

30 MINS

PENCIL + PAPER

School Journey Bubbles

CLICK [HERE](#) TO WATCH THE VIDEO INTRODUCTION FOR THIS ACTIVITY

Aim: Think about a school journey and use question words to investigate what makes it special.

Step 1: Decide what type of school journey you are going to think about. Choose from one of these:

- the **best, most exciting** journey you ever made to school
- the **very first** journey you ever made to school
- the **most recent** journey you made to school
- the **future** journey you will make **when your school opens again**

Step 2: On a piece of paper, draw out **6** bubbles that are big enough to write in. Label them **Who, What, Where, When, Why** and **How**. You'll fill these bubbles with information about your journey.

Step 3: Fill the bubbles you've drawn with as many words or sentences that you can think of to describe the school journey you've chosen to write about. Here are some hints to get you started:

- **Who:** Who are you with? Who helps you travel? Who do you see or meet along the way?
- **What:** What do you see on your journey? Any weird wildlife? Or everyday things?
- **Where:** Where does your journey take you? What is your route? Do you know a shortcut?
- **When:** What time do you start your journey? How long does it take?
- **Why:** Why is this journey special or different to the others? Why is it important to you?
- **How:** How are you travelling? Walking? Cycling? Scooting? Driving? Something else?

Wow! Now you have loads of information and ideas about your chosen school journey. You could have a chat with your family about your journey, or talk to a school friend about it. Ask the adults in your house what their school journeys were like. If you're feeling creative you might even write a story or a poem about it, or draw a picture showing all the details.

The Active School Travel Programme is an exciting initiative for schools who wish to see more of their pupils choosing an active and healthy journey to school. The programme provides schools with the skills and knowledge to get more children walking, cycling and scooting as their main mode of transport to school.
