly discloses such information, and any reports or other financial information which are submitted to any governmental body or to the public;

- a) recommend to the Board the selection and, where applicable, the replacement of the external auditor to be nominated annually by the shareholders of the Corporation and recommend to the Board the compensation of such external auditor;

- g) review the audit plan for the year-end financial statements and intended template for such statements;
- h) review and pre-approve all audit and audit-related services and the fees and other compensation related thereto, as well as any non-audit services provided by the external auditor to the Corporation or its subsidiaries. The pre-approval requirement is satisfied by the Committee with respect to the provision of non-audit services if:
 - i) the aggregate amount of all the non-audit services that have not been pre-approved does not constitute more than 5% of the total amount of fees paid by the Corporation and its subsidiaries to its external auditor during the fiscal year in which the services are provided;
 - ii) such services were not recognized by the Corporation or its subsidiaries as non-audit services at the time of the engagement; and

- iii) such services are promptly brought to the attention of the Committee and approved, prior to the completion of the audit, by the Committee or by one or more of its members to whom authority to grant such approvals has been delegated by the Committee.

The Committee may delegate to one or more independent members of the Committee the aforementioned authority to pre approve non-audit services, provided the pre-approval of the non-audit services is presented to the Committee at its first scheduled meeting following such approval.
